## FIRST REGULAR SESSION

## SENATE BILL NO. 520

## 102ND GENERAL ASSEMBLY

INTRODUCED BY SENATOR CIERPIOT.

1945S.01I KRISTINA MARTIN, Secretary

## **AN ACT**

To repeal section 393.1700, RSMo, and to enact in lieu thereof one new section relating to the review of certain financing orders by the Missouri public service commission.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Section 393.1700, RSMo, is repealed and one

- 2 new section enacted in lieu thereof, to be known as section
- 3 393.1700, to read as follows:

393.1700. 1. For purposes of sections 393.1700 to

- 2 393.1715, the following terms shall mean:
- 3 (1) "Ancillary agreement", a bond, insurance policy,
- 4 letter of credit, reserve account, surety bond, interest
- 5 rate lock or swap arrangement, hedging arrangement,
- 6 liquidity or credit support arrangement, or other financial
- 7 arrangement entered into in connection with securitized
- 8 utility tariff bonds;
- 9 (2) "Assignee", a legally recognized entity to which
- 10 an electrical corporation assigns, sells, or transfers,
- 11 other than as security, all or a portion of its interest in
- 12 or right to securitized utility tariff property. The term
- 13 includes a corporation, limited liability company, general
- 14 partnership or limited partnership, public authority, trust,
- 15 financing entity, or any entity to which an assignee
- 16 assigns, sells, or transfers, other than as security, its
- 17 interest in or right to securitized utility tariff property;

20

18 (3) "Bondholder", a person who holds a securitized
19 utility tariff bond;

- (4) "Code", the uniform commercial code, chapter 400;
- 21 (5) "Commission", the Missouri public service 22 commission;
- 23 (6) "Electrical corporation", the same as defined in 24 section 386.020, but shall not include an electrical 25 corporation as described in subsection 2 of section 393.110;
- 26 (7) "Energy transition costs" include all of the 27 following:
- Pretax costs with respect to a retired or 28 abandoned or to be retired or abandoned electric generating 29 30 facility that is the subject of a petition for a financing order filed under this section where such early retirement 31 or abandonment is deemed reasonable and prudent by the 32 commission through a final order issued by the commission, 33 include, but are not limited to, the undepreciated 34 investment in the retired or abandoned or to be retired or 35 36 abandoned electric generating facility and any facilities ancillary thereto or used in conjunction therewith, costs of 37 decommissioning and restoring the site of the electric 38 generating facility, other applicable capital and operating 39 costs, accrued carrying charges, and deferred expenses, with 40 41 the foregoing to be reduced by applicable tax benefits of accumulated and excess deferred income taxes, insurance, 42 43 scrap and salvage proceeds, and may include the cost of retiring any existing indebtedness, fees, costs, and 44 45 expenses to modify existing debt agreements or for waivers 46 or consents related to existing debt agreements;
- 47 (b) Pretax costs that an electrical corporation has48 previously incurred related to the retirement or abandonment

of such an electric generating facility occurring before
August 28, 2021;

- (8) "Financing costs" includes all of the following:
- (a) Interest and acquisition, defeasance, or
   redemption premiums payable on securitized utility tariff
   bonds;
- 55 (b) Any payment required under an ancillary agreement
  56 and any amount required to fund or replenish a reserve
  57 account or other accounts established under the terms of any
  58 indenture, ancillary agreement, or other financing documents
  59 pertaining to securitized utility tariff bonds;
  - (c) Any other cost related to issuing, supporting, repaying, refunding, and servicing securitized utility tariff bonds, including servicing fees, accounting and auditing fees, trustee fees, legal fees, consulting fees, structuring adviser fees, administrative fees, placement and underwriting fees, independent director and manager fees, capitalized interest, rating agency fees, stock exchange listing and compliance fees, security registration fees, filing fees, information technology programming costs, and any other costs necessary to otherwise ensure the timely payment of securitized utility tariff bonds or other amounts or charges payable in connection with the bonds, including costs related to obtaining the financing order;
    - (d) Any taxes and license fees or other fees imposed on the revenues generated from the collection of the securitized utility tariff charge or otherwise resulting from the collection of securitized utility tariff charges, in any such case whether paid, payable, or accrued;
  - (e) Any state and local taxes, franchise, gross receipts, and other taxes or similar charges, including

80 commission assessment fees, whether paid, payable, or 81 accrued;

