

SENATE COMMITTEE SUBSTITUTE

FOR

SENATE BILL NO. 513

AN ACT

To repeal sections 143.121 and 144.030, RSMo, and to enact in lieu thereof two new sections relating to taxation.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Sections 143.121 and 144.030, RSMo, are repealed and two new sections enacted in lieu thereof, to be known as sections 143.121 and 144.030, to read as follows:

143.121. 1. The Missouri adjusted gross income of a resident individual shall be the taxpayer's federal adjusted gross income subject to the modifications in this section.

2. There shall be added to the taxpayer's federal adjusted gross income:

(1) The amount of any federal income tax refund received for a prior year which resulted in a Missouri income tax benefit. The amount added pursuant to this subdivision shall not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability pursuant to Public Law 116-136 or 116-260, enacted by the 116th United States Congress, for the tax year beginning on or after January 1, 2020, and ending on or before December 31, 2020, and deducted from Missouri adjusted gross income pursuant to section 143.171. The amount added under this subdivision shall also not include any amount of a federal income tax refund attributable to a tax credit reducing a taxpayer's federal tax liability under any other federal law that provides direct economic impact payments to taxpayers to mitigate financial challenges related to the COVID-19 pandemic, and

deducted from Missouri adjusted gross income under section 143.171;

(2) Interest on certain governmental obligations excluded from federal gross income by 26 U.S.C. Section 103 of the Internal Revenue Code, as amended. The previous sentence shall not apply to interest on obligations of the state of Missouri or any of its political subdivisions or authorities and shall not apply to the interest described in subdivision (1) of subsection 3 of this section. The amount added pursuant to this subdivision shall be reduced by the amounts applicable to such interest that would have been deductible in computing the taxable income of the taxpayer except only for the application of 26 U.S.C. Section 265 of the Internal Revenue Code, as amended. The reduction shall only be made if it is at least five hundred dollars;

(3) The amount of any deduction that is included in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002 to the extent the amount deducted relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent the amount deducted exceeds the amount that would have been deductible pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code of 1986 as in effect on January 1, 2002;

(4) The amount of any deduction that is included in the computation of federal taxable income for net operating loss allowed by 26 U.S.C. Section 172 of the Internal Revenue Code of 1986, as amended, other than the deduction allowed by 26 U.S.C. Section 172(b)(1)(G) and 26 U.S.C. Section 172(i) of the Internal Revenue Code of 1986, as amended, for a net operating loss the taxpayer claims in the tax year in which the net operating loss occurred or carries

forward for a period of more than twenty years and carries backward for more than two years. Any amount of net operating loss taken against federal taxable income but disallowed for Missouri income tax purposes pursuant to this subdivision after June 18, 2002, may be carried forward and taken against any income on the Missouri income tax return for a period of not more than twenty years from the year of the initial loss; and

(5) For nonresident individuals in all taxable years ending on or after December 31, 2006, the amount of any property taxes paid to another state or a political subdivision of another state for which a deduction was allowed on such nonresident's federal return in the taxable year unless such state, political subdivision of a state, or the District of Columbia allows a subtraction from income for property taxes paid to this state for purposes of calculating income for the income tax for such state, political subdivision of a state, or the District of Columbia;

(6) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in a previous taxable year, but allowed as a deduction under 26 U.S.C. Section 163, as amended, in the current taxable year by reason of the carryforward of disallowed business interest provisions of 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist.

3. There shall be subtracted from the taxpayer's federal adjusted gross income the following amounts to the extent included in federal adjusted gross income:

(1) Interest received on deposits held at a federal reserve bank or interest or dividends on obligations of the United States and its territories and possessions or of any authority, commission or instrumentality of the United States to the extent exempt from Missouri income taxes pursuant to the laws of the United States. The amount subtracted pursuant to this subdivision shall be reduced by any interest on indebtedness incurred to carry the described obligations or securities and by any expenses incurred in the production of interest or dividend income described in this subdivision. The reduction in the previous sentence shall only apply to the extent that such expenses including amortizable bond premiums are deducted in determining the taxpayer's federal adjusted gross income or included in the taxpayer's Missouri itemized deduction. The reduction shall only be made if the expenses total at least five hundred dollars;

(2) The portion of any gain, from the sale or other disposition of property having a higher adjusted basis to the taxpayer for Missouri income tax purposes than for federal income tax purposes on December 31, 1972, that does not exceed such difference in basis. If a gain is considered a long-term capital gain for federal income tax purposes, the modification shall be limited to one-half of such portion of the gain;

