112 charter school is operated.

113 5. The mayor of a city not within a county may request
114 a sponsor under subdivision (2), (3), (4), (5), or (6) of
115 subsection 3 of this section to consider sponsoring a
116 "workplace charter school", which is defined for purposes of
117 sections 160.400 to 160.425 as a charter school with the
118 ability to target prospective students whose parent or
119 parents are employed in a business district, as defined in
120 the charter, which is located in the city.

121 6.] No sponsor shall receive from an applicant for a
122 charter school any fee of any type for the consideration of
123 a charter, nor may a sponsor condition its consideration of
124 a charter on the promise of future payment of any kind.

125 [7.] 5. The charter school shall be organized as a
126 Missouri nonprofit corporation incorporated pursuant to
127 chapter 355. The charter provided for herein shall
128 constitute a contract between the sponsor and the charter
129 school.

130 [8.] 6. As a nonprofit corporation incorporated
131 pursuant to chapter 355, the charter school shall select the
132 method for election of officers pursuant to section 355.326
133 based on the class of corporation selected. Meetings of the
134 governing board of the charter school shall be subject to
135 the provisions of sections 610.010 to 610.030.

136 [9.] 7. A sponsor of a charter school, its agents and
137 employees are not liable for any acts or omissions of a
138 charter school that it sponsors, including acts or omissions
139 relating to the charter submitted by the charter school, the
140 operation of the charter school and the performance of the
141 charter school.

142 [10.] 8. A charter school may affiliate with a four-
143 year college or university, including a private college or
144 university, or a community college as otherwise specified in
145 subsection 3 of this section when its charter is granted by
146 a sponsor other than such college, university or community
147 college. Affiliation status recognizes a relationship
148 between the charter school and the college or university for
149 purposes of teacher training and staff development,
150 curriculum and assessment development, use of physical
151 facilities owned by or rented on behalf of the college or
152 university, and other similar purposes. A university,
153 college or community college may not charge or accept a fee
154 for affiliation status.

155 [11.] 9. The expenses associated with sponsorship of
156 charter schools shall be defrayed by the department of
157 elementary and secondary education retaining one and five-
158 tenths percent of the amount of state and local funding
159 allocated to the charter school under section 160.415, not
160 to exceed one hundred twenty-five thousand dollars, adjusted
161 for inflation. The department of elementary and secondary
162 education shall remit the retained funds for each charter
163 school to the school's sponsor, provided the sponsor remains
164 in good standing by fulfilling its sponsorship obligations
165 under sections 160.400 to 160.425 and 167.349 with regard to
166 each charter school it sponsors, including appropriate
167 demonstration of the following:

168 (1) Expends no less than ninety percent of its charter
169 school sponsorship funds in support of its charter school
170 sponsorship program, or as a direct investment in the
171 sponsored schools;

172 (2) Maintains a comprehensive application process that
173 follows fair procedures and rigorous criteria and grants
174 charters only to those developers who demonstrate strong
175 capacity for establishing and operating a quality charter
176 school;

177 (3) Negotiates contracts with charter schools that
178 clearly articulate the rights and responsibilities of each
179 party regarding school autonomy, expected outcomes, measures
180 for evaluating success or failure, performance consequences
181 based on the annual performance report, and other material
182 terms;

183 (4) Conducts contract oversight that evaluates
184 performance, monitors compliance, informs intervention and
185 renewal decisions, and ensures autonomy provided under
186 applicable law; and

187 (5) Designs and implements a transparent and rigorous
188 process that uses comprehensive data to make merit-based
189 renewal decisions.

190 [12.] 10. Sponsors receiving funds under subsection
191 [11] 9 of this section shall be required to submit annual
192 reports to the joint committee on education demonstrating
193 they are in compliance with subsection [17] 15 of this
194 section.

195 [13.] 11. No university, college or community college
196 shall grant a charter to a nonprofit corporation if an
197 employee of the university, college or community college is
198 a member of the corporation's board of directors.

199 [14.] 12. No sponsor shall grant a charter under
200 sections 160.400 to 160.425 and 167.349 without ensuring

201 that a criminal background check and family care safety
202 registry check are conducted for all members of the
203 governing board of the charter schools or the incorporators
204 of the charter school if initial directors are not named in
205 the articles of incorporation, nor shall a sponsor renew a
206 charter without ensuring a criminal background check and
207 family care safety registry check are conducted for each
208 member of the governing board of the charter school.

209 [15.] 13. No member of the governing board of a
210 charter school shall hold any office or employment from the
211 board or the charter school while serving as a member, nor
212 shall the member have any substantial interest, as defined
213 in section 105.450, in any entity employed by or contracting
214 with the board. No board member shall be an employee of a
215 company that provides substantial services to the charter
216 school. All members of the governing board of the charter
217 school shall be considered decision-making public servants
218 as defined in section 105.450 for the purposes of the
219 financial disclosure requirements contained in sections
220 105.483, 105.485, 105.487, and 105.489.

221 [16.] 14. A sponsor shall develop the policies and
222 procedures for:

223 (1) The review of a charter school proposal including
224 an application that provides sufficient information for
225 rigorous evaluation of the proposed charter and provides
226 clear documentation that the education program and academic
227 program are aligned with the state standards and grade-level
228 expectations, and provides clear documentation of effective
229 governance and management structures, and a sustainable
230 operational plan;

231 (2) The granting of a charter;

232 (3) The performance contract that the sponsor will use
233 to evaluate the performance of charter schools. Charter

234 schools shall meet current state academic performance
235 standards as well as other standards agreed upon by the
236 sponsor and the charter school in the performance contract;

237 (4) The sponsor's intervention, renewal, and
238 revocation policies, including the conditions under which
239 the charter sponsor may intervene in the operation of the
240 charter school, along with actions and consequences that may
241 ensue, and the conditions for renewal of the charter at the
242 end of the term, consistent with subsections 8 and 9 of
243 section 160.405;

244 (5) Additional criteria that the sponsor will use for
245 ongoing oversight of the charter; and

246 (6) Procedures to be implemented if a charter school
247 should close, consistent with the provisions of subdivision
248 (15) of subsection 1 of section 160.405.

249 The department shall provide guidance to sponsors in
250 developing such policies and procedures.

251 [17.] 15. (1) A sponsor shall provide timely
252 submission to the state board of education of all data
253 necessary to demonstrate that the sponsor is in material
254 compliance with all requirements of sections 160.400 to
255 160.425 and section 167.349. The state board of education
256 shall ensure each sponsor is in compliance with all
257 requirements under sections 160.400 to 160.425 and 167.349
258 for each charter school sponsored by any sponsor. The state
259 board shall notify each sponsor of the standards for
260 sponsorship of charter schools, delineating both what is
261 mandated by statute and what best practices dictate. The
262 state board shall evaluate sponsors to determine compliance
263 with these standards every three years. The evaluation
264 shall include a sponsor's policies and procedures in the
265 areas of charter application approval; required charter
266 agreement terms and content; sponsor performance evaluation

267 and compliance monitoring; and charter renewal,
268 intervention, and revocation decisions. Nothing shall
269 preclude the department from undertaking an evaluation at
270 any time for cause.

271 (2) If the department determines that a sponsor is in
272 material noncompliance with its sponsorship duties, the
273 sponsor shall be notified and given reasonable time for
274 remediation. If remediation does not address the compliance
275 issues identified by the department, the commissioner of
276 education shall conduct a public hearing and thereafter
277 provide notice to the charter sponsor of corrective action
278 that will be recommended to the state board of education.
279 Corrective action by the department may include withholding
280 the sponsor's funding and suspending the sponsor's authority
281 to sponsor a school that it currently sponsors or to sponsor
282 any additional school until the sponsor is reauthorized by
283 the state board of education under section 160.403.

284 (3) The charter sponsor may, within thirty days of
285 receipt of the notice of the commissioner's recommendation,
286 provide a written statement and other documentation to show
287 cause as to why that action should not be taken. Final
288 determination of corrective action shall be determined by
289 the state board of education based upon a review of the
290 documentation submitted to the department and the charter
291 sponsor.

292 (4) If the state board removes the authority to
293 sponsor a currently operating charter school under any
294 provision of law, the Missouri charter public school
295 commission shall become the sponsor of the school.

296 [18.] 16. If a sponsor notifies a charter school of
297 closure under subsection 8 of section 160.405, the
298 department of elementary and secondary education shall
299 exercise its financial withholding authority under

300 subsection 12 of section 160.415 to assure all obligations
301 of the charter school shall be met. The state, charter
302 sponsor, or resident district shall not be liable for any
303 outstanding liability or obligations of the charter school.

