AN ACT

To repeal sections 376.387 and 376.388, RSMo, and to enact in lieu thereof five new sections relating to pharmacy benefits.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 376.387 and 376.388, RSMo, are repealed and five new sections enacted in lieu thereof, to be known as sections 376.387, 376.388, 376.393, 376.2062, and 376.2066, to read as follows:

376.387. 1. For purposes of this section, the following terms shall mean:

(1) "Covered person", the same meaning as such term is defined in section 376.1257;

(2) "Health benefit plan", the same meaning as such term is defined in section 376.1350;

(3) "Health carrier" or "carrier", the same meaning as such term is defined in section 376.1350;

(4) "Pharmacy", the same meaning as such term is defined in chapter 338;

(5) "Pharmacy benefits manager", the same meaning as such term is defined in section 376.388.

2. No pharmacy benefits manager shall include a provision in a contract entered into or modified on or after August 28, 2018, with a pharmacy or pharmacist that requires a covered person to make a payment for a prescription drug at the point of sale in an amount that exceeds the lesser of:

(1) The copayment amount as required under the health benefit plan; or

(2) The amount an individual would pay for a prescription if that individual paid with cash.

EXPLANATION—Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

19 3. A pharmacy or pharmacist shall have the right to provide to a covered
20 person information regarding the amount of the covered person's cost share for
21 a prescription drug, the covered person's cost of an alternative drug, and the
22 covered person's cost of the drug without adjudicating the claim through the
23 pharmacy benefits manager. Neither a pharmacy nor a pharmacist shall be
24 proscribed by a pharmacy benefits manager from discussing any such information
25 or from selling a more affordable alternative to the covered person.

26 4. No pharmacy benefits manager shall, directly or indirectly, charge or
27 hold a pharmacist or pharmacy responsible for any fee amount related to a claim
28 that is not known at the time of the claim's adjudication, unless the amount is a
29 result of improperly paid claims or charges for administering a health benefit
30 plan.

31 **5. A pharmacy benefits manager shall notify in writing any**
32 **health carrier or pharmacy with which it contracts if the pharmacy**
33 **benefits manager has a potential conflict of interest, including but not**
34 **limited to any commonality of ownership, or any other relationship,**
35 **financial or otherwise, between the pharmacy benefits manager and**
36 **any other health carrier or pharmacy with which the pharmacy**
37 **benefits manager contracts.**

38 6. This section shall not apply with respect to [claims under] Medicare
39 Part D, or any other plan administered or regulated solely under federal law, and
40 to the extent this section may be preempted under the Employee Retirement
41 Income Security Act of 1974 for self-funded employer-sponsored health benefit
42 plans.

43 [6.] 7. The department of insurance, financial institutions and
44 professional registration shall enforce this section.

376.388. 1. As used in this section, unless the context requires otherwise,
2 the following terms shall mean:

3 (1) "Contracted pharmacy" [or "pharmacy"], a pharmacy located in
4 Missouri participating in the network of a pharmacy benefits manager through
5 a direct or indirect contract;

6 (2) "Health carrier", an entity subject to the insurance laws and
7 regulations of this state that contracts or offers to contract to provide, deliver,
8 arrange for, pay for, or reimburse any of the costs of health care services,
9 including a sickness and accident insurance company, a health maintenance
10 organization, a nonprofit hospital and health service corporation, or any other

11 entity providing a plan of health insurance, health benefits, or health services,
12 except that such plan shall not include any coverage pursuant to a liability
13 insurance policy, workers' compensation insurance policy, or medical payments
14 insurance issued as a supplement to a liability policy;

15 (3) "Maximum allowable cost", the per-unit amount that a pharmacy
16 benefits manager reimburses a pharmacist for a prescription drug, excluding a
17 dispensing or professional fee;

18 (4) "Maximum allowable cost list" or "MAC list", a listing of drug products
19 that meet the standard described in this section;

20 (5) "Pharmacy", as such term is defined in chapter 338;

21 (6) "Pharmacy benefits manager", an entity that contracts with
22 pharmacies on behalf of health carriers or any health plan sponsored by the state
23 or a political subdivision of the state.

24 2. Upon each contract execution or renewal between a pharmacy benefits
25 manager and a **contracted** pharmacy or between a pharmacy benefits manager
26 and a **contracted** pharmacy's contracting representative or agent, such as a
27 pharmacy services administrative organization, a pharmacy benefits manager
28 shall, with respect to such contract or renewal:

29 (1) Include in such contract or renewal the sources utilized to determine
30 maximum allowable cost and update such pricing information at least every seven
31 days; and

32 (2) Maintain a procedure to eliminate products from the maximum
33 allowable cost list of drugs subject to such pricing or modify maximum allowable
34 cost pricing at least every seven days, if such drugs do not meet the standards
35 and requirements of this section, in order to remain consistent with pricing
36 changes in the marketplace.

37 3. A pharmacy benefits manager shall reimburse pharmacies for drugs
38 subject to maximum allowable cost pricing that has been updated to reflect
39 market pricing at least every seven days as set forth under subdivision (1) of
40 subsection 2 of this section.