(3) The amount necessary to prevent the taxation pursuant to this chapter of any annuity or other amount of income or gain which was properly included in income or gain and was taxed pursuant to the laws of Missouri for a taxable year prior to January 1, 1973, to the taxpayer, or to a decedent by reason of whose death the taxpayer acquired the right to receive the income or gain, or to a trust or estate from which the taxpayer received the income or gain;

(4) Accumulation distributions received by a taxpayer as a beneficiary of a trust to the extent that the same are included in federal adjusted gross income;

(5) The amount of any state income tax refund for a prior year which was included in the federal adjusted gross income;

(6) The portion of capital gain specified in section 135.357 that would otherwise be included in federal adjusted gross income;

(7) The amount that would have been deducted in the computation of federal taxable income pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as in effect on January 1, 2002, to the extent that amount relates to property purchased on or after July 1, 2002, but before July 1, 2003, and to the extent that amount exceeds the amount actually deducted pursuant to 26 U.S.C. Section 168 of the Internal Revenue Code as amended by the Job Creation and Worker Assistance Act of 2002;

(8) For all tax years beginning on or after January 1, 2005, the amount of any income received for military service while the taxpayer serves in a combat zone which is included in federal adjusted gross income and not otherwise excluded therefrom. As used in this section, "combat zone" means any area which the President of the United States by Executive Order designates as an area in which Armed Forces of the United States are or have engaged in combat. Service is performed in a combat zone only if performed on or after the date designated by the President by Executive Order as the date of the commencing of combat activities in such zone, and on or before the date designated by the President by Executive Order as the date of the termination of combatant activities in such zone;

(9) For all tax years ending on or after July 1, 2002, with respect to qualified property that is sold or otherwise disposed of during a taxable year by a taxpayer and for which an additional modification was made under subdivision (3) of subsection 2 of this section, the amount by which additional modification made under subdivision (3) of subsection 2 of this section on qualified property has not been recovered through the additional subtractions provided in subdivision (7) of this subsection;

(10) For all tax years beginning on or after January 1, 2014, the amount of any income received as payment from any program which provides compensation to agricultural producers who have suffered a loss as the result of a disaster or emergency, including the:

- (a) Livestock Forage Disaster Program;
- (b) Livestock Indemnity Program;

- (f) Pasture, Rangeland, Forage Pilot Insurance Program;
- (g) Annual Forage Pilot Program;
- (h) Livestock Risk Protection Insurance Plan;
- (i) Livestock Gross Margin Insurance Plan;

(11) For all tax years beginning on or after January 1, 2018, any interest expense paid or accrued in the current taxable year, but not deducted as a result of the limitation imposed under 26 U.S.C. Section 163(j), as amended. For the purposes of this subdivision, an interest expense is considered paid or accrued only in the first taxable year the deduction would have been allowable under 26 U.S.C. Section 163, as amended, if the limitation under 26 U.S.C. Section 163(j), as amended, did not exist; and

(12) One hundred percent of any retirement benefits received by any taxpayer as a result of the taxpayer's service in the Armed Forces of the United States, including reserve components and the National Guard of this state, as defined in 32 U.S.C. Sections 101(3) and 109, and any other military force organized under the laws of this state.

4. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the taxpayer's share of the Missouri fiduciary adjustment provided in section 143.351.

5. There shall be added to or subtracted from the taxpayer's federal adjusted gross income the modifications provided in section 143.411.

6. In addition to the modifications to a taxpayer's federal adjusted gross income in this section, to calculate Missouri adjusted gross income there shall be subtracted from the taxpayer's federal adjusted gross income any gain recognized pursuant to 26 U.S.C. Section 1033 of the Internal Revenue Code of 1986, as amended, arising from compulsory or involuntary conversion of property as a result of condemnation or the imminence thereof.

7. (1) As used in this subsection, "qualified health insurance premium" means the amount paid during the tax year by such taxpayer for any insurance policy primarily providing health care coverage for the taxpayer, the taxpayer's spouse, or the taxpayer's dependents.

(2) In addition to the subtractions in subsection 3 of this section, one hundred percent of the amount of qualified health insurance premiums shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for such premiums is included in federal taxable income. The taxpayer shall provide the department of

revenue with proof of the amount of qualified health insurance premiums paid.