160.415. 1. For the purposes of calculation and
2 distribution of state school aid under section 163.031,
3 pupils enrolled in a charter school shall be included in the
4 pupil enrollment of the school district within which each
5 pupil resides. Each charter school shall report the [names,
6 addresses, and] eligibility for free and reduced price
7 lunch, special education, or limited English proficiency
8 status, as well as eligibility for categorical aid, of
9 pupils resident in a school district who are enrolled in the
10 charter school to the school district in which those pupils
11 reside. The charter school shall report the average daily
12 attendance data, free and reduced price lunch count, special
13 education pupil count, and limited English proficiency pupil
14 count to the state department of elementary and secondary
15 education. Each charter school shall promptly notify the
16 state department of elementary and secondary education and
17 the pupil's school district when a student discontinues
18 enrollment at a charter school.

19 2. This subsection shall apply to all school years
20 ending on or before June 30, 2022. Except as provided in
21 subsections 3 and 4 of this section, the aid payments for
22 charter schools shall be as described in this subsection.

23 (1) A school district having one or more resident
24 pupils attending a charter school shall pay to the charter
25 school an annual amount equal to the product of the charter
26 school's weighted average daily attendance and the state
27 adequacy target, multiplied by the dollar value modifier for
28 the district, plus local tax revenues per weighted average
29 daily attendance from the incidental and teachers' funds in

30 excess of the performance levy as defined in section 163.011
31 plus all other state aid attributable to such pupils.

32 (2) The district of residence of a pupil attending a
33 charter school shall also pay to the charter school any
34 other federal or state aid that the district receives on
35 account of such [child] pupil.

36 (3) If the department overpays or underpays the amount
37 due to the charter school, such overpayment or underpayment
38 shall be repaid by the [public] charter school or credited
39 to the [public] charter school in twelve equal payments in
40 the next fiscal year.

41 (4) The amounts provided pursuant to this subsection
42 shall be prorated for partial year enrollment for a pupil.

43 (5) A school district shall pay the amounts due
44 pursuant to this subsection as the disbursal agent and no
45 later than twenty days following the receipt of any such
46 funds. The department of elementary and secondary education
47 shall pay the amounts due when it acts as the disbursal
48 agent within five days of the required due date.

49 3. This subsection shall apply to all school years
50 ending on or before June 30, 2022. A workplace charter
51 school shall receive payment for each eligible pupil as
52 provided under subsection 2 of this section, except that if
53 the student is not a resident of the district and is
54 participating in a voluntary interdistrict transfer program,
55 the payment for such pupils shall be the same as provided
56 under section 162.1060.

57 4. This subsection shall apply to all school years
58 ending on or before June 30, 2022. A charter school that
59 has declared itself as a local educational agency shall
60 receive from the department of elementary and secondary
61 education an annual amount equal to the product of the
62 charter school's weighted average daily attendance and the

63 state adequacy target, multiplied by the dollar value
64 modifier for the district, plus local tax revenues per
65 weighted average daily attendance from the incidental and
66 teachers funds in excess of the performance levy as defined
67 in section 163.011 plus all other state aid attributable to
68 such pupils. If a charter school declares itself as a local
69 educational agency, the department of elementary and
70 secondary education shall, upon notice of the declaration,
71 reduce the payment made to the school district by the amount
72 specified in this subsection and pay directly to the charter
73 school the annual amount reduced from the school district's
74 payment.

75 5. This subsection shall apply to all school years
76 ending on or before June 30, 2022. If a school district
77 fails to make timely payments of any amount for which it is
78 the disbursal agent, the state department of elementary and
79 secondary education shall authorize payment to the charter
80 school of the amount due pursuant to subsection 2 of this
81 section and shall deduct the same amount from the next state
82 school aid apportionment to the owing school district. If a
83 charter school is paid more or less than the amounts due
84 pursuant to this section, the amount of overpayment or
85 underpayment shall be adjusted equally in the next twelve
86 payments by the school district or the department of
87 elementary and secondary education, as appropriate. Any
88 dispute between the school district and a charter school as
89 to the amount owing to the charter school shall be resolved
90 by the department of elementary and secondary education, and
91 the department's decision shall be the final administrative
92 action for the purposes of review pursuant to chapter 536.
93 During the period of dispute, the department of elementary
94 and secondary education shall make every administrative and

95 statutory effort to allow the continued education of
96 children in their current [public] charter school setting.

97 6. The charter school and a local school board may
98 agree by contract for services to be provided by the school
99 district to the charter school. The charter school may
100 contract with any other entity for services. Such services
101 may include but are not limited to food service, custodial
102 service, maintenance, management assistance, curriculum
103 assistance, media services and libraries and shall be
104 subject to negotiation between the charter school and the
105 local school board or other entity. Documented actual costs
106 of such services shall be paid for by the charter school.

107 7. In the case of a proposed charter school that
108 intends to contract with an education service provider for
109 substantial educational services or management services, the
110 request for proposals shall additionally require the charter
111 school applicant to:

112 (1) Provide evidence of the education service
113 provider's success in serving student populations similar to
114 the targeted population, including demonstrated academic
115 achievement as well as successful management of nonacademic
116 school functions, if applicable;

117 (2) Provide a term sheet setting forth the proposed
118 duration of the service contract; roles and responsibilities
119 of the governing board, the school staff, and the service
120 provider; scope of services and resources to be provided by
121 the service provider; performance evaluation measures and
122 time lines; compensation structure, including clear
123 identification of all fees to be paid to the service
124 provider; methods of contract oversight and enforcement;
125 investment disclosure; and conditions for renewal and
126 termination of the contract;

127 (3) Disclose any known conflicts of interest between
128 the school governing board and proposed service provider or
129 any affiliated business entities;

130 (4) Disclose and explain any termination or nonrenewal
131 of contracts for equivalent services for any other charter
132 school in the United States within the past five years;

133 (5) Ensure that the legal counsel for the charter
134 school shall report directly to the charter school's
135 governing board; and

136 (6) Provide a process to ensure that the expenditures
137 that the education service provider intends to bill to the
138 charter school shall receive prior approval of the governing
139 board or its designee.

140 8. A charter school may enter into contracts with
141 community partnerships and state agencies acting in
142 collaboration with such partnerships that provide services
143 to children and their families linked to the school.

144 9. A charter school shall be eligible for
145 transportation state aid pursuant to section 163.161 and
146 shall be free to contract with the local district, or any
147 other entity, for the provision of transportation to the
148 students of the charter school.

149 10. (1) The proportionate share of state and federal
150 resources generated by students with disabilities or staff
151 serving them shall be paid in full to charter schools
152 enrolling those students by their school district where such
153 enrollment is through a contract for services described in
154 this section. The proportionate share of money generated
155 under other federal or state categorical aid programs shall
156 be directed to charter schools serving such students
157 eligible for that aid.

158 (2) A charter school shall provide the special
159 services provided pursuant to section 162.705 and may

160 provide the special services pursuant to a contract with a
161 school district or any provider of such services.

162 11. A charter school [may] shall not charge tuition or
163 impose fees that a school district is prohibited from
164 charging or imposing, except that a charter school may
165 receive tuition payments from districts in the same or an
166 adjoining county for nonresident students who transfer to an
167 approved charter school, as defined in section 167.895, from
168 an unaccredited district.

169 12. A charter school is authorized to incur debt in
170 anticipation of receipt of funds. A charter school may also
171 borrow to finance facilities and other capital items. A
172 school district may incur bonded indebtedness or take other
173 measures to provide for physical facilities and other
174 capital items for charter schools that it sponsors or
175 contracts with. Except as otherwise specifically provided
176 in sections 160.400 to 160.425, upon the dissolution of a
177 charter school, any liabilities of the corporation will be
178 satisfied through the procedures of chapter 355. A charter
179 school shall satisfy all its financial obligations within
180 twelve months of notice from the sponsor of the charter
181 school's closure under subsection 8 of section 160.405.
182 After satisfaction of all its financial obligations, a
183 charter school shall return any remaining state and federal
184 funds to the department of elementary and secondary
185 education for disposition as stated in subdivision (17) of
186 subsection 1 of section 160.405. The department of
187 elementary and secondary education may withhold funding at a
188 level the department determines to be adequate during a
189 school's last year of operation until the department
190 determines that school records, liabilities, and reporting
191 requirements, including a full audit, are satisfied.

192 13. Charter schools shall not have the power to
193 acquire property by eminent domain.

194 14. The governing [body] board of a charter school is
195 authorized to accept grants, gifts or donations of any kind
196 and to expend or use such grants, gifts or donations. A
197 grant, gift or donation [may] shall not be accepted by the
198 governing [body] board if it is subject to any condition
199 contrary to law applicable to the charter school or other
200 public schools, or contrary to the terms of the charter.