41 4. A pharmacy benefits manager shall not place a drug on a maximum
42 allowable cost list unless there are at least two therapeutically equivalent
43 multisource generic drugs, or at least one generic drug available from at least one
44 manufacturer, generally available for purchase by network pharmacies from
45 national or regional wholesalers.

46 5. **No pharmacy benefits manager shall prohibit by contract, or**

47 **otherwise penalize or restrict, a health carrier or the carrier's enrollees**
48 **from obtaining any drug from pharmacies that are not contracted**
49 **pharmacies.**

50 **6.** All contracts between a pharmacy benefits manager and a contracted
51 pharmacy or between a pharmacy benefits manager and a pharmacy's contracting
52 representative or agent, such as a pharmacy services administrative organization,
53 shall include a process to internally appeal, investigate, and resolve disputes
54 regarding maximum allowable cost pricing. The process shall include the
55 following:

56 (1) The right to appeal shall be limited to fourteen calendar days following
57 the reimbursement of the initial claim; and

58 (2) A requirement that the pharmacy benefits manager shall respond to
59 an appeal described in this subsection no later than fourteen calendar days after
60 the date the appeal was received by such pharmacy benefits manager.

61 **[6.] 7.** For appeals that are denied, the pharmacy benefits manager shall
62 provide the reason for the denial and identify the national drug code of a drug
63 product that may be purchased by contracted pharmacies at a price at or below
64 the maximum allowable cost and, when applicable, may be substituted lawfully.

65 **[7.] 8.** If the appeal is successful, the pharmacy benefits manager shall:

66 (1) Adjust the maximum allowable cost price that is the subject of the
67 appeal effective on the day after the date the appeal is decided;

68 (2) Apply the adjusted maximum allowable cost price to all similarly
69 situated pharmacies as determined by the pharmacy benefits manager; and

70 (3) Allow the pharmacy that succeeded in the appeal to reverse and rebill
71 the pharmacy benefits claim giving rise to the appeal.

72 **[8.] 9.** Appeals shall be upheld if:

73 (1) The pharmacy being reimbursed for the drug subject to the maximum
74 allowable cost pricing in question was not reimbursed as required under
75 subsection 3 of this section; or

76 (2) The drug subject to the maximum allowable cost pricing in question
77 does not meet the requirements set forth under subsection 4 of this section.

376.393. 1. As used in this section, the following terms shall
2 **mean:**

3 (1) **"Health carrier" or "carrier", the same meaning as is ascribed**
4 **to such term in section 376.1350;**

5 (2) **"Pharmacy benefits manager", the same meaning as is**

6 ascribes to such term in section 376.388.

7 2. No entity subject to the jurisdiction of this state shall act as
8 a pharmacy benefits manager without a license issued by the
9 department. The application process and license fee for each pharmacy
10 benefits manager shall be established by rule.

11 3. The department may cause a complaint to be filed with the
12 administrative hearing commission as provided in chapter 621 against
13 any holder of a license issued under this section for:

14 (1) Violation of the laws or regulations of any state or of the
15 United States, where the offense is reasonably related to the
16 qualifications, functions, or duties of a pharmacy benefit manager,
17 including but not limited to where an essential element of the offense
18 is fraud, dishonesty, or an act of violence, or where the offense involves
19 moral turpitude, or where the offense involves failure to comply with
20 a requirement of this chapter, whether or not sentence or penalty is
21 imposed;

22 (2) Use of fraud, deception, misrepresentation, or bribery for any
23 reason;

24 (3) Obtaining or attempting to obtain any fee, charge, tuition, or
25 other compensation by fraud, deception, or misrepresentation;

26 (4) Incompetence, misconduct, gross negligence, or dishonesty in
27 the performance of the functions or duties of a pharmacy benefits
28 manager or other regulated profession or activity; or

29 (5) Disciplinary action taken against the holder of a license or
30 other right to practice as a pharmacy benefits manager or other
31 regulated profession.

32 After the filing of such complaint, the proceedings shall be conducted
33 in accordance with the provisions of chapter 621. Upon a finding by
34 the administrative hearing commission that grounds provided in this
35 subsection for disciplinary action are met, the department may, singly
36 or in combination, censure or place the person named in the complaint
37 on probation with such terms and conditions as the department deems
38 appropriate for a period not to exceed five years, or may suspend, for
39 a period not to exceed three years, or revoke the license, certificate, or
40 permit. An individual whose license has been revoked shall wait at
41 least one year from the date of revocation to apply for
42 relicensure. Relicensure shall be at the discretion of the department.

376.2062. 1. As used in this section, the term "rebate" shall mean
2 a discount or concession which affects the price of an outpatient
3 prescription drug, which a pharmaceutical manufacturer directly
4 provides to a:

5 (1) Health carrier for an outpatient prescription drug
6 manufactured by the pharmaceutical manufacturer; or

7 (2) Pharmacy benefits manager after the manager processes a
8 claim from a pharmacy or pharmacist for an outpatient prescription
9 drug manufactured by the pharmaceutical manufacturer.

