The investment or reinvestment of its 30 own funds, or sale of any such investment or reinvestment, shall not be 31considered as sales or other business transacted for the determination of said 32fraction.

33 (c) For the purposes of this subdivision, a transaction involving the sale 34of tangible property is:

35a. "Wholly in this state" if both the seller's shipping point and the purchaser's destination point are in this state; 36

62

a. "In this state" if the purchaser's destination point is in this state;

The qualifying sales for each investment company which are not wholly in this state 199 will be considered wholly without this state;

7

256

235 Missouri taxable income.

5. A corporation described in subdivision (3) of subsection 1 of section 236237143.441 shall include in its Missouri taxable income one-half of the net income from the operation of a bridge between this and another state. If any such bridge 238239is owned or operated by a railroad corporation or corporations, or by a corporation owning a railroad corporation using such bridge, then the figures for operation 240of such bridge may be included in the return of such railroad or railroads; or if 241242such bridge is owned or operated by any other corporation which may now or 243hereafter be required to file an income tax return, one-half of the income or loss 244to such corporation from such bridge may be included in such return by adding 245or subtracting same to or from another net income or loss shown by the return. 2466. A corporation described in subdivision (4) of subsection 1 of section 247143.441 shall include in its Missouri taxable income all income arising from all 248sources within this state. Income shall include revenue from each telephonic or telegraphic service rendered wholly within this state; from each service rendered 249for which the only facilities of such corporation used are those in this state; and 250251from each service rendered over the facilities of such corporation in this state and in other state or states, such proportion of such revenue as the mileage involved 252253in this state shall bear to the total mileage involved over the lines of said 254company in all states. The taxpayer may elect to compute the portion of income 255from all sources within this state in the following manner:

(1) The income from all sources shall be determined as provided;

(2) The amount of investment of such corporation on December thirty-first of each year in this state in telephonic or telegraphic facilities, real estate and improvements thereon, shall be divided by the amount of the total investment of such corporation on December thirty-first of each year in telephonic or telegraphic facilities, real estate and improvements. The income of the taxpayer shall be multiplied by fraction thus obtained to determine the proportion to be used to arrive at the amount of Missouri taxable income.

7. From the income determined in subsections 2, 3, 4, 5 and 6 of this section to be from all sources within this state shall be deducted such of the deductions for expenses in determining Missouri taxable income as were incurred in this state to produce such income and all losses actually sustained in this state in the business of the corporation.

8. If a corporation derives only part of its income from sources withinMissouri, its Missouri taxable income shall only reflect the effect of the following

271listed deductions to the extent applicable to Missouri. The deductions are: (a) 272its deduction for federal income taxes pursuant to section 143.171, and (b) the 273effect on Missouri taxable income of the deduction for net operating loss allowed 274by Section 172 of the Internal Revenue Code. The extent applicable to Missouri 275shall be determined by multiplying the amount that would otherwise affect 276Missouri taxable income by the ratio for the year of the Missouri taxable income 277of the corporation for the year divided by the Missouri taxable income for the year 278as though the corporation had derived all of its income from sources within 279Missouri. For the purpose of the preceding sentence, Missouri taxable income 280shall not reflect the listed deductions.

9. Any investment funds service corporation organized as a corporation or S corporation which has any shareholders residenced in this state shall be subject to Missouri income tax as provided in this chapter.

10. The provisions of this section do not impact any other apportionment election available to a taxpayer under Missouri statutes.