201 15. (1) As used in this subsection, the following
202 terms mean:

203 (a) "Department", the department of elementary and
204 secondary education;

205 (b) "Local aid", all local and county revenue received
206 by the school district and charter schools within the school
207 district. The term "local aid":

208 a. Includes, but is not limited to, the following:

209 (i) Property taxes and delinquent taxes;

210 (ii) Merchants' and manufacturers' tax revenues;

211 (iii) Financial institutions' tax revenues;

212 (iv) City sales tax revenue, including city sales tax
213 collected in any city not within a county;

214 (v) Payments in lieu of taxes;

215 (vi) Revenues from state-assessed railroad and
216 utilities tax; and

217 (vii) Any future aid; and

218 b. Shall not be construed to include:

219 (i) Charitable contributions, gifts, and grants made
220 to school districts and charter schools;

221 (ii) Interest earnings of school districts and charter
222 schools;

223 (iii) Student fees paid to school districts and
224 charter schools;

225 (iv) Debt service authorized by a public vote for the
226 purpose of making payments on a bond issuance of a school
227 district;

228 (v) Proposition C revenues received for school
229 purposes from the school district trust fund under section
230 163.087; or

231 (vi) Any other funding solely intended for a
232 particular school district or charter school and its
233 respective employees, schools, foundations, or organizations.

234 (2) Each charter school and each school district
235 responsible for distributing local aid to charter schools
236 under this subsection shall include as part of its annual
237 independent audit an audit of pupil residency, enrollment,
238 and attendance in order to verify pupil residency in the
239 school district or local education agency.

240 (3) A school district having one or more resident
241 pupils attending a charter school shall pay to the charter
242 school an annual amount equal to the product of the charter
243 school's weighted average daily attendance and the state
244 adequacy target, multiplied by the dollar value modifier for
245 the district, less the charter school's share of local
246 effort as defined in section 163.011 plus all other state
247 aid attributable to such pupils plus local aid received by
248 the school district divided by the total weighted average
249 daily attendance of the school district and all charter
250 schools within the school district per weighted average
251 daily attendance of the charter school.

252 (4) A charter school that has declared itself a local
253 educational agency shall receive all state aid calculated
254 under this subsection from the department and all local aid
255 calculated under this subsection from the school district.
256 A charter school shall receive an annual amount equal to the
257 product of the charter school's weighted average daily

258 attendance and the state adequacy target, multiplied by the
259 dollar value modifier for the district, less the charter
260 school's share of local effort as defined in section 163.011
261 plus all other state aid attributable to such pupils plus
262 local aid received by the school district divided by the
263 total weighted average daily attendance of the school
264 district and all charter schools within the school district
265 per weighted average daily attendance of the charter school.

266 (5) (a) The school district shall withhold, from the
267 total of all January local aid payments owed to the charter
268 schools in the district, an annual administrative fee in an
269 amount equal to two percent of the prior year's total
270 funding of the school district, calculated as the school
271 district's state aid plus the school district's local
272 effort, as defined in section 163.011, and the prior year's
273 total funding of the charter schools within the district.
274 As used in this subdivision, "state aid" means the product
275 of the school district's weighted average daily attendance
276 and the state adequacy target, multiplied by the dollar
277 value modifier for the district, less the school district's
278 share of local effort as defined in section 163.011.

279 (b) On or before December thirty-first of each year,
280 the school district shall transmit to the department the
281 total annual local aid calculation described in subdivision
282 (6) of this subsection. If the school district fails to
283 transmit the annual local aid calculation to the department,
284 the school district shall not withhold the administrative
285 fee.

286 (c) The department shall calculate the administrative
287 fee under the formula in this subdivision using data from
288 the previous school year. On or before January fifteenth of
289 the following year, the department shall transmit to the
290 school district the calculation of the administrative fee

291 and make such calculation publicly available on the
292 department's website.

293 (6) Each month the school district shall calculate the
294 amount of local aid received by the school district that is
295 owed to the charter school by the school district under this
296 subsection. The school district shall pay to the charter
297 school the amount of local aid owed to the charter school,
298 as calculated by the school district using the previous
299 month's weighted average daily attendance of the charter
300 school. If any payment of local aid is due, the school
301 district shall make monthly payments on the twenty-first day
302 of each month or upon the closest business day beginning in
303 July of each year.

304 (a) If the school district fails to make timely
305 payment, the department shall impose any penalty the
306 department deems appropriate.

307 (b) The school district shall, as part of its annual
308 audit as required by section 165.111, include a report
309 converting the local aid received from an accrual basis to a
310 cash basis. Such report shall be made publicly available on
311 its district website in a searchable format or as a
312 downloadable and searchable document.

313 (7) The department shall conduct an annual review of
314 any payments made in the previous fiscal year under
315 subdivision (6) of this subsection to determine if there has
316 been any underpayment or overpayment. The annual review, to
317 be conducted in January of each year, shall include a
318 calculation of the amount of local aid owed to charter
319 schools using the first preceding year's annual audit
320 required by section 165.111. The school district shall pay
321 to the charter school the amount of local aid owed to the
322 charter school as calculated by the department. In the
323 event of an underpayment, the school district shall remit

324 the underpayment amount to the charter school. In the event
325 of an overpayment, the charter school shall remit the
326 overpayment amount to the school district.

327 (a) If the school district fails to remit any
328 underpayment amount to the charter school within thirty days
329 of notification of the underpayment amount, the department
330 shall impose any penalty the department deems appropriate.

331 (b) If the charter school fails to remit any
332 overpayment amount to the school district within thirty days
333 of notification of the overpayment amount, the department
334 shall impose any penalty the department deems appropriate.

335 (8) If a prior year correction of the amount of local
336 aid is necessary, the school district shall recalculate the
337 amount owed to a charter school and either remit any
338 underpayment amount to the charter school or provide a bill
339 to the charter school for any overpayment amount. Any
340 underpayment or overpayment amount shall be remitted under
341 the schedules in paragraphs (a) and (b) of subdivision (7)
342 of this subsection.

343 (9) This subsection shall become effective on July 1,
344 2022.

345 16. The department may promulgate rules for the annual
346 review of payments and any penalties to be assessed under
347 subsection 15 of this section. Any rule or portion of a
348 rule, as that term is defined in section 536.010, that is
349 created under the authority delegated in this section shall
350 become effective only if it complies with and is subject to
351 all of the provisions of chapter 536 and, if applicable,
352 section 536.028. This section and chapter 536 are
353 nonseverable, and if any of the powers vested with the
354 general assembly pursuant to chapter 536 to review, to delay
355 the effective date, or to disapprove and annul a rule are
356 subsequently held unconstitutional, then the grant of

357 rulemaking authority and any rule proposed or adopted after
358 August 28, 2021, shall be invalid and void.

160.422. 1. Any city not within a county shall not
2 adopt, enforce, impose, or administer an ordinance, local
3 policy, or local resolution that prohibits property sold,
4 leased, or transferred by the city not within a county from
5 being used for any lawful educational purpose by a charter
6 school.

7 2. Any city not within a county shall not impose,
8 enforce, or apply any deed restriction that expressly, or by
9 its operation, prohibits property sold, leased, or
10 transferred by the city not within a county from being used
11 for any lawful educational purpose by a charter school. Any
12 deed restriction or affirmative use deed restriction that
13 affirmatively allows for only one or more specified uses or
14 purposes that do not include any educational use or purpose
15 is prohibited under this section. Any deed restriction or
16 affirmative use deed restriction in effect on the effective
17 date of this section that prohibits or does not permit
18 property previously used for any educational purpose from
19 being used for any future educational purpose is void.

20 3. If any city not within a county offers property of
21 the city not within a county for sale, lease, or rent, the
22 city not within a county shall not refuse to sell, lease, or
23 rent the property to a charter school solely because the
24 charter school intends to use the property for an
25 educational purpose, if the intent of the charter school is
26 to use the property for a lawful educational purpose. If
27 the city not within a county offers property of the city not
28 within a county for sale, lease, or rent, the city not
29 within a county is not required to sell, lease, or rent the
30 property to a charter school solely because the charter

31 school intends to use the property for an educational
32 purpose.

33 4. Any ordinance, policy, regulation, deed, or
34 contract made in violation of this section shall be void
35 from its inception.

160.425. 1. The "Missouri Charter Public School
2 Commission" is hereby created with the authority to sponsor
3 high quality charter schools throughout the state of
4 Missouri.

5 2. The commission shall consist of nine members
6 appointed by the governor, by and with the advice and
7 consent of the senate. No more than five of the members
8 shall be of the same political party. No more than two
9 members shall be from the same congressional district. The
10 term of office of each member shall be four years, except
11 those of the members first appointed, of which three shall
12 be appointed for a term of one year, two for a term of two
13 years, two for a term of three years, and two for a term of
14 four years. At the expiration of the term of each member,
15 the governor, by and with the advice and consent of the
16 senate, shall appoint a successor.