- 82 (f) Any costs associated with performance of the commission's responsibilities under this section in 83 connection with approving, approving subject to conditions, 84 or rejecting a petition for a financing order, and in 85 86 performing its duties in connection with the issuance advice 87 letter process, including costs to retain counsel, one or more financial advisors, or other consultants as deemed 88 89 appropriate by the commission and paid pursuant to this 90 section:
- 91 (9) "Financing order", an order from the commission 92 that authorizes the issuance of securitized utility tariff 93 bonds; the imposition, collection, and periodic adjustments 94 of a securitized utility tariff charge; the creation of 95 securitized utility tariff property; and the sale, 96 assignment, or transfer of securitized utility tariff 97 property to an assignee;
- 98 (10) "Financing party", bondholders and trustees, 99 collateral agents, any party under an ancillary agreement, 100 or any other person acting for the benefit of bondholders;
- 101 (11) "Financing statement", the same as defined in article 9 of the code;
- 103 (12) "Pledgee", a financing party to which an

  104 electrical corporation or its successors or assignees

  105 mortgages, negotiates, pledges, or creates a security

  106 interest or lien on all or any portion of its interest in or

  107 right to securitized utility tariff property;
- 108 (13) "Qualified extraordinary costs", costs incurred 109 prudently before, on, or after August 28, 2021, of an 110 extraordinary nature which would cause extreme customer rate 111 impacts if reflected in retail customer rates recovered

132

133

134

141

142

143

through customary ratemaking, such as but not limited to those related to purchases of fuel or power, inclusive of

114 carrying charges, during anomalous weather events;

- 115 (14) "Rate base cutoff date", the same as defined in 116 subdivision (4) of subsection 1 of section 393.1400 as such 117 term existed on August 28, 2021;
- "Securitized utility tariff bonds", bonds, 118 119 debentures, notes, certificates of participation, 120 certificates of beneficial interest, certificates of 121 ownership, or other evidences of indebtedness or ownership 122 that are issued by an electrical corporation or an assignee pursuant to a financing order, the proceeds of which are 123 124 used directly or indirectly to recover, finance, or 125 refinance commission-approved securitized utility tariff 126 costs and financing costs, and that are secured by or 127 payable from securitized utility tariff property. If 128 certificates of participation or ownership are issued, references in this section to principal, interest, or 129 130 premium shall be construed to refer to comparable amounts under those certificates; 131
  - authorized by the commission to repay, finance, or refinance securitized utility tariff costs and financing costs and that are, except as otherwise provided for in this section, nonbypassable charges imposed on and part of all retail customer bills, collected by an electrical corporation or its successors or assignees, or a collection agent, in full, separate and apart from the electrical corporation's base rates, and paid by all existing or future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules, except for customers receiving electrical

144 service under special contracts as of August 28, 2021, even

- if a retail customer elects to purchase electricity from an
- 146 alternative electricity supplier following a fundamental
- 147 change in regulation of public utilities in this state;
- 148 (17) "Securitized utility tariff costs", either energy
- 149 transition costs or qualified extraordinary costs as the
- 150 case may be;
- 151 (18) "Securitized utility tariff property", all of the
- 152 following:
- 153 (a) All rights and interests of an electrical
- 154 corporation or successor or assignee of the electrical
- 155 corporation under a financing order, including the right to
- 156 impose, bill, charge, collect, and receive securitized
- 157 utility tariff charges authorized under the financing order
- 158 and to obtain periodic adjustments to such charges as
- 159 provided in the financing order;
- 160 (b) All revenues, collections, claims, rights to
- 161 payments, payments, money, or proceeds arising from the
- 162 rights and interests specified in the financing order,
- 163 regardless of whether such revenues, collections, claims,
- 164 rights to payment, payments, money, or proceeds are imposed,
- 165 billed, received, collected, or maintained together with or
- 166 commingled with other revenues, collections, rights to
- 167 payment, payments, money, or proceeds;
- 168 (19) "Special contract", electrical service provided
- 169 under the terms of a special incremental load rate schedule
- 170 at a fixed price rate approved by the commission.
- 171 2. (1) An electrical corporation may petition the
- 172 commission for a financing order to finance energy
- 173 transition costs through an issuance of securitized utility
- 174 tariff bonds. The petition shall include all of the
- 175 following:

186

176 A description of the electric generating facility 177 or facilities that the electrical corporation has retired or 178 abandoned, or proposes to retire or abandon, prior to the date that all undepreciated investment relating thereto has 179 180 been recovered through rates and the reasons for undertaking 181 such early retirement or abandonment, or if the electrical 182 corporation is subject to a separate commission order or 183 proceeding relating to such retirement or abandonment as 184 contemplated by subdivision (2) of this subsection, and a 185 description of the order or other proceeding;

- (b) The energy transition costs;
- An indicator of whether the electrical corporation 187 (C) 188 proposes to finance all or a portion of the energy 189 transition costs using securitized utility tariff bonds. If 190 the electrical corporation proposes to finance a portion of 191 the costs, the electrical corporation shall identify the 192 specific portion in the petition. By electing not to finance all or any portion of such energy transition costs 193 using securitized utility tariff bonds, an electrical 194 195 corporation shall not be deemed to waive its right to 196 recover such costs pursuant to a separate proceeding with 197 the commission;
- 198 (d) An estimate of the financing costs related to the 199 securitized utility tariff bonds;
- (e) An estimate of the securitized utility tariff
  charges necessary to recover the securitized utility tariff
  costs and financing costs and the period for recovery of
  such costs;
- (f) A comparison between the net present value of the costs to customers that are estimated to result from the issuance of securitized utility tariff bonds and the costs that would result from the application of the traditional

208 method of financing and recovering the undepreciated

209 investment of facilities that may become securitized utility

- 210 tariff costs from customers. The comparison should
- 211 demonstrate that the issuance of securitized utility tariff
- 212 bonds and the imposition of securitized utility tariff
- 213 charges are expected to provide quantifiable net present
- 214 value benefits to customers;
- 215 (g) A proposed future ratemaking process to reconcile
- 216 any differences between securitized utility tariff costs
- 217 financed by securitized utility tariff bonds and the final
- 218 securitized costs incurred by the electrical corporation or
- 219 assignee provided that any such reconciliation shall not
- 220 affect the amount of securitized utility tariff bonds or the
- 221 associated securitized utility tariff charges paid by
- 222 customers; and
- (h) Direct testimony supporting the petition.
- 224 (2) An electrical corporation may petition the
- 225 commission for a financing order to finance qualified
- 226 extraordinary costs. The petition shall include all of the
- 227 following:
- 228 (a) A description of the qualified extraordinary
- 229 costs, including their magnitude, the reasons those costs
- 230 were incurred by the electrical corporation and the retail
- 231 customer rate impact that would result from customary
- 232 ratemaking treatment of such costs;
- 233 (b) An indicator of whether the electrical corporation
- 234 proposes to finance all or a portion of the qualified
- 235 extraordinary costs using securitized utility tariff bonds.
- 236 If the electrical corporation proposes to finance a portion
- 237 of the costs, the electrical corporation shall identify the
- 238 specific portion in the petition. By electing not to
- 239 finance all or any portion of such qualified extraordinary

260

261

262

263

264

265

266

267

268

costs using securitized utility tariff bonds, an electrical corporation shall not be deemed to waive its right to reflect such costs in its retail rates pursuant to a separate proceeding with the commission;

- 244 (c) An estimate of the financing costs related to the securitized utility tariff bonds;
- (d) An estimate of the securitized utility tariff
  charges necessary to recover the qualified extraordinary
  costs and financing costs and the period for recovery of
  such costs;
- 250 (e) A comparison between the net present value of the costs to customers that are estimated to result from the 251 252 issuance of securitized utility tariff bonds and the costs 253 that would result from the application of the customary 254 method of financing and reflecting the qualified extraordinary costs in retail customer rates. The 255 256 comparison should demonstrate that the issuance of securitized utility tariff bonds and the imposition of 257 258 securitized utility tariff charges are expected to provide 259 quantifiable net present value benefits to retail customers;
  - (f) A proposed future ratemaking process to reconcile any differences between securitized utility tariff costs financed by securitized utility tariff bonds and the final securitized costs incurred by the electrical corporation or assignee provided that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated securitized utility tariff charges paid by customers; and
  - (g) Direct testimony supporting the petition.
- 269 (3) (a) Proceedings on a petition submitted pursuant 270 to this subsection begin with the petition by an electrical 271 corporation and shall be disposed of in accordance with the

requirements of this section and the rules of the commission, except as follows:

- a. The commission shall establish a procedural schedule that permits a commission decision no later than two hundred fifteen days after the date the petition is filed;
- No later than two hundred fifteen days after the 278 b. 279 date the petition is filed, the commission shall issue a 280 financing order approving the petition, an order approving 281 the petition subject to conditions, or an order rejecting 282 the petition; provided, however, that the electrical corporation shall provide notice of intent to file a 283 petition for a financing order to the commission no less 284 285 than sixty days in advance of such filing;
- 286 c. Judicial review of a financing order may be had 287 only in accordance with sections 386.500 and 386.510.
- 288 In performing its responsibilities under this (b) section in approving, approving subject to conditions, or 289 rejecting a petition for a financing order, the commission 290 291 may retain counsel, one or more financial advisors, or other 292 consultants as it deems appropriate. Such outside counsel, advisor or advisors, or consultants shall owe a duty of 293 294 loyalty solely to the commission and shall have no interest 295 in the proposed securitized utility tariff bonds. The costs 296 associated with any such engagements shall be paid by the 297 petitioning corporation and shall be included as financed costs in the securitized utility tariff charge and shall not 298 be an obligation of the state and shall be assigned solely 299 300 to the subject transaction. The commission may directly 301 contract counsel, financial advisors, or other consultants 302 as necessary for effectuating the purposes of this section.

303 Such contracting procedures shall not be subject to the 304 provisions of chapter 34.

- 305 (c) A financing order issued by the commission, after 306 a hearing, to an electrical corporation shall include all of the following elements:
- 308 The amount of securitized utility tariff costs to be financed using securitized utility tariff bonds and a 309 310 finding that recovery of such costs is just and reasonable 311 and in the public interest. The commission shall describe 312 and estimate the amount of financing costs that may be recovered through securitized utility tariff charges and 313 specify the period over which securitized utility tariff 314 315 costs and financing costs may be recovered;
- 316 A finding that the proposed issuance of securitized 317 utility tariff bonds and the imposition and collection of a 318 securitized utility tariff charge are just and reasonable 319 and in the public interest and are expected to provide quantifiable net present value benefits to customers as 320 321 compared to recovery of the components of securitized utility tariff costs that would have been incurred absent 322 323 the issuance of securitized utility tariff bonds. 324 Notwithstanding any provisions of this section to the contrary, in considering whether to find the proposed 325 326 issuance of securitized utility tariff bonds and the 327 imposition and collection of a securitized utility tariff 328 charge are just and reasonable and in the public interest, the commission may consider previous instances where it has 329 issued financing orders to the petitioning electrical 330 corporation and such electrical corporation has previously 331 332 issued securitized utility tariff bonds; 333
  - c. A finding that the proposed structuring and pricing of the securitized utility tariff bonds are reasonably

334

expected to result in the lowest securitized utility tariff
charges consistent with market conditions at the time the
securitized utility tariff bonds are priced and the terms of
the financing order;

- d. A requirement that, for so long as the securitized utility tariff bonds are outstanding and until all financing costs have been paid in full, the imposition and collection of securitized utility tariff charges authorized under a financing order shall be nonbypassable and paid by all existing and future retail customers receiving electrical service from the electrical corporation or its successors or assignees under commission-approved rate schedules except for customers receiving electrical service under special contracts on August 28, 2021, even if a retail customer elects to purchase electricity from an alternative electric supplier following a fundamental change in regulation of public utilities in this state;
- e. A formula-based true-up mechanism for making, at least annually, expeditious periodic adjustments in the securitized utility tariff charges that customers are required to pay pursuant to the financing order and for making any adjustments that are necessary to correct for any overcollection or undercollection of the charges or to otherwise ensure the timely payment of securitized utility tariff bonds and financing costs and other required amounts and charges payable under the securitized utility tariff bonds;
- f. The securitized utility tariff property that is, or shall be, created in favor of an electrical corporation or its successors or assignees and that shall be used to pay or secure securitized utility tariff bonds and approved financing costs;

g. The degree of flexibility to be afforded to the
electrical corporation in establishing the terms and
conditions of the securitized utility tariff bonds,
including, but not limited to, repayment schedules, expected
interest rates, and other financing costs;

