“144.062. 1. With respect to exempt sales at retail of tangible personal property and materials for the purpose of constructing, repairing or remodeling facilities for: (1) a county, other political subdivision or instrumentality thereof exempt from taxation under subdivision (10) of section 39 of article III of the Constitution of Missouri; or (2) an organization sales to which are exempt from taxation under the provisions of subdivision (19) of subsection 2 of section 144.030; or (3) any institution of higher education supported by public funds or any private not-for-profit institution of higher education, exempt from taxation under subdivision (20) of subsection 2 of section 144.030; or (4) any private not-for-profit elementary or secondary school exempt from taxation under subdivision (22) of subsection 2 of section 144.030; **or (5) after June 30, 2007: (a) the department of transportation; or (b) the state highways and transportation commission**, hereinafter collectively referred to as exempt entities, such exemptions shall be allowed for such purchases if the purchases are related to the entities' exempt functions and activities. In addition, the sales shall not be rendered nonexempt nor shall any material supplier or contractor be obligated to pay, collect or remit sales tax with respect to such purchases made by or on behalf of an exempt entity due to such purchases being billed to or paid for by a contractor or the exempt entity contracting with any entity to render any services in relation to such purchases, including but not limited to selection of materials, ordering, pickup, delivery, approval on delivery, taking of delivery, transportation, storage, assumption of risk of loss to materials or providing warranties on

materials as specified by contract, use of materials or other purchases for construction of the building or other facility, providing labor, management services, administrative services, design or technical services or advice to the exempt entity, whether or not the contractor or other entity exercises dominion or control in any other manner over the materials in conjunction with services or labor provided to the exempt entity.

2. When any exempt entity contracts for the purpose of constructing, repairing or remodeling facilities, and purchases of tangible personal property and materials to be incorporated into or consumed in the construction of the project are to be made on a tax-exempt basis, such entity shall furnish to the contractor an exemption certificate authorizing such purchases for the construction, repair or remodeling project. The form and content of such project exemption certificate shall be approved by the director of revenue. The project exemption certificate shall include but not be limited to:

- (1) The exempt entity's name, address, Missouri tax identification number and signature of authorized representative;
- (2) The project location, description, and unique identification number;
- (3) The date the contract is entered into, which is the earliest date materials may be purchased for the project on a tax-exempt basis;
- (4) The estimated project completion date; and
- (5) The certificate expiration date.

Such certificate is renewable for a given project at the option of the exempt entity, only for the purpose of revising the certificate expiration date as necessary to complete the project.

3. The contractor shall furnish the certificate prescribed in subsection 2 of this section to all subcontractors, and any contractor purchasing materials shall present such certificate to all material suppliers as authorization to purchase, on

behalf of the exempt entity, all tangible personal property and materials to be incorporated into or consumed in the construction of that project and no other on a tax-exempt basis. Such suppliers shall execute to the purchasing contractor invoices bearing the name of the exempt entity and the project identification number. Nothing in this section shall be deemed to exempt the purchase of any construction machinery, equipment or tools used in constructing, repairing or remodeling facilities for the exempt entity. All invoices for all personal property and materials purchased under a project exemption certificate shall be retained by the purchasing contractor for a period of five years and shall be subject to audit by the director of revenue.

4. Any excess resalable tangible personal property or materials which were purchased for the project by a contractor under a project exemption certificate but which were not incorporated into or consumed in the construction of the project shall either be returned to the supplier for credit or the appropriate sales or use tax on such excess property or materials shall be reported on a return and paid by such contractor not later than the due date of the contractor's Missouri sales or use tax return following the month in which it was determined that the materials were not to be used in the project.

5. No contractor or material supplier shall, upon audit, be required to pay tax on tangible personal property and materials incorporated into or consumed in the construction of the project, due to the failure of the exempt entity to revise the certificate expiration date as necessary to complete any work required by the contract. If it is determined that tax is owed on such property and materials due to the failure of the exempt entity to revise such certificate expiration date, the exempt entity shall be liable for the tax owed.

6. If an entity issues exemption certificates for the purchase of tangible personal property and materials which are incorporated into or consumed

in the construction of its project and such entity is found not to have had the authority granted by this section to issue such exemption certificates, then such entity shall be liable for the tax owed on such personal property and materials. In addition, if an entity which does have the authority granted by this section to issue exemption certificates issues such certificates for the purchase of tangible personal property and materials which are incorporated into or consumed in the construction of a project, or part of a project, which is found not to be related to such entity's exempt functions and activities, then such entity shall be liable for the tax owed on such personal property and materials.”; and

HOUSE CONCURRENT RESOLUTION NO. 12

Relating to the designation of hepatitis C awareness day in Missouri.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF MISSOURI, AS FOLLOWS:

Whereas, five million Americans have been infected with the Hepatitis C virus (HCV) according to the Centers for Disease Control and Prevention, which contributes to approximately 8,000 to 10,000 deaths each year; and

Whereas, it is estimated that 130,000 Missourians are infected with HCV. Such number does not include incarcerated persons, homeless persons, hospitalized persons, active duty military personnel, nursing home residents, and illegal immigrants; and

Whereas, the Centers for Disease Control and Prevention has reported that HCV is associated with end stage liver disease and is the most frequent indication for liver transplantation among adults in the United States; and