17 3. The appointees to the commission shall be selected
18 as follows:

19 (1) One member selected by the governor from a slate
20 of three recommended by the commissioner of education;

21 (2) One member selected by the governor from a slate
22 of three recommended by the commissioner of higher education;

23 (3) One member selected by the governor from a slate
24 of three recommended by the president pro tempore of the
25 senate;

26 (4) One member selected by the governor from a slate
27 of three recommended by the speaker of the house of
28 representatives; and

29 (5) Five additional members appointed by the governor,
30 one of whom shall be selected from a slate of three nominees
31 recommended by the Missouri School Boards Association.

32 4. Members appointed to the commission shall
33 collectively possess strong experience and expertise in
34 governance, management and finance, school leadership,
35 assessment, curriculum and instruction, and education law.
36 All members of the commission shall have demonstrated
37 understanding of and commitment to charter schooling as a
38 strategy for strengthening public education.

39 5. The commission shall annually elect a chairperson
40 and vice chairperson, who shall act as chairperson in his or
41 her absence. The commission shall meet at the call of the
42 chairperson. The chairperson may call meetings at such
43 times as he or she deems advisable and shall call a meeting
44 when requested to do so by three or more members of the
45 commission. Members of the commission are not eligible to
46 receive compensation.

47 6. The commission may approve proposed charters for
48 its sponsorship under sections 160.400 to 160.425 and shall:

49 (1) Comply with all of the requirements applicable to
50 sponsors under sections 160.400 to 160.425;

51 (2) Exercise sponsorship over charters approved by the
52 commission under sections 160.400 to 160.425, including
53 receipt of sponsorship funding under subsection [11] 9 of
54 section 160.400. Sponsorship funding due to the commission
55 shall be deposited to the credit of the charter public
56 school commission revolving fund created pursuant to this
57 section.

58 7. Charter schools sponsored by the commission shall
59 comply with all of the requirements applicable to charter
60 schools under sections 160.400 to 160.425.

61 8. The commission shall conduct its business in
62 accordance with chapter 610.

63 9. The department of elementary and secondary
64 education shall provide start-up funding for the commission
65 to operate. The commission shall reimburse the department's
66 costs from any funds it receives as sponsor under section
67 160.400.

68 10. The commission is authorized to receive and expend
69 gifts, grants, and donations of any kind from any public or
70 private entity to carry out the purposes of sections 160.400
71 to 160.425, subject to the terms and conditions under which
72 they are given, provided that all such terms and conditions
73 are permissible under law.

74 11. There is hereby created in the state treasury the
75 "Charter Public School Commission Revolving Fund", which
76 shall consist of moneys collected under this section. The
77 state treasurer shall be custodian of the fund. In
78 accordance with sections 30.170 and 30.180, the state
79 treasurer may approve disbursements. Notwithstanding the
80 provisions of section 33.080 to the contrary, any moneys
81 remaining in the fund at the end of the biennium shall not
82 revert to the credit of the general revenue fund. The state
83 treasurer shall invest moneys in the fund in the same manner
84 as other funds are invested. Subject to appropriation,
85 moneys in the fund shall be used solely for the
86 administration of this section.

 160.518. 1. Consistent with the provisions contained
2 in section 160.526, the state board of education shall
3 develop, modify, and revise, as necessary, a statewide
4 assessment system [that provides maximum flexibility] for
5 local school districts to determine the degree to which
6 students in the public schools of the state are proficient
7 in the knowledge, skills, and competencies adopted by such

8 board pursuant to section 160.514. The statewide assessment
9 system shall assess problem solving, analytical ability,
10 evaluation, creativity, and application ability in the
11 different content areas and shall be performance-based to
12 identify what students know, as well as what they are able
13 to do, and shall enable teachers to evaluate actual academic
14 performance. The statewide assessment system shall neither
15 promote nor prohibit rote memorization and shall not include
16 existing versions of tests approved for use pursuant to the
17 provisions of section 160.257, nor enhanced versions of such
18 tests. After the state board of education adopts and
19 implements academic performance standards as required under
20 section 161.855, the state board of education shall develop
21 and adopt a standardized assessment instrument under this
22 section based on the academic performance standards adopted
23 under section 161.855. The statewide assessment system
24 shall measure, where appropriate by grade level, a student's
25 knowledge of academic subjects including, but not limited
26 to, reading skills, writing skills, mathematics skills,
27 world and American history, forms of government, geography
28 and science.

29 2. [The statewide assessment system shall only permit
30 the academic performance of students in each school in the
31 state to be tracked against prior academic performance in
32 the same school.

33 3.] The state board of education shall suggest, but not
34 mandate, criteria for a school to demonstrate that its
35 students learn the knowledge, skills and competencies at
36 exemplary levels worthy of imitation by students in other
37 schools in the state and nation. Exemplary levels shall be
38 measured by the statewide assessment system developed
39 pursuant to subsection 1 of this section, or until said
40 statewide assessment system is available, by indicators

41 approved for such use by the state board of education. The
42 provisions of other law to the contrary notwithstanding, the
43 commissioner of education may, upon request of the school
44 district, present a plan for the waiver of rules and
45 regulations to any such school, to be known as "Outstanding
46 Schools Waivers", consistent with the provisions of
47 subsection [4] 3 of this section.

48 [4.] 3. For any school that meets the criteria
49 established by the state board of education for three
50 successive school years pursuant to the provisions of
51 subsection [3] 2 of this section, by August first following
52 the third such school year, the commissioner of education
53 shall present a plan to the superintendent of the school
54 district in which such school is located for the waiver of
55 rules and regulations to promote flexibility in the
56 operations of the school and to enhance and encourage
57 efficiency in the delivery of instructional services. The
58 provisions of other law to the contrary notwithstanding, the
59 plan presented to the superintendent shall provide a summary
60 waiver, with no conditions, for the pupil testing
61 requirements pursuant to section 160.257, in the school.
62 Further, the provisions of other law to the contrary
63 notwithstanding, the plan shall detail a means for the
64 waiver of requirements otherwise imposed on the school
65 related to the authority of the state board of education to
66 classify school districts pursuant to subdivision (9) of
67 subsection 2 of section 161.092 and such other rules and
68 regulations as determined by the commissioner of education,
69 excepting such waivers shall be confined to the school and
70 not other schools in the district unless such other schools
71 meet the criteria established by the state board of
72 education consistent with subsection [3] 2 of this section
73 and the waivers shall not include the requirements contained

74 in this section and section 160.514. Any waiver provided to
75 any school as outlined in this subsection shall be void on
76 June thirtieth of any school year in which the school fails
77 to meet the criteria established by the state board of
78 education consistent with subsection ~~[3]~~ 2 of this section.

79 ~~[5.]~~ 4. The score on any assessment test developed
80 pursuant to this section or this chapter of any student for
81 whom English is a second language shall not be counted until
82 such time as such student has been educated for three full
83 school years in a school in this state, or in any other
84 state, in which English is the primary language.

85 ~~[6.]~~ 5. The state board of education shall identify
86 or, if necessary, establish one or more developmentally
87 appropriate alternate assessments for students who receive
88 special educational services, as that term is defined
89 pursuant to section 162.675. In the development of such
90 alternate assessments, the state board shall establish an
91 advisory panel consisting of a majority of active special
92 education teachers residing in Missouri and other education
93 professionals as appropriate to research available
94 assessment options. The advisory panel shall attempt to
95 identify preexisting developmentally appropriate alternate
96 assessments but shall, if necessary, develop alternate
97 assessments and recommend one or more alternate assessments
98 for adoption by the state board. The state board shall
99 consider the recommendations of the advisory council in
100 establishing such alternate assessment or assessments. Any
101 student who receives special educational services, as that
102 term is defined pursuant to section 162.675, shall be
103 assessed by an alternate assessment established pursuant to
104 this subsection upon a determination by the student's
105 individualized education program team that such alternate
106 assessment is more appropriate to assess the student's

107 knowledge, skills and competencies than the assessment
108 developed pursuant to subsection 1 of this section. The
109 alternate assessment shall evaluate the student's
110 independent living skills, which include how effectively the
111 student addresses common life demands and how well the
112 student meets standards for personal independence expected
113 for someone in the student's age group, sociocultural
114 background, and community setting.

115 [7.] 6. The state board of education shall also
116 develop recommendations regarding alternate assessments for
117 any military dependent who relocates to Missouri after the
118 commencement of a school term, in order to accommodate such
119 student while ensuring that [he or she] such student is
120 proficient in the knowledge, skills, and competencies
121 adopted under section 160.514.