10 Such term shall not include a "bona fide service fee", as defined in 42
11 CFR 447.502, as amended.

12 2. No later than March 1, 2022, and annually thereafter, each
13 pharmacy benefits manager shall file a report with the department for
14 the immediately preceding calendar year. The report shall contain the
15 following information for health carriers that delivered, issued for
16 delivery, renewed, amended, or continued health benefit plans that
17 included a pharmacy benefit managed by the pharmacy benefits
18 manager during such calendar year:

19 (1) The aggregate dollar amount of all rebates concerning drug
20 formularies used by such health carriers which such manager collected
21 from pharmaceutical manufacturers that manufactured outpatient
22 prescription drugs that:

23 (a) Were covered by such health carriers during such calendar
24 year; and

25 (b) Are attributable to patient utilization of such drugs during
26 such calendar year;

27 (2) The aggregate dollar amount of all rebates, excluding any
28 portion of the rebates received by such health carriers, concerning
29 drug formularies that such manager collected from pharmaceutical
30 manufacturers that manufactured outpatient prescription drugs that:

31 (a) Were covered by such health carriers during such calendar
32 year; and

33 (b) Are attributable to patient utilization of such drugs by
34 covered persons under such health care plans during such calendar
35 year; and

36 (3) The aggregate dollar amount of all administrative fees the
37 pharmacy benefits manager received from pharmaceutical

38 **manufacturers.**

39 **3. In consultation with pharmacy benefits managers, the**
40 **department shall establish a standardized form for reporting the**
41 **information required under subsection 2 of this section. The form shall**
42 **be designed to minimize the administrative burden and cost of**
43 **reporting on the department and on pharmacy benefit managers.**

44 **4. All documents, materials, or other information submitted to**
45 **the department pursuant to subsection 2 of this section shall not be**
46 **subject to disclosure under chapter 610, except to the extent they are**
47 **included on an aggregated basis in the report required under**
48 **subsection 5 of this section. The department shall not disclose**
49 **information submitted pursuant to subsection 1 of this section in a**
50 **manner that:**

51 **(1) Is likely to compromise the financial, competitive, or**
52 **proprietary nature of such information; or**

53 **(2) Would enable a third party to identify a health benefit plan,**
54 **health carrier, pharmacy benefits manager, or the value of a rebate**
55 **provided for a particular outpatient prescription drug or therapeutic**
56 **class of outpatient prescription drugs.**

57 **5. (1) No later than July 1, 2022, and annually thereafter, the**
58 **department shall submit a report to the standing committees of the**
59 **general assembly having jurisdiction over health insurance**
60 **matters. The report shall contain an aggregation of the information**
61 **submitted to the department pursuant to subdivision (1) of subsection**
62 **2 of this section for the immediately preceding calendar year, and such**
63 **other information as the department in its discretion deems relevant**
64 **for the purposes of this section. The department shall provide each**
65 **pharmacy benefits manager and any third party affected by submission**
66 **of a report required by this subsection with a written notice describing**
67 **the content of the report.**

68 **(2) No later than July 1, 2022, and annually thereafter, the**
69 **department shall prepare a report, for the immediately preceding**
70 **calendar year, describing the rebate practices of health carriers that**
71 **utilize pharmacy benefit managers. The report shall be published on**
72 **the department's public website and shall contain:**

73 **(a) An explanation of the manner in which the health carriers**
74 **accounted for rebates in calculating premiums for health benefit plans**

75 delivered, issued for delivery, renewed, amended, or continued during
76 such year;

77 (b) A statement disclosing whether, and describing the manner
78 in which, the health carriers made rebates available to enrollees at the
79 point of purchase during such year;

80 (c) Any other manner in which the health carriers applied
81 rebates during such year; and

82 (d) Such other information as the department, in its discretion,
83 deems relevant for the purposes of this section.

84 6. The department may impose a penalty of not more than seven
85 thousand five hundred dollars on a pharmacy benefits manager for
86 each violation of this section.

87 7. The department may promulgate rules as necessary to
88 implement the provisions of this section. Any rule or portion of a rule,
89 as that term is defined in section 536.010 that is created under the
90 authority delegated in this section shall become effective only if it
91 complies with and is subject to all of the provisions of chapter 536, and,
92 if applicable, section 536.028. This section and chapter 536 are
93 nonseverable and if any of the powers vested with the general assembly
94 pursuant to chapter 536, to review, to delay the effective date, or to
95 disapprove and annul a rule are subsequently held unconstitutional,
96 then the grant of rulemaking authority and any rule proposed or
97 adopted after August 28, 2019, shall be invalid and void.

376.2066. No later than March 1, 2022, and annually thereafter,
2 each health carrier shall submit to the department, in a form and
3 manner prescribed by the department, a written certification for the
4 immediately preceding calendar year, certifying that the health carrier
5 accounted for all rebates, as such term is defined in section 376.2062,
6 in calculating the premium for health benefit plans that such health
7 carrier delivered, issued for delivery, renewed, amended, or continued
8 during such calendar year.
