

SENATE AMENDMENT NO. _____

Offered by _____ of _____

Amend SS/HCS/House Bill No. 2587, Page 39, Section 144.030, Line 632,

2 "260.221. 1. As used in this section, the following
3 terms mean:

4 (1) "Processed recycled asphalt shingles", recycled
5 asphalt shingles that do not contain extraneous metals,
6 glass, rubber, nails, soil, brick, tars, paper, wood, and
7 plastics and that have been reduced in size to produce a
8 commercially reasonable usable product. "Processed recycled
9 asphalt shingles" shall also be considered clean fill, as
10 such term is defined in section 260.200;

11 (2) "Recycled asphalt shingles", manufacture waste
12 scrap shingles and post-consumer, tear-off scrap shingles
13 that are accumulated as products for commercial purposes
14 related to recycling or reuse as processed recycled asphalt
15 shingles.

16 2. Processed recycled asphalt shingles may be used for
17 fill, reclamation, and other beneficial purposes without a
18 permit under sections 260.200 to 260.345 if such processed
19 recycled asphalt shingles are inspected for toxic and
20 hazardous substances in accordance with requirements
21 established by the department of natural resources, provided
22 that processed recycled asphalt shingles shall not be used
23 for such purposes within five hundred feet of any lake,
24 river, sink hole, perennial stream, or ephemeral stream, and
25 shall not be used for such purposes below surface level and
26 closer than fifty feet above the water table.

27 3. This section shall not be construed to authorize
28 the abandonment, accumulation, placement, or storage of
29 recycled asphalt shingles or processed recycled asphalt
30 shingles on any real property without the consent of the
31 real property owner."; and

32 Further amend said bill, page 66, section 620.3930,
33 line 123 by inserting after all of said line the following:

34 "644.060. 1. Processed recycled asphalt shingles, as
35 defined in section 260.221, may be used for fill,
36 reclamation, and other beneficial purposes without a permit
37 under sections 644.006 to 644.141 if such processed recycled
38 asphalt shingles are inspected for toxic and hazardous
39 substances in accordance with requirements established by
40 the department of natural resources, provided that processed
41 recycled asphalt shingles shall not be used for such
42 purposes within five hundred feet of any lake, river, sink
43 hole, perennial stream, or ephemeral stream, and shall not
44 be used for such purposes below surface level and closer
45 than fifty feet above the water table.

46 2. This section shall not be construed to authorize
47 the abandonment, accumulation, placement, or storage of
48 recycled asphalt shingles or processed recycled asphalt
49 shingles on any real property without the consent of the
50 real property owner."

51 Further amend the title and enacting clause accordingly.