160.545. 1. There is hereby established within the
2 department of elementary and secondary education the "A+
3 Schools Program" to be administered by the commissioner of
4 education. The program shall consist of grant awards made
5 to public secondary schools that demonstrate a commitment to
6 ensure that:

7 (1) All students be graduated from school;

8 (2) All students complete a selection of high school
9 studies that is challenging and for which there are
10 identified learning expectations; and

11 (3) All students:

12 (a) Earn credits toward any type of college degree
13 while in high school; or

14 (b) Proceed from high school graduation to a college
15 or postsecondary vocational or technical school or high-wage
16 job with work place skill development opportunities.

17 2. The state board of education shall promulgate rules
18 and regulations for the approval of grants made under the
19 program to schools that:

20 (1) Establish measurable districtwide performance
21 standards for the goals of the program outlined in
22 subsection 1 of this section; and

23 (2) Specify the knowledge, skills and competencies, in
24 measurable terms, that students must demonstrate to
25 successfully complete any individual course offered by the
26 school, and any course of studies [which] that will qualify
27 a student for graduation from the school; and

28 (3) Do not offer a general track of courses that, upon
29 completion, can lead to a high school diploma; and

30 (4) Require rigorous coursework with standards of
31 competency in basic academic subjects for students pursuing
32 vocational and technical education as prescribed by rule and
33 regulation of the state board of education; and

34 (5) Have a partnership plan developed in cooperation
35 and with the advice of local business persons, labor
36 leaders, parents, and representatives of college and
37 postsecondary vocational and technical school
38 representatives, with the plan then approved by the local
39 board of education. The plan shall specify a mechanism to
40 receive information on an annual basis from those who
41 developed the plan in addition to senior citizens, community
42 leaders, and teachers to update the plan in order to best
43 meet the goals of the program as provided in subsection 1 of
44 this section. Further, the plan shall detail the procedures
45 used in the school to identify students that may drop out of
46 school and the intervention services to be used to meet the
47 needs of such students. The plan shall outline counseling
48 and mentoring services provided to students who will enter
49 the work force upon graduation from high school, address

50 apprenticeship and intern programs, and shall contain
51 procedures for the recruitment of volunteers from the
52 community of the school to serve in schools receiving
53 program grants.

54 3. Any nonpublic school in this state may apply to the
55 state board of education for certification that it meets the
56 requirements of this section subject to the same criteria as
57 public high schools. Every nonpublic school that applies
58 and has met the requirements of this section shall have its
59 students eligible for reimbursement of postsecondary
60 education under subsection 8 of this section on an equal
61 basis to students who graduate from public schools that meet
62 the requirements of this section. Any nonpublic school that
63 applies shall not be eligible for any grants under this
64 section. Students of certified nonpublic schools shall be
65 eligible for reimbursement of postsecondary education under
66 subsection 8 of this section so long as they meet the other
67 requirements of such subsection. For purposes of
68 subdivision (5) of subsection 2 of this section, the
69 nonpublic school shall be included in the partnership plan
70 developed by the public school district in which the
71 nonpublic school is located. For purposes of subdivision
72 (1) of subsection 2 of this section, the nonpublic school
73 shall establish measurable performance standards for the
74 goals of the program for every school and grade level over
75 which the nonpublic school maintains control.

76 4. A school district may participate in the program
77 irrespective of its accreditation classification by the
78 state board of education, provided it meets all other
79 requirements.

80 5. By rule and regulation, the state board of
81 education may determine a local school district variable
82 fund match requirement in order for a school or schools in

83 the district to receive a grant under the program. However,
84 no school in any district shall receive a grant under the
85 program unless the district designates a salaried employee
86 to serve as the program coordinator, with the district
87 assuming a minimum of one-half the cost of the salary and
88 other benefits provided to the coordinator. Further, no
89 school in any district shall receive a grant under the
90 program unless the district makes available facilities and
91 services for adult literacy training as specified by rule of
92 the state board of education.

93 6. For any school that meets the requirements for the
94 approval of the grants authorized by this section and
95 specified in subsection 2 of this section for three
96 successive school years, by August first following the third
97 such school year, the commissioner of education shall
98 present a plan to the superintendent of the school district
99 in which such school is located for the waiver of rules and
100 regulations to promote flexibility in the operations of the
101 school and to enhance and encourage efficiency in the
102 delivery of instructional services in the school. The
103 provisions of other law to the contrary notwithstanding, the
104 plan presented to the superintendent shall provide a summary
105 waiver, with no conditions, for the pupil testing
106 requirements pursuant to section 160.257 in the school.
107 Further, the provisions of other law to the contrary
108 notwithstanding, the plan shall detail a means for the
109 waiver of requirements otherwise imposed on the school
110 related to the authority of the state board of education to
111 classify school districts pursuant to subdivision (9) of
112 subsection 2 of section 161.092 and such other rules and
113 regulations as determined by the commissioner of education,
114 except such waivers shall be confined to the school and not
115 other schools in the school district unless such other

116 schools meet the requirements of this subsection. However,
117 any waiver provided to any school as outlined in this
118 subsection shall be void on June thirtieth of any school
119 year in which the school fails to meet the requirements for
120 the approval of the grants authorized by this section as
121 specified in subsection 2 of this section.

122 7. For any school year, grants authorized by
123 subsections 1, 2, and 5 of this section shall be funded with
124 the amount appropriated for this program, less those funds
125 necessary to reimburse eligible students pursuant to
126 subsection 8 or 9 of this section.

127 8. The department of higher education and workforce
128 development shall, by rule, establish a procedure for the
129 reimbursement of the cost of tuition, books and fees to any
130 public community college or vocational or technical school
131 or within the limits established in subsection 11 of this
132 section for any two-year private vocational or technical
133 school for any student:

134 (1) Who has attended a high school in the state for at
135 least two years that meets the requirements of subsection 2
136 of this section and who has graduated from such a school;
137 except that, students who are active duty military
138 dependents, and students who are dependents of retired
139 military who relocate to Missouri within one year of the
140 date of the parent's retirement from active duty who meet
141 all other requirements of this subsection and are attending
142 a school that meets the requirements of subsection 2 of this
143 section shall be exempt from the two-year attendance
144 requirement of this subdivision; and

145 (2) Who has made a good faith effort to first secure
146 all available federal sources of funding that could be
147 applied to the reimbursement described in this subsection;
148 and

149 (3) Who has earned a minimal grade average while in
150 high school or through the semester immediately before
151 taking the course for which reimbursement is sought as
152 determined by rule of the department of higher education and
153 workforce development, and other requirements for the
154 reimbursement authorized by this subsection as determined by
155 rule and regulation of the department; and

156 (4) Who is a citizen or permanent resident of the
157 United States.

158 9. The department of higher education and workforce
159 development shall, by rule, establish a procedure for the
160 reimbursement of the cost of tuition, and fees for any dual-
161 credit or dual-enrollment course offered to a student in
162 high school in association with an institution of higher
163 education or vocational or technical school, subject to the
164 requirements of subsection 11 of this section, for any
165 student who meets the requirements established in subsection
166 8 of this section immediately before taking the course for
167 which reimbursement is sought.

168 10. The commissioner of education shall develop a
169 procedure for evaluating the effectiveness of the program
170 described in this section. Such evaluation shall be
171 conducted annually with the results of the evaluation
172 provided to the governor, speaker of the house, and
173 president pro tempore of the senate.

174 11. For a two-year private vocational or technical
175 school to obtain reimbursements under subsection 8 or 9 of
176 this section, the following requirements shall be satisfied:

177 (1) Such two-year private vocational or technical
178 school shall be a member of the North Central Association
179 and be accredited by the Higher Learning Commission as of
180 July 1, 2008, and maintain such accreditation;

181 (2) Such two-year private vocational or technical

183 organization under the Internal Revenue Code of 1986, as
184 amended;

185 (3) No two-year private vocational or technical school
186 shall receive tuition reimbursements in excess of the
187 tuition rate charged by a public community college for
188 course work offered by the private vocational or technical
189 school within the service area of such college; and

190 (4) The reimbursements provided to any two-year
191 private vocational or technical school shall not violate the
192 provisions of Article IX, Section 8, or Article I, Section
193 7, of the Missouri Constitution or the first amendment of
194 the United States Constitution.

195 12. The department of higher education and workforce
196 development shall distribute reimbursements in the following
197 manner:

198 (1) To community college or vocational or technical
199 school students;

227 these schools so that others may learn about the practices
228 that are driving learning growth.

161.097. 1. The state board of education shall
2 establish standards and procedures by which it will evaluate
3 all teacher training institutions in this state for the
4 approval of teacher education programs. The state board of
5 education shall not require teacher training institutions to
6 meet national or regional accreditation as a part of its
7 standards and procedures in making those evaluations, but it
8 may accept such accreditations in lieu of such approval if
9 standards and procedures set thereby are at least as
10 stringent as those set by the board. The state board of

11 education's standards and procedures for evaluating teacher
12 training institutions shall equal or exceed those of
13 national or regional accrediting associations.

