Dear Friends,

There are many resources available to Missouri citizens through state and local agencies. In many cases people do not take advantage of these services because they either do not know about them or do not know how to reach them.

I hope this directory will be a quick and easy way to find agencies, programs and services. The 18th Senate district covers thirteen counties. State government provides services to every county and I have included local and toll free numbers as well as the state office headquarters in Jefferson City. I have also included some important federal government offices in our area.

If you do not find the information you need in this directory or if you have any questions, please feel free to contact my office at (573) 751-7985 or online at www.senate.mo.gov/munzlinger. My staff will be happy to assist you. If you are planning a trip to Jefferson City, please let me know. We can arrange a tour of our beautiful Capitol Building and make suggestions on great places to visit.

It is a great privilege to serve you and I take great pride in being your voice in the Missouri Senate. Your concerns and opinions are very important to me and my door is always open to you.

Brian Munzlinger

Senator Munzlinger presents a resolution recognizing the accomplishments of The Missouri Military Academy rifle team which placed 5th in its class and 15th overall in the nation.

State Government Assistance Programs

TAX RELIEF FOR SENIORS

The Department of Revenue administers two real estate tax assistant programs, for you to choose from: the Missouri Property Tax Credit Claim (Circuit Breaker) and the Homestead Preservation Credit. 1-800-877-6881

MISSOURI PROPERTY TAX CREDIT CLAIM

This is a tax credit against property taxes paid. You do not have to file a federal or state tax return to be eligible. Households with a maximum income of \$30,000 for married couples and \$27,500 for single households can apply for the tax credit. There is a \$4,000 deduction for married couples who owned and lived in the property for the entire year. The maximum amount of the tax credit is \$1,100. Property taxes must be paid before filing a claim. An older adult who rents may claim a credit of up to 20% of the rent paid, even if they live in a nursing home. The maximum credit for renters is \$750.

HOMESTEAD PRESERVATION CREDIT

Individuals are eligible to receive a credit if their real estate property tax increases 2.5% in a non-reassessment year or 5% in a reassessment year. The credit would be for the amount of the increase. This credit is for people who file state and federal tax returns and is subject to the Legislature appropriating money. For information on these programs call 1-800-877-6881

HEALTH AND SENIOR SERVICES HOME & COMMUNITY BASED SERVICES

As we age decisions about our future and clarifying what our wishes are need to be discussed with our loved ones. Ideally, we will live a long, healthy life in our home, but sometimes things don't work out the way we hope. When a person needs assistance there are options that will allow them to stay in their home and levels of care to choose from. The Division of Senior and Disability Services administers a coordinated, integrated home-and-community based service delivery system to assure that the needs are met. Call for information and referral on available services and locations of county offices1-800-235-5503
The Area Agencies on Aging can also assist with choices and programs available, such as legal services, nutrition services, in home services and transportation. For the AAA nearest you, contact 1-800-235-5503

AUDRAIN COUNTY

Audrain County was established in 1836. Some say the county was named for settler Samuel Audrain while others say it was named after James H. Audrain, a member of the state legislature. Mexico, centrally located and the oldest town in Audrain, was designated the county seat. It was founded by two early settlers, James H. Smith and the Reverend Robert C. Mansfield who chose the town's name because of widespread excitement over Texas fighting for independence from the country of Mexico; it was the place to go to make your fortune and they were confident that the name would bring the new village good luck and "popularity." Audrain County has a total area of 697 square miles of which 693 square miles is land and 4 square mile is water. There are 25,892 people living in Audrain County according to the 2007 US Census Bureau estimates which averages out to be about 37 people per square mile.
