## AN ACT

To repeal section 301.144, RSMo, and to enact in lieu thereof one new section relating to amateur radio license plates.

---

---

*Be it enacted by the General Assembly of the State of Missouri, as follows:*

Section A. Section 301.144, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 301.144, to read as follows:

301.144. 1. The director of revenue shall establish and issue special personalized license plates containing letters or numbers or combinations of letters and numbers, not to exceed six characters in length. Such license plates shall be made with fully reflective material with a common color scheme and design, shall be clearly visible at night, and shall be aesthetically attractive, as prescribed by section 301.130. Any person desiring to obtain a special personalized license plate for any motor vehicle other than a commercial motor vehicle licensed for more than twelve thousand pounds shall apply to the director of revenue on a form provided by the director and shall pay a fee of fifteen dollars in addition to the regular registration fees. The director of revenue shall issue rules and regulations setting the standards and establishing the procedure for application for and issuance of the special personalized license plates and shall provide a deadline each year for the applications. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after

August 28, 2001, shall be invalid and void. No two owners shall be issued identical plates. An owner shall make a new application and pay a new fee each year such owner desires to obtain or retain special personalized license plates; however, notwithstanding the provisions of subsection 8 of section 301.130 to the contrary, the director shall allow the special personalized license plates to be replaced with new plates every three years without any additional charge, above the fee established in this section, to the renewal applicant. Any person currently in possession of an approved personalized license plate shall have first priority on that particular plate for each of the following years that timely and appropriate application is made.

2. No personalized license plates shall be issued containing any letters, numbers or combination of letters and numbers which are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. The director may recall any personalized license plates, including those issued prior to August 28, 1992, if the director determines that the plates are obscene, profane, patently offensive or contemptuous of a racial or ethnic group, or offensive to good taste or decency, or would present an unreasonable danger to the health or safety of the applicant, of other users of streets and highways, or of the public in any location where the vehicle with such a plate may be found. Where the director recalls such plates pursuant to the provisions of this subsection, the director shall reissue personalized license plates to the owner of the motor vehicle for which they were issued at no charge, if the new plates proposed by the owner of the motor vehicle meet the standards established pursuant to this section. The director shall not apply the provisions of this statute in a way that violates the Missouri or United States Constitutions as interpreted by the courts with controlling authority in the state of Missouri. The primary purpose of motor vehicle licence plates is to identify motor vehicles. Nothing in the issuance of a personalized license plate creates a designated or limited public forum. Nothing contained in this subsection shall be interpreted to prohibit the use of license plates, which are no longer valid for registration purposes, as collector's items or for decorative purposes.

3. The director may also establish categories of special license plates from which license plates may be issued. Any such person, other than a person exempted from the additional fee pursuant to subsection 6 of this section, that desires a personalized special license plate from any such category shall pay the same additional fee and make the same kind of application as that required by subsection 1 of this section, and the director shall issue such plates in the same manner as other personalized special license plates are issued.

4. The director of revenue shall issue to residents of the state of Missouri who hold an unrevoked and unexpired official amateur radio license issued by the Federal Communications Commission, upon application and upon payment of the additional fee specified in subsection 1

of this section, except for a person exempted from the additional fee pursuant to subsection 6 of this section, personalized special license plates bearing the official amateur radio call letters assigned by the Federal Communications Commission to the applicant **with the words "AMATEUR RADIO" in place of the words "SHOW-ME STATE"**. The application shall be accompanied by an affidavit stating that the applicant has an unrevoked and unexpired amateur radio license issued by the Federal Communications Commission and the official radio call letters assigned by the Federal Communications Commission to the applicant. **An owner making a new application and paying a new fee to retain an amateur radio plate may request a replacement plate with the words "AMATEUR RADIO" in place of the words "SHOW-ME STATE". If application is made to retain a plate that is three years old or older, the replacement plate shall be issued at no additional charge. If the plate is less than three years old, a replacement plate charge shall apply.**

5. Notwithstanding any other provision to the contrary, any business that repossesses motor vehicles or trailers and sells or otherwise disposes of them shall be issued a placard displaying the word "Repossessed", provided such business pays the fees presently required of a manufacturer, distributor, or dealer in subsection 1 of section 301.253. Such placard shall bear a number and shall be in such form as the director of revenue shall determine, and shall be only used for demonstrations when displayed substantially as provided for number plates on the rear of the motor vehicle or trailer.

6. Notwithstanding any provision of law to the contrary, any person who has retired from any branch of the United States armed forces or reserves, the United States Coast Guard or reserve, the United States Merchant Marines or reserve, the National Guard, or any subdivision of any such services shall be exempt from the additional fee required for personalized license plates issued pursuant to section 301.441. As used in this subsection, "retired" means having served twenty or more years in the appropriate branch of service and having received an honorable discharge.