- h. How securitized utility tariff charges will be allocated among retail customer classes. The initial allocation shall remain in effect until the electrical corporation completes a general rate proceeding, and once the commission's order from that general rate proceeding becomes final, all subsequent applications of an adjustment mechanism regarding securitized utility tariff charges shall incorporate changes in the allocation of costs to customers as detailed in the commission's order from the electrical corporation's most recent general rate proceeding;
- i. A requirement that, after the final terms of an issuance of securitized utility tariff bonds have been established and before the issuance of securitized utility tariff bonds, the electrical corporation determines the resulting initial securitized utility tariff charge in accordance with the financing order, and that such initial securitized utility tariff charge be final and effective upon the issuance of such securitized utility tariff bonds with such charge to be reflected on a compliance tariff sheet bearing such charge;
- j. A method of tracing funds collected as securitized utility tariff charges, or other proceeds of securitized utility tariff property, determining that such method shall be deemed the method of tracing such funds and determining the identifiable cash proceeds of any securitized utility tariff property subject to a financing order under applicable law;

399 k. A statement specifying a future ratemaking process 400 to reconcile any differences between the actual securitized 401 utility tariff costs financed by securitized utility tariff 402 bonds and the final securitized utility tariff costs 403 incurred by the electrical corporation or assignee provided 404 that any such reconciliation shall not affect the amount of securitized utility tariff bonds or the associated 405 406 securitized utility tariff charges paid by customers;

- 1. A procedure that shall allow the electrical corporation to earn a return, at the cost of capital authorized from time to time by the commission in the electrical corporation's rate proceedings, on any moneys advanced by the electrical corporation to fund reserves, if any, or capital accounts established under the terms of any indenture, ancillary agreement, or other financing documents pertaining to the securitized utility tariff bonds;
- In a financing order granting authorization to securitize energy transition costs or in a financing order granting authorization to securitize qualified extraordinary costs that include retired or abandoned facility costs, a procedure for the treatment of accumulated deferred income taxes and excess deferred income taxes in connection with the retired or abandoned or to be retired or abandoned electric generating facility, or in connection with retired or abandoned facilities included in qualified extraordinary The accumulated deferred income taxes, including excess deferred income taxes, shall be excluded from rate base in future general rate cases and the net tax benefits relating to amounts that will be recovered through the issuance of securitized utility tariff bonds shall be credited to retail customers by reducing the amount of such securitized utility tariff bonds that would otherwise be

431 issued. The customer credit shall include the net present

432 value of the tax benefits, calculated using a discount rate

- 433 equal to the expected interest rate of the securitized
- 434 utility tariff bonds, for the estimated accumulated and
- 435 excess deferred income taxes at the time of securitization
- 436 including timing differences created by the issuance of
- 437 securitized utility tariff bonds amortized over the period
- 438 of the bonds multiplied by the expected interest rate on
- 439 such securitized utility tariff bonds;
- n. An outside date, which shall not be earlier than
- one year after the date the financing order is no longer
- 442 subject to appeal, when the authority to issue securitized
- 443 utility tariff bonds granted in such financing order shall
- 444 expire; and
- o. Include any other conditions that the commission
- 446 considers appropriate and that are not inconsistent with
- 447 this section.
- (d) A financing order issued to an electrical
- 449 corporation may provide that creation of the electrical
- 450 corporation's securitized utility tariff property is
- 451 conditioned upon, and simultaneous with, the sale or other
- 452 transfer of the securitized utility tariff property to an
- 453 assignee and the pledge of the securitized utility tariff
- 454 property to secure securitized utility tariff bonds.
- (e) If the commission issues a financing order, the
- 456 electrical corporation shall file with the commission at
- 457 least annually a petition or a letter applying the formula-
- 458 based true-up mechanism and, based on estimates of
- 459 consumption for each rate class and other mathematical
- 460 factors, requesting administrative approval to make the
- 461 applicable adjustments. The review of the filing shall be
- 462 limited to determining whether there are any mathematical or

clerical errors in the application of the formula-based true-up mechanism relating to the appropriate amount of any overcollection or undercollection of securitized utility tariff charges and the amount of an adjustment. adjustments shall ensure the recovery of revenues sufficient to provide for the payment of principal, interest, acquisition, defeasance, financing costs, or redemption premium and other fees, costs, and charges in respect of securitized utility tariff bonds approved under the financing order. Within thirty days after receiving an electrical corporation's request pursuant to this paragraph, the commission shall either approve the request or inform the electrical corporation of any mathematical or clerical errors in its calculation. If the commission informs the electrical corporation of mathematical or clerical errors in its calculation, the electrical corporation shall correct its error and refile its request. The time frames previously described in this paragraph shall apply to a refiled request. 

