**“386.305. 1. The general assembly finds that the provision of VOIP service free of regulation, regardless of the provider, is in the public interest.**

**2. The public service commission shall not regulate or otherwise exercise jurisdiction over VOIP service regardless of how the service is classified by the Federal Communications Commission. Any decision of the public service**

**commission inconsistent with this section is hereby preempted and rendered invalid. Such service shall nonetheless be subject to the state's generally applicable business regulation and deceptive trade practices and consumer protection laws, as enforced by the appropriate state authority or through actions in the judicial system. This subsection does not limit the availability to any party of any remedy or defense under state or federal antitrust laws.**

**3. No political subdivision, as such term is defined in section 67.2677, RSMo, may directly or indirectly regulate the terms and conditions, including, but not limited to, the operating systems, qualifications, services, service quality, service territory, and prices, applicable to or in connection with the provision of VOIP service.**

**4. (1) A provider of VOIP service and its officers, directors, employees, vendors, and agents, shall have immunity or other protection from liability of a scope and extent that is not less than the scope and extent of immunity or other protection from liability that any telecommunications company, and its officers, directors, employees, vendors, or agents, have in this state under federal and state law whether through statute, judicial decision, tariffs filed by such local exchange company, or otherwise, including in connection with an act or omission involving the release to a public service answering point, emergency medical service provider or emergency dispatch provider, public safety, fire service or law enforcement official, or hospital emergency or trauma care facility of subscriber information related to emergency calls or emergency services.**

**(2) No political subdivision of Missouri may impose any 911-related fees, taxes, or surcharges on a provider of VOIP service that are not also imposed by such political subdivision on telecommunications companies. Such provider may recover such fees from its end users and identify such fee and its amount**

as a separate line-item on the end user's bill.

**(3) No 911-related fees, taxes, or surcharges may be imposed on a provider of VOIP service to the extent that such fees, taxes, or surcharges are imposed on telecommunications companies or other entity that furnishes such provider with connectivity to the public switched telephone network or a public safety answering point.**