14 2. There is hereby established within the department
15 of elementary and secondary education the "Missouri Advisory
16 Board for Educator Preparation", hereinafter referred to as
17 "MABEP". The MABEP shall advise the state board of
18 education and the coordinating board for higher education
19 regarding matters of mutual interest in the area of quality
20 educator preparation programs in Missouri.

21 3. Upon approval by the state board of education of
22 the teacher education program at a particular teacher
23 training institution, any person who graduates from that
24 program, and who meets other requirements which the state
25 board of education shall prescribe by rule, regulation and
26 statute shall be granted a certificate or license to teach
27 in the public schools of this state. However, no such rule
28 or regulation shall require that the program from which the
29 person graduates be accredited by any national or regional
30 accreditation association.

31 4. The state board of education shall require literacy
32 and reading instruction coursework for teacher education
33 programs aligned to certification in early childhood
34 education, elementary education, middle school education
35 with subject area certification in language arts, secondary
36 education with subject area certification in English,
37 special reading, and special education to include training
38 in:

39 (1) The core components of reading, such as phonemic
40 awareness, phonics, fluency, comprehension, morphology,
41 syntax, and vocabulary;

42 (2) Oral and written language development;

43 (3) Identification of reading deficiencies, dyslexia,
44 and other language difficulties; and

45 (4) The administration and interpretation of
46 assessments and how to translate assessment results into
47 effective practice in the classroom specific to the needs of
48 students.

49 5. Any rule or portion of a rule, as that term is
50 defined in section 536.010, that is created under the
51 authority delegated in this section shall become effective
52 only if it complies with and is subject to all of the
53 provisions of chapter 536 and, if applicable, section
54 536.028. This section and chapter 536 are nonseverable and
55 if any of the powers vested with the general assembly
56 pursuant to chapter 536 to review, to delay the effective
57 date, or to disapprove and annul a rule are subsequently
58 held unconstitutional, then the grant of rulemaking
59 authority and any rule proposed or adopted after August 28,
60 2014, shall be invalid and void.

162.084. If any attendance center, individual public
2 elementary or secondary school, charter school, or school
3 district is classified or reclassified as provisionally
4 accredited or unaccredited, such attendance center, school,
5 or district shall mail a letter to the parents and guardians
6 of each student in such attendance center, school, or
7 district informing such parents and guardians:

8 (1) That the attendance center, school, or district is
9 classified as provisionally accredited or unaccredited;

10 (2) What options are available to such students as a
11 result of the classification or reclassification; and

12 (3) What plans the attendance center, school, or
13 district has for school improvement including, but not
14 limited to, academic proficiency and growth goals in reading
15 and math for the next three years.

162.720. 1. (1) This subdivision shall apply to all
2 school years ending on or before June 30, 2023. Where a
3 sufficient number of children are determined to be gifted
4 and their development requires programs or services beyond
5 the level of those ordinarily provided in regular public
6 school programs, districts may establish special programs
7 for such gifted children.

8 (2) For all school years beginning on or after July 1,
9 2023, if three percent or more of students enrolled in a
10 school district are determined to be gifted and their
11 development requires programs or services beyond the level
12 of those ordinarily provided in regular public school
13 programs, the district shall establish a state-approved
14 gifted program for gifted children.

15 2. For all school years beginning on or after July 1,
16 2023, any teacher providing gifted services to students in
17 districts with an average daily attendance of more than
18 three hundred fifty students shall be certificated in gifted
19 education. In districts with an average daily attendance of
20 three hundred fifty students or fewer, any teacher providing
21 gifted services shall not be required to be certificated to
22 teach gifted education but such teacher shall annually
23 participate in at least six clock hours of professional
24 development focused on gifted services.

25 3. The state board of education shall determine
26 standards for such gifted programs and gifted services.
27 Approval of [such] gifted programs shall be made by the
28 state department of elementary and secondary education based
29 upon project applications submitted [by July fifteenth of
30 each year] at a time and in a form determined by the
31 department of elementary and secondary education.

32 [3.] 4. No district shall make a determination as to
33 whether a child is gifted based on the child's participation

34 in an advanced placement course or international
35 baccalaureate course. Districts shall determine a child is
36 gifted only if the child meets the definition of gifted
37 children as provided in section 162.675.

38 [4.] 5. Any district with a gifted education program
39 approved under subsection [2] 3 of this section shall have a
40 policy, approved by the board of education of the district,
41 that establishes a process that outlines the procedures and
42 conditions under which parents or guardians may request a
43 review of the decision that determined that their child did
44 not qualify to receive services through the district's
45 gifted education program.

46 [5.] 6. School districts and school district employees
47 shall be immune from liability for any and all acts or
48 omissions relating to the decision that a child did not
49 qualify to receive services through the district's gifted
50 education program.

51 7. The department of elementary and secondary
52 education may promulgate rules to implement the provisions
53 of this section and may develop a process to certify
54 teachers in gifted education. Any rule or portion of a
55 rule, as that term is defined in section 536.010, that is
56 created under the authority delegated in this section shall
57 become effective only if it complies with and is subject to
58 all of the provisions of chapter 536 and, if applicable,
59 section 536.028. This section and chapter 536 are
60 nonseverable and if any of the powers vested with the
61 general assembly pursuant to chapter 536 to review, to delay
62 the effective date, or to disapprove and annul a rule are
63 subsequently held unconstitutional, then the grant of
64 rulemaking authority and any rule proposed or adopted after
65 August 28, 2021, shall be invalid and void.

163.011. As used in this chapter unless the context
2 requires otherwise:

3 (1) "Adjusted operating levy", the sum of tax rates
4 for the current year for teachers' and incidental funds for
5 a school district as reported to the proper officer of each
6 county pursuant to section 164.011;

7 (2) "Average daily attendance", the quotient or the
8 sum of the quotients obtained by dividing the total number
9 of hours attended in a term by resident pupils between the
10 ages of five and twenty-one by the actual number of hours
11 school was in session in that term. To the average daily
12 attendance of the following school term shall be added the
13 full-time equivalent average daily attendance of summer
14 school students. "Full-time equivalent average daily
15 attendance of summer school students" shall be computed by
16 dividing the total number of hours, except for physical
17 education hours that do not count as credit toward
18 graduation for students in grades nine, ten, eleven, and
19 twelve, attended by all summer school pupils by the number
20 of hours required in section 160.011 in the school term.
21 For purposes of determining average daily attendance under
22 this subdivision, the term "resident pupil" shall include
23 all children between the ages of five and twenty-one who are
24 residents of the school district and who are attending
25 kindergarten through grade twelve in such district. If a
26 child is attending school in a district other than the
27 district of residence and the child's parent is teaching in
28 the school district or is a regular employee of the school
29 district which the child is attending, then such child shall
30 be considered a resident pupil of the school district which
31 the child is attending for such period of time when the
32 district of residence is not otherwise liable for tuition.
33 Average daily attendance for students below the age of five

34 years for which a school district may receive state aid
35 based on such attendance shall be computed as regular school
36 term attendance unless otherwise provided by law;

37 (3) "Current operating expenditures":

38 (a) For the fiscal year 2007 calculation, "current
39 operating expenditures" shall be calculated using data from
40 fiscal year 2004 and shall be calculated as all expenditures
41 for instruction and support services except capital outlay
42 and debt service expenditures minus the revenue from federal
43 categorical sources; food service; student activities;
44 categorical payments for transportation costs pursuant to
45 section 163.161; state reimbursements for early childhood
46 special education; the career ladder entitlement for the
47 district, as provided for in sections 168.500 to 168.515;
48 the vocational education entitlement for the district, as
49 provided for in section 167.332; and payments from other
50 districts;

51 (b) In every fiscal year subsequent to fiscal year
52 2007, current operating expenditures shall be the amount in
53 paragraph (a) of this subdivision plus any increases in
54 state funding pursuant to sections 163.031 and 163.043
55 subsequent to fiscal year 2005, not to exceed five percent,
56 per recalculation, of the state revenue received by a
57 district in the 2004-05 school year from the foundation
58 formula, line 14, gifted, remedial reading, exceptional
59 pupil aid, fair share, and free textbook payments for any
60 district from the first preceding calculation of the state
61 adequacy target;

62 (4) "District's tax rate ceiling", the highest tax
63 rate ceiling in effect subsequent to the 1980 tax year or
64 any subsequent year. Such tax rate ceiling shall not
65 contain any tax levy for debt service;

66 (5) "Dollar-value modifier", an index of the relative
67 purchasing power of a dollar, calculated as one plus fifteen
68 percent of the difference of the regional wage ratio minus
69 one, provided that the dollar value modifier shall not be
70 applied at a rate less than 1.0:

71 (a) "County wage per job", the total county wage and
72 salary disbursements divided by the total county wage and
73 salary employment for each county and the City of St. Louis
74 as reported by the Bureau of Economic Analysis of the United
75 States Department of Commerce for the fourth year preceding
76 the payment year;

77 (b) "Regional wage per job":

78 a. The total Missouri wage and salary disbursements of
79 the metropolitan area as defined by the Office of Management
80 and Budget divided by the total Missouri metropolitan wage
81 and salary employment for the metropolitan area for the
82 county signified in the school district number or the City
83 of St. Louis, as reported by the Bureau of Economic Analysis
84 of the United States Department of Commerce for the fourth
85 year preceding the payment year and recalculated upon every
86 decennial census to incorporate counties that are newly
87 added to the description of metropolitan areas; or if no
88 such metropolitan area is established, then:

89 b. The total Missouri wage and salary disbursements of
90 the micropolitan area as defined by the Office of Management
91 and Budget divided by the total Missouri micropolitan wage
92 and salary employment for the micropolitan area for the
93 county signified in the school district number, as reported
94 by the Bureau of Economic Analysis of the United States
95 Department of Commerce for the fourth year preceding the
96 payment year, if a micropolitan area for such county has
97 been established and recalculated upon every decennial

98 census to incorporate counties that are newly added to the
99 description of micropolitan areas; or

100 c. If a county is not part of a metropolitan or
101 micropolitan area as established by the Office of Management
102 and Budget, then the county wage per job, as defined in
103 paragraph (a) of this subdivision, shall be used for the
104 school district, as signified by the school district number;

105 (c) "Regional wage ratio", the ratio of the regional
106 wage per job divided by the state median wage per job;

107 (d) "State median wage per job", the fifty-eighth
108 highest county wage per job;

109 (6) "Free and reduced price lunch pupil count", for
110 school districts not eligible for and those that do not
111 choose the USDA Community Eligibility Option, the number of
112 pupils eligible for free and reduced price lunch on the last
113 Wednesday in January for the preceding school year who were
114 enrolled as students of the district, as approved by the
115 department in accordance with applicable federal
116 regulations. For eligible school districts that choose the
117 USDA Community Eligibility Option, the free and reduced
118 price lunch pupil count shall be the percentage of free and
119 reduced price lunch students calculated as eligible on the
120 last Wednesday in January of the most recent school year
121 that included household applications to determine free and
122 reduced price lunch count multiplied by the district's
123 average daily attendance figure;

124 (7) "Free and reduced price lunch threshold" shall be
125 calculated by dividing the total free and reduced price
126 lunch pupil count of every performance district that falls
127 entirely above the bottom five percent and entirely below
128 the top five percent of average daily attendance, when such
129 districts are rank-ordered based on their current operating
130 expenditures per average daily attendance, by the total

131 average daily attendance of all included performance
132 districts;

133 (8) "Limited English proficiency pupil count", the
134 number in the preceding school year of pupils aged three
135 through twenty-one enrolled or preparing to enroll in an
136 elementary school or secondary school who were not born in
137 the United States or whose native language is a language
138 other than English or are Native American or Alaskan native,
139 or a native resident of the outlying areas, and come from an
140 environment where a language other than English has had a
141 significant impact on such individuals' level of English
142 language proficiency, or are migratory, whose native
143 language is a language other than English, and who come from
144 an environment where a language other than English is
145 dominant; and have difficulties in speaking, reading,
146 writing, or understanding the English language sufficient to
147 deny such individuals the ability to meet the state's
148 proficient level of achievement on state assessments
149 described in Public Law [107-10] 107-110, the ability to
150 achieve successfully in classrooms where the language of
151 instruction is English, or the opportunity to participate
152 fully in society;

153 (9) "Limited English proficiency threshold" shall be
154 calculated by dividing the total limited English proficiency
155 pupil count of every performance district that falls
156 entirely above the bottom five percent and entirely below
157 the top five percent of average daily attendance, when such
158 districts are rank-ordered based on their current operating
159 expenditures per average daily attendance, by the total
160 average daily attendance of all included performance
161 districts;

162 (10) "Local effort":

163 (a) For the fiscal year 2007 calculation, "local
164 effort" shall be computed as the equalized assessed
165 valuation of the property of a school district in calendar
166 year 2004 divided by one hundred and multiplied by the
167 performance levy less the percentage retained by the county
168 assessor and collector plus one hundred percent of the
169 amount received in fiscal year 2005 for school purposes from
170 intangible taxes, fines, escheats, payments in lieu of taxes
171 and receipts from state-assessed railroad and utility tax,
172 one hundred percent of the amount received for school
173 purposes pursuant to the merchants' and manufacturers' taxes
174 under sections 150.010 to 150.370, one hundred percent of
175 the amounts received for school purposes from federal
176 properties under sections 12.070 and 12.080 except when such
177 amounts are used in the calculation of federal impact aid
178 pursuant to P.L. 81-874, fifty percent of Proposition C
179 revenues received for school purposes from the school
180 district trust fund under section 163.087, and one hundred
181 percent of any local earnings or income taxes received by
182 the district for school purposes. Under this paragraph, for
183 a special district established under sections 162.815 to
184 162.940 in a county with a charter form of government and
185 with more than one million inhabitants, a tax levy of zero
186 shall be utilized in lieu of the performance levy for the
187 special school district;

188 (b) In every year subsequent to fiscal year 2007,
189 "local effort" shall be the amount calculated under
190 paragraph (a) of this subdivision plus any increase in the
191 amount received for school purposes from fines. If a
192 district's assessed valuation has decreased subsequent to
193 the calculation outlined in paragraph (a) of this
194 subdivision, the district's local effort shall be calculated
195 using the district's current assessed valuation in lieu of

196 the assessed valuation utilized in the calculation outlined
197 in paragraph (a) of this subdivision. When a change in a
198 school district's boundary lines occurs because of a
199 boundary line change, annexation, attachment, consolidation,
200 reorganization, or dissolution under section 162.071,
201 162.081, sections 162.171 to 162.201, section 162.221,

203 a school district assumes any territory from a district that
204 ceases to exist for any reason, the department of elementary
205 and secondary education shall make a proper adjustment to
206 each affected district's local effort, so that each
207 district's local effort figure conforms to the new boundary
208 lines of the district. The department shall compute the
209 local effort figure by applying the calendar year 2004
210 assessed valuation data to the new land areas resulting from
211 the boundary line change, annexation, attachment,

225 attendance one day or more during the preceding ten school
226 days, plus the full-time equivalent number of summer school
227 pupils. "Full-time equivalent number of part-time students"
228 is determined by dividing the total number of hours for

229 which all part-time students are enrolled by the number of
230 hours in the school term. "Full-time equivalent number of
231 summer school pupils" is determined by dividing the total
232 number of hours for which all summer school pupils were
233 enrolled by the number of hours required pursuant to section
234 160.011 in the school term. Only students eligible to be
235 counted for average daily attendance shall be counted for
236 membership;

237 (12) "Operating levy for school purposes", the sum of

239 operating levy or sales tax equivalent pursuant to section
240 162.1100 of any transitional school district containing the

256 incidental funds;

257 (16) "Special education pupil count", the number of

260 from the resident district as of December first of the
261 preceding school year, except for special education services

262 provided through a school district established under
263 sections 162.815 to 162.940 in a county with a charter form
264 of government and with more than one million inhabitants, in
265 which case the sum of the students in each district within
266 the county exceeding the special education threshold of each
267 respective district within the county shall be counted

283 such districts are rank-ordered based on their current
284 operating expenditures per average daily attendance, divided
285 by the total average daily attendance of all included
286 performance districts. The department of elementary and
287 secondary education shall first calculate the state adequacy
288 target for fiscal year 2007 and recalculate the state
289 adequacy target every two years using the most current

291 decrease from the state adequacy target as calculated for
292 fiscal years 2017 and 2018 and any state adequacy target
293 figure calculated subsequent to fiscal year 2018. Should a
294 recalculation result in an increase in the state adequacy

295 target amount, fifty percent of that increase shall be
296 included in the state adequacy target amount in the year of
297 recalculation, and fifty percent of that increase shall be
298 included in the state adequacy target amount in the
299 subsequent year. The state adequacy target may be adjusted
300 to accommodate available appropriations as provided in

309 certification of teachers in Missouri;

310 (20) "Weighted average daily attendance", the average
311 daily attendance plus the product of [twenty-five

315 of seventy-five hundredths multiplied by the number of
316 special education pupil count that exceeds the special
317 education threshold, plus the product of six-tenths
318 multiplied by the number of limited English proficiency
319 pupil count that exceeds the limited English proficiency
320 threshold. For special districts established under sections
321 162.815 to 162.940 in a county with a charter form of
322 government and with more than one million inhabitants,
323 weighted average daily attendance shall be the average daily
324 attendance plus the product of [twenty-five hundredths] two
325 hundred seventy-five thousandths multiplied by the free and
326 reduced price lunch pupil count that exceeds the free and
327 reduced price lunch threshold, plus the product of seventy-