Whereas, HCV is spread five times more often than HIV, with many persons infected with HCV unaware because HCV is asymptomatic until advanced liver damage develops; and

Whereas, each year 1% to 4% of persons infected with HCV will develop liver cancer. As the only cancer on the rise, the incidence of liver cancer has more than doubled and is expected to more than double again in the next decade; and

Whereas, the HCV epidemic is expected to result in 3.1 million years of life lost by 2019 and, if left unchecked, the estimated costs to the United States to treat HCV will exceed \$85 billion for the years 2010 to 2019; and

Whereas, awareness of testing and counseling is critical to halting the spread of blood-borne pathogens:

Now, therefore, be it resolved that the members of the House

of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby designate the tenth day of May each year as "Hepatitis C Awareness Day" in Missouri and recommend to the people of Missouri that the day be appropriately observed through activities which will increase Hepatitis C awareness, education, tolerance, and understanding; and

Be it further resolved that this resolution be sent to the Governor for his approval or rejection pursuant to the Missouri Constitution.

In which the concurrence of the Senate is respectfully requested.

Read 1st time.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 14**.

HOUSE CONCURRENT RESOLUTION NO. 14

Whereas, cardiovascular disease is the nation's leading cause of death, with direct and indirect costs estimated to be \$403.1 billion for 2006; and

Whereas, cardiovascular disease accounts for over 37% of all deaths nationwide; and

Whereas, nearly 2500 Americans die of cardiovascular disease each day, an average of one death every 35 seconds; and

Whereas, this year it is estimated that 700,000 Americans nationwide will have a new coronary attack and an additional 500,000 Americans will have a recurrent attack, for a total of 1.2 million attacks; and

Whereas, more than 21,000 people die from cardiovascular disease in Missouri each year; and

Whereas, the research is clear that there are tools available to increase survival rates from cardiovascular disease; and

Whereas, effort of the American Heart Association encourage citizens to help save lives by calling 9-1-1 if symptoms occur, become trained in cardiopulmonary resuscitation (CPR), and encourage comprehensive automated external defibrillators (AED) programs in their communities; and

Whereas, the American Heart Association is celebrating February 2006 as American Heart Month and promoting education and awareness by encouraging citizens to learn the warning signs of heart attack and stroke:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, in acknowledgment of the American Heart Association's celebration, hereby recognizes

February 2006 as American Heart Month in Missouri and the importance of the ongoing fight against heart disease; and

Be it further resolved that the General Assembly encourages all Missouri citizens to recognize the critical importance of tools and skills that will increase survival rates from cardiac arrest. By incorporating these tools into aggressive programs, thousands of lives can be saved each year.

In which the concurrence of the Senate is respectfully requested.

Also,

Mr. President: I am instructed by the House of Representatives to inform the Senate that the House has taken up and adopted **HCR 15**.

HOUSE CONCURRENT RESOLUTION NO. 15

Whereas, the Food Stamp Program serves as the first line of defense against hunger in this country by enabling low-income families to buy nutritious food with coupons and electronic benefits transfer cards; and

Whereas, the Food Stamp Program is the cornerstone of the federal food assistance programs and provides crucial support to needy households by allowing recipients to spend their benefits to buy eligible food in authorized retail food stores; and

Whereas, most food stamp rules apply to all households, but there are a few special rules for households that have an elderly or disabled member. Under the Program, a person is considered elderly if he or she is 60 years of age or older; and

Whereas, for 2006, a household with an elderly member may have up to \$3000 in resources as compared to a household without an elderly member which may have up to \$2000 in resources. In addition to the resource limits, there is a monthly gross income test and a monthly net income test to maintain eligibility; and

Whereas, in addition to the allowable deductions for all households, the elderly receive a deduction for allowable medical costs paid by the elderly member that are more than \$35 a month. The allowable medical costs include most medical and dental expenses, such as doctor bills, prescription drugs and other over-the-counter medication when approved by a doctor, dentures, hospital expenses, nursing care, some transportation costs, attendant care, and health insurance premiums; and

Whereas, while the allowed deductions and exclusions are certainly helpful in allowing the elderly to receive the needed food assistance, one of the largest expenditures made by the elderly is not included in those deductions or exclusions. Many of the elderly have and will continue to experience large heating bills this winter, with some estimates suggesting that heating expenditures may more than double this year; and

Whereas, many low-income elderly people will be forced to

choose between paying the heating bill and buying food; and

Whereas, due to the unique needs of low-income elderly created by the skyrocketing price of heating fuels, a waiver or amendment to the administrative oversight for the federal Food Stamp Program is needed to ensure that the necessary food assistance is available to our most vulnerable citizens:

Now, therefore, be it resolved that the members of the House of Representatives of the Ninety-third General Assembly, Second Regular Session, the Senate concurring therein, hereby urge the United States Congress and the United States Department of Agriculture to waive or amend the administrative oversight for the federal Food Stamp Program to increase the availability of food assistance for our low-income elderly citizens; and

Be it further resolved that the Chief Clerk of the Missouri House of Representatives be instructed to prepare properly inscribed copies of this resolution for Mike Johanns, the Secretary of the United States Department of Agriculture and each member of the Missouri Congressional Delegation.

In which the concurrence of the Senate is respectfully requested.