8. (1) Beginning January 1, 2014, in addition to the subtractions provided in this section, one hundred percent of the cost incurred by a taxpayer for a home energy audit conducted by an entity certified by the department of natural resources under section 640.153 or the implementation of any energy efficiency recommendations made in such an audit shall be subtracted from the taxpayer's federal adjusted gross income to the extent the amount paid for any such activity is included in federal taxable income. The taxpayer shall provide the department of revenue with a summary of any recommendations made in a qualified home energy audit, the name and certification number of the qualified home energy auditor who conducted the audit, and proof of the amount paid for any activities under this subsection for which a deduction is claimed. The taxpayer shall also provide a copy of the summary of any recommendations made in a qualified home energy audit to the department of natural resources.

(2) At no time shall a deduction claimed under this subsection by an individual taxpayer or taxpayers filing combined returns exceed one thousand dollars per year for individual taxpayers or cumulatively exceed two thousand dollars per year for taxpayers filing combined returns.

(3) Any deduction claimed under this subsection shall be claimed for the tax year in which the qualified home energy audit was conducted or in which the implementation of the energy efficiency recommendations occurred. If implementation of the energy efficiency recommendations occurred during more than one year, the deduction may be claimed in more than one year, subject to the limitations provided under subdivision (2) of this subsection.

(4) A deduction shall not be claimed for any otherwise eligible activity under this subsection if such activity qualified for and received any rebate or other incentive through a state-sponsored energy program or through an electric corporation, gas corporation, electric cooperative, or municipally owned utility.

9. The provisions of subsection 8 of this section shall expire on December 31, 2020.] As used in this subsection, the following terms mean:

(a) "Beginning farmer", a taxpayer who:

a. Has filed at least one but not more than ten Internal Revenue Service Schedule F (Form 1040) Profit or Loss From Farming forms since turning eighteen years of age;

b. Is approved for a beginning farmer loan through the USDA Farm Services Agency beginning farmer direct or guaranteed loan programs; or

(b) Subject to the limitation in paragraph (c) of this subdivision, the amount that may be subtracted shall be equal to the portion of capital gains received from the sale of such farmland that such taxpayer receives in the tax year for which such taxpayer subtracts such capital gain.

(c) No taxpayer shall subtract more than five hundred thousand dollars in total capital gains received from the sale of such farmland under this subdivision.

(3) (a) In addition to all other subtractions authorized in this section, a taxpayer who is a farm owner who enters into a lease or rental agreement for all or a portion of such farmland with a beginning farmer may subtract from such taxpayer's Missouri adjusted gross income an amount to the extent included in federal adjusted gross income as provided in this subdivision.

(b) Subject to the limitation in paragraph (c) of this subdivision, the amount that may be subtracted shall be equal to the portion of cash rent income received from the lease or rental of such farmland that such taxpayer receives in the tax year for which such taxpayer subtracts such income.

(c) No taxpayer shall subtract more than twenty-five thousand dollars in total cash rent income received from the lease or rental of such farmland under this subdivision.

(c) No taxpayer shall subtract more than twenty-five thousand dollars in total income received from the lease or rental of such farmland under this subdivision.

(5) The department of agriculture shall, by rule, establish a process to verify that a taxpayer is a beginning farmer for purposes of this subsection and shall provide verification to the beginning farmer and farm owner of such farmer's and owner's certification and qualification for the exemption provided in this subsection. Any rule or portion of a rule, as that term is defined in section 536.010, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536 and, if applicable, section 536.028. This section and chapter 536 are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536 to review, to delay the effective date, or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2023, shall be invalid and void.

144.030. 1. There is hereby specifically exempted from the provisions of sections 144.010 to 144.525 and from the computation of the tax levied, assessed or payable pursuant to sections 144.010 to 144.525 such retail sales as may be made in commerce between this state and any other state of the United States, or between this state and any foreign country, and any retail sale which the state of Missouri is prohibited from taxing pursuant to the Constitution or laws of the United States of America, and such retail sales of tangible personal property which the

general assembly of the state of Missouri is prohibited from taxing or further taxing by the constitution of this state.