(f) At the time of any transfer of securitized utility tariff property to an assignee or the issuance of securitized utility tariff bonds authorized thereby, whichever is earlier, a financing order is irrevocable and, except for changes made pursuant to the formula-based true-up mechanism authorized in this section, the commission may not amend, modify, or terminate the financing order by any subsequent action or reduce, impair, postpone, terminate, or otherwise adjust securitized utility tariff charges approved in the financing order. After the issuance of a financing order, the electrical corporation retains sole discretion regarding whether to assign, sell, or otherwise transfer securitized utility tariff property or to cause securitized

utility tariff bonds to be issued, including the right to

defer or postpone such assignment, sale, transfer, or

issuance.

- The commission, in a financing order and subject 498 (a) 499 to the issuance advice letter process under paragraph (h) of 500 this subdivision, shall specify the degree of flexibility to be afforded the electrical corporation in establishing the 501 502 terms and conditions for the securitized utility tariff 503 bonds to accommodate changes in market conditions, including 504 repayment schedules, interest rates, financing costs, collateral requirements, required debt service and other 505 reserves and the ability of the electrical corporation, at 506 its option, to effect a series of issuances of securitized 507 utility tariff bonds and correlated assignments, sales, 508 509 pledges, or other transfers of securitized utility tariff 510 property. Any changes made under this paragraph to terms 511 and conditions for the securitized utility tariff bonds shall be in conformance with the financing order. 512
- 513 As the actual structure and pricing of the securitized utility tariff bonds will be unknown at the time 514 the financing order is issued, prior to the issuance of each 515 series of bonds, an issuance advice letter shall be provided 516 to the commission by the electrical corporation following 517 the determination of the final terms of such series of bonds 518 519 no later than one day after the pricing of the securitized 520 utility tariff bonds. The commission shall have the 521 authority to designate a representative or representatives from commission staff, who may be advised by a financial 522 advisor or advisors contracted with the commission, to 523 524 provide input to the electrical corporation and collaborate with the electrical corporation in all facets of the process 525 undertaken by the electrical corporation to place the 526

527 securitized utility tariff bonds to market so the 528 commission's representative or representatives can provide 529 the commission with an opinion on the reasonableness of the pricing, terms, and conditions of the securitized utility 530 531 tariff bonds on an expedited basis. Neither the designated 532 representative or representatives from the commission staff nor one or more financial advisors advising commission staff 533 534 shall have authority to direct how the electrical corporation places the bonds to market although they shall 535 536 be permitted to attend all meetings convened by the 537 electrical corporation to address placement of the bonds to 538 market. The form of such issuance advice letter shall be included in the financing order and shall indicate the final 539 540 structure of the securitized utility tariff bonds and 541 provide the best available estimate of total ongoing 542 financing costs. The issuance advice letter shall report 543 the initial securitized utility tariff charges and other information specific to the securitized utility tariff bonds 544 545 to be issued, as the commission may require. Unless an earlier date is specified in the financing order, the 546 electrical corporation may proceed with the issuance of the 547 securitized utility tariff bonds unless, prior to noon on 548 the fourth business day after the commission receives the 549 550 issuance advice letter, the commission issues a disapproval 551 letter directing that the bonds as proposed shall not be 552 issued and the basis for that disapproval. The financing 553 order may provide such additional provisions relating to the 554 issuance advice letter process as the commission considers appropriate and as are not inconsistent with this section. 555 556 In performing the responsibilities of this 557 section in connection with the issuance of a financing order, approving the petition, an order approving the 558

574

575

576

577

578579

580

581

582

petition subject to conditions, or an order rejecting the 559 560 petition, the commission shall undertake due diligence as it 561 deems appropriate prior to the issuance of the order regarding the petition pursuant to which the commission may 562 563 request additional information from the electrical 564 corporation and may engage one or more financial advisors, one or more consultants, and counsel as the commission deems 565 566 necessary. Any financial advisor or advisors, counsel, and consultants engaged by the commission shall have a fiduciary 567 568 duty with respect to the proposed issuance of securitized 569 utility bonds solely to the commission. All expenses 570 associated with such services shall be included as part of the financing costs of the securitized utility tariff bonds 571 572 and shall be included in the securitized utility tariff 573 charge.