328 five hundredths multiplied by the sum of the special
329 education pupil count that exceeds the threshold for each
330 county district, plus the product of six-tenths multiplied
331 by the limited English proficiency pupil count that exceeds
332 the limited English proficiency threshold. None of the

10 shall be classified as unaccredited or deemed to be an
11 unclassified school district pursuant to this section if
12 such district is ineligible to receive state aid under
13 section 163.031, exclusive of categorical add-ons, because
14 the district's local effort is greater than its weighted
15 average daily attendance multiplied by the state adequacy
16 target multiplied by the dollar value modifier. No school
17 district, except a district [which] that is ineligible to
18 receive state aid under section 163.031, exclusive of

24 paper-and-pencil tests promulgated by nationally recognized
25 organizations and other recognized methods of determining a
26 student's reading accuracy, expression, fluency and
27 comprehension in order to make a determination of the
28 student's grade-level reading ability. Assessments [which]

29 that do not give a grade-level result may be used in
30 combination with other assessments to reach a grade-level
31 determination. Districts and charter schools are encouraged
32 but not required to select assessment methods identified
33 pursuant to section 167.346. Districts and charter schools

38 semantics when such instruction is taught through
39 systematic, cumulative, explicit, and diagnostic methods;

40 (5) "Summer school", for reading instruction purposes,
41 a minimum of forty hours of reading instruction and
42 practice. A school district or charter school may arrange
43 the hours and days of instruction to coordinate with its

45 2. For purposes of this section, methods of reading
46 assessment shall be determined by each school district and
47 charter school. Each school district and charter school
48 shall provide training on the administration of reading
49 assessments to all kindergarten through fifth grade teachers
50 and any other personnel who provide literacy instruction.

51 Unless a student has been determined in the [current]
52 previous school year to be reading at grade level or above,
53 each school district and charter school shall administer a
54 reading assessment or set of assessments to each student
55 within [forty-five days of the end of the third-grade year]
56 the first thirty calendar days of school for grades one
57 through four, and by January thirty-first for kindergarten,

62 to Section 504 of the Rehabilitation Act of 1973 whose
63 services plan includes an element addressing reading or to
64 students determined to have limited English proficiency or
65 to students who have been determined, prior to the beginning
66 of any school year, to have a cognitive ability insufficient
67 to meet the reading requirement set out in this section,
68 provided that districts and charter schools shall provide
69 reading [improvement] success plans for students with an
70 individualized education plan that have a reading
71 deficiency, for students receiving services under Section
72 504 of the Rehabilitation Act of 1973 whose service plan
73 includes an element addressing reading, and to students
74 determined to have such insufficient cognitive ability. The
75 assessment required by this subsection shall also be
76 required for students who enter a school district or charter
77 school in grades four, five, or six unless such student has
78 been determined in the current school year to be reading at
79 grade level or above.

80 3. [Beginning with school year 2002-03, for each
81 student whose third-grade reading assessment determines that
82 such student is reading below second-grade level, the school
83 district shall design a reading improvement plan for the
84 student's fourth-grade year. Such reading improvement plan
85 shall include, at a minimum, thirty hours of additional
86 reading instruction or practice outside the regular school
87 day during the fourth-grade year.]

88 (1) School districts and charter schools shall offer a
89 reading success plan to each student in grades kindergarten
90 through four who exhibits a reading deficiency, has been
91 identified as being at risk for dyslexia in the statewide
92 dyslexia screening requirement, or has a formal diagnosis of
93 dyslexia to ensure students can read at or above grade level
94 by the end of the fourth grade. The reading success plan

95 shall be provided in addition to core reading instruction
96 that is provided to all students in the general education
97 classroom. The reading success plan shall:

98 (a) Include, at a minimum, thirty hours of additional
99 reading instruction or practice outside the regular school
100 day during the fourth-grade year;

101 (b) Be provided to all students in grades kindergarten
102 through four identified with a reading deficiency as
103 determined by the school district or charter school using

105 the first thirty days of school for grades one through four,
106 and by January thirty-first for kindergarten;

115 provided to any student with a formal diagnosis of dyslexia
116 or for a student who was found to be at risk for dyslexia in
117 the statewide dyslexia screening.

118 (3) If a student who is provided a reading success
119 plan is determined to not be reading at or above grade level
120 by the end of second grade, the student shall receive
121 structured literacy instruction as well as additional
122 support and services including but not limited to:

123 (a) Frequent, targeted reading intervention based on
124 the student's needs and provided in a small-group or one-on-
125 one setting;

126 (b) Frequent monitoring of the student's reading
127 skills throughout the school year; and

129 and reading interventions according to the student's needs.

130 (4) For students in grades six through twelve, school
131 districts and charter schools shall continue to address the
132 reading deficiencies of any student for whom the deficiency
133 creates a barrier to success in school.

134 4. A reading success plan shall be created for a
135 student within forty-five days following the identification
136 of a reading deficiency by such student's teacher and other
137 pertinent school personnel, after consultation with the
138 student's parent or legal guardian, and shall describe the
139 evidence-based reading intervention services the student
140 shall receive to remedy the deficiency. The reading success
141 plan shall specify whether the student was found to be at
142 risk for dyslexia in the local or statewide dyslexia
143 screening requirement or whether the student has a formal
144 diagnosis of dyslexia. Each student shall receive
145 appropriate reading intervention until the student no longer
146 has a deficiency in reading.

147 5. The school district or charter school shall
148 determine the [method of reading instruction] specific
149 structured literacy curriculum necessary to enforce this
150 subsection. The school district or charter school may also

152 instruction as a condition of promotion to fourth grade.
153 The department of elementary and secondary education may,
154 from funds appropriated for the purpose, reimburse school
155 districts and charter schools for additional instructional
156 personnel costs incurred in the implementation and execution
157 of the thirty hours of additional reading instruction minus
158 the revenue generated by the school district or charter
159 school through the foundation formula for the additional
160 reading instruction average daily attendance.

161 [4.] 6. Each student for whom a reading [improvement]
162 success plan has been designed pursuant to subsection 3 of
163 this section shall be given another reading assessment, to
164 be administered within forty-five days of the end of such
165 student's fourth-grade year. If such student is determined
166 to be reading below third-grade level at the end of the
167 third grade, the student shall be [required to attend summer
168 school to receive reading instruction. At the end of such
169 summer school instruction, such student shall be given
170 another reading assessment. If such student is determined
171 to be reading below third-grade level, the district shall
172 notify the student's parents or guardians, and the student
173 shall not be promoted to fifth grade. No student shall be
174 denied promotion more than once solely for inability to meet
175 the reading standards set out in this section.

176 5. The process described in subsections 3 and 4 of
177 this section shall be repeated as necessary through the end
178 of the sixth grade, with the target grade level rising

181 evaluation for an individualized education plan (IEP) and
182 the district shall provide appropriate intensive structured
183 literacy instruction on a one-to-one individualized basis.
184 If the student does not qualify for an IEP under the state
185 guidelines for qualification, the student shall continue to
186 receive appropriate intensive structured literacy
187 instruction on a one-to-one individualized basis until the
188 student is reading at grade level.

189 [6. The mandatory process of additional reading
190 instruction pursuant to this section shall cease at the end
191 of the sixth grade. The permanent record of students who
192 are determined to be reading below the fifth-grade level at
193 the end of sixth grade shall carry a notation advising that

194 such student has not met minimal reading standards. The

196 as the district determines that a student has met minimal
197 reading standards.]

198 7. Each school district and charter school shall be
199 required to offer summer school reading instruction to any
200 student with a reading [improvement] success plan.

202 this section through cooperative arrangements with
203 neighboring districts[; provided that such districts shall
204 timely make all payments provided pursuant to such
205 cooperative agreements].

206 8. A school district or charter school may adopt a
207 policy that requires retention in grade of any student who
208 has been determined to require summer school instruction in
209 reading and who does not fulfill the summer school
210 attendance requirement.

211 9. Nothing in this section shall preclude a school
212 district or charter school from retaining any student in
213 grade when a determination is made in accordance with
214 district or charter school policy that retention is in the
215 best interests of the student.

216 10. The state board of education shall not incorporate
217 information about the number of students receiving
218 additional instruction pursuant to this section into any

232 [and shall similarly inform parents of students for whom a
233 reading improvement plan is required pursuant to this
234 section]. The parent or legal guardian of any student in
235 kindergarten through the fifth grade who exhibits a
236 deficiency in reading or has screened positive for the
237 characteristics of dyslexia at any time during the school
238 year, as determined by the school, shall be notified in
239 writing that the child has a reading deficiency or has