2. There are also specifically exempted from the provisions of the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.761 and from the computation of the tax levied, assessed or payable pursuant to the local sales tax law as defined in section 32.085, section 238.235, and sections 144.010 to 144.525 and 144.600 to 144.745:

(1) Motor fuel or special fuel subject to an excise tax of this state, unless all or part of such excise tax is refunded pursuant to section 142.824; or upon the sale at retail of fuel to be consumed in manufacturing or creating gas, power, steam, electrical current or in furnishing water to be sold ultimately at retail; or feed for livestock or poultry; or grain to be converted into foodstuffs which are to be sold ultimately in processed form at retail; or seed, limestone or fertilizer which is to be used for seeding, liming or fertilizing crops which when harvested will be sold at retail or will be fed to livestock or poultry to be sold ultimately in processed form at retail; economic poisons registered pursuant to the provisions of the Missouri pesticide registration law, sections 281.220 to 281.310, which are to be used in connection with the growth or production of crops, fruit trees or orchards applied before, during, or after planting, the crop of which when harvested will be sold at retail or will be converted into foodstuffs which are to be sold ultimately in processed form at retail;

(2) Materials, manufactured goods, machinery and parts which when used in manufacturing, processing, compounding, mining, producing or fabricating become a component part or ingredient of the new personal property resulting from such

manufacturing, processing, compounding, mining, producing or fabricating and which new personal property is intended to be sold ultimately for final use or consumption; and materials, including without limitation, gases and manufactured goods, including without limitation slagging materials and firebrick, which are ultimately consumed in the manufacturing process by blending, reacting or interacting with or by becoming, in whole or in part, component parts or ingredients of steel products intended to be sold ultimately for final use or consumption;

(3) Materials, replacement parts and equipment purchased for use directly upon, and for the repair and maintenance or manufacture of, motor vehicles, watercraft, railroad rolling stock or aircraft engaged as common carriers of persons or property;

(4) Replacement machinery, equipment, and parts and the materials and supplies solely required for the installation or construction of such replacement machinery, equipment, and parts, used directly in manufacturing, mining, fabricating or producing a product which is intended to be sold ultimately for final use or consumption; and machinery and equipment, and the materials and supplies required solely for the operation, installation or construction of such machinery and equipment, purchased and used to establish new, or to replace or expand existing, material recovery processing plants in this state. For the purposes of this subdivision, a "material recovery processing plant" means a facility that has as its primary purpose the recovery of materials into a usable product or a different form which is used in producing a new product and shall include a facility or equipment which are used exclusively for the collection of recovered materials for delivery to a material recovery processing plant but shall

not include motor vehicles used on highways. For purposes of this section, the terms motor vehicle and highway shall have the same meaning pursuant to section 301.010. For the purposes of this subdivision, subdivision (5) of this subsection, and section 144.054, as well as the definition in subdivision (9) of subsection 1 of section 144.010, the term "product" includes telecommunications services and the term "manufacturing" shall include the production, or production and transmission, of telecommunications services. The preceding sentence does not make a substantive change in the law and is intended to clarify that the term "manufacturing" has included and continues to include the production and transmission of "telecommunications services", as enacted in this subdivision and subdivision (5) of this subsection, as well as the definition in subdivision (9) of subsection 1 of section 144.010. The preceding two sentences reaffirm legislative intent consistent with the interpretation of this subdivision and subdivision (5) of this subsection in *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), and accordingly abrogates the Missouri supreme court's interpretation of those exemptions in *IBM Corporation v. Director of Revenue*, 491 S.W.3d 535 (Mo. banc 2016) to the extent inconsistent with this section and *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002) and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005). The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and

Southwestern Bell Tel. Co. v. Director of Revenue, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed. Material recovery is not the reuse of materials within a manufacturing process or the use of a product previously recovered. The material recovery processing plant shall qualify under the provisions of this section regardless of ownership of the material being recovered;

(5) Machinery and equipment, and parts and the materials and supplies solely required for the installation or construction of such machinery and equipment, purchased and used to establish new or to expand existing manufacturing, mining or fabricating plants in the state if such machinery and equipment is used directly in manufacturing, mining or fabricating a product which is intended to be sold ultimately for final use or consumption. The construction and application of this subdivision as expressed by the Missouri supreme court in *DST Systems, Inc. v. Director of Revenue*, 43 S.W.3d 799 (Mo. banc 2001); *Southwestern Bell Tel. Co. v. Director of Revenue*, 78 S.W.3d 763 (Mo. banc 2002); and *Southwestern Bell Tel. Co. v. Director of Revenue*, 182 S.W.3d 226 (Mo. banc 2005), is hereby affirmed;

There shall be a rebuttable presumption that the raw materials used in the primary manufacture of automobiles contain at least twenty-five percent recovered materials. For purposes of this subdivision, "processing" means any mode of treatment, act or series of acts performed upon materials to transform and reduce them to a different state or thing, including treatment necessary to maintain or preserve such processing by the producer at the production facility;