- (b) If an electrical corporation's petition for a financing order is denied or withdrawn, or for any reason securitized utility tariff bonds are not issued, any costs of retaining one or more financial advisors, one or more consultants, and counsel on behalf of the commission shall be paid by the petitioning electrical corporation and shall be eligible for full recovery, including carrying costs, if approved by the commission in the electrical corporation's future rates.
- 583 (5) At the request of an electrical corporation, the 584 commission may commence a proceeding and issue a subsequent financing order that provides for refinancing, retiring, or 585 refunding securitized utility tariff bonds issued pursuant 586 to the original financing order if the commission finds that 587 588 the subsequent financing order satisfies all of the criteria 589 specified in this section for a financing order. Effective upon retirement of the refunded securitized utility tariff 590

599

600

601

602

603

604 605

bonds and the issuance of new securitized utility tariff bonds, the commission shall adjust the related securitized utility tariff charges accordingly.

- (6) (a) A financing order remains in effect and securitized utility tariff property under the financing order continues to exist until securitized utility tariff bonds issued pursuant to the financing order have been paid in full or defeased and, in each case, all commissionapproved financing costs of such securitized utility tariff bonds have been recovered in full.
- (b) A financing order issued to an electrical corporation remains in effect and unabated notwithstanding the reorganization, bankruptcy, or other insolvency proceedings, merger, or sale of the electrical corporation or its successors or assignees.
- The commission may not, in exercising its 606 3. 607 powers and carrying out its duties regarding any matter within its authority, consider the securitized utility 608 609 tariff bonds issued pursuant to a financing order to be the debt of the electrical corporation other than for federal 610 and state income tax purposes, consider the securitized 611 utility tariff charges paid under the financing order to be 612 the revenue of the electrical corporation for any purpose, 613 614 consider the securitized utility tariff costs or financing 615 costs specified in the financing order to be the costs of 616 the electrical corporation, nor may the commission determine 617 any action taken by an electrical corporation which is consistent with the financing order to be unjust or 618 unreasonable, and section 386.300 shall not apply to the 619 620 issuance of securitized utility tariff bonds.
- 621 (2) Securitized utility tariff charges shall not be 622 utilized or accounted for in determining the electrical

644

645

646

647

648

649

650

651

corporation's average overall rate, as defined in section 393.1655 and as used to determine the maximum retail rate impact limitations provided for by subsections 3 and 4 of section 393.1655.

- (3) No electrical corporation is required to file a 627 628 petition for a financing order under this section or otherwise utilize this section. An electrical corporation's 629 630 decision not to file a petition for a financing order under 631 this section shall not be admissible in any commission 632 proceeding nor shall it be otherwise utilized or relied on by the commission in any proceeding respecting the 633 electrical corporation's rates or its accounting, including, 634 635 without limitation, any general rate proceeding, fuel 636 adjustment clause docket, or proceedings relating to 637 accounting authority, whether initiated by the electrical 638 corporation or otherwise. The commission may not order or 639 otherwise directly or indirectly require an electrical corporation to use securitized utility tariff bonds to 640 recover securitized utility tariff costs or to finance any 641 project, addition, plant, facility, extension, capital 642 improvement, equipment, or any other expenditure. 643
  - (4) The commission may not refuse to allow an electrical corporation to recover securitized utility tariff costs in an otherwise permissible fashion, or refuse or condition authorization or approval of the issuance and sale by an electrical corporation of securities or the assumption by the electrical corporation of liabilities or obligations, because of the potential availability of securitized utility tariff bond financing.
- (5) After the issuance of a financing order with or without conditions, the electrical corporation retains sole discretion regarding whether to cause the securitized

677

678

679

680

681

682

utility tariff bonds to be issued, including the right to 655 656 defer or postpone such sale, assignment, transfer, or 657 issuance. Nothing shall prevent the electrical corporation from abandoning the issuance of securitized utility tariff 658 bonds under the financing order by filing with the 659 660 commission a statement of abandonment and the reasons therefor; provided, that the electrical corporation's 661 662 abandonment decision shall not be deemed imprudent because of the potential availability of securitized utility tariff 663 664 bond financing; and provided further, that an electrical corporation's decision to abandon issuance of such bonds may 665 be raised by any party, including the commission, as a 666 reason the commission should not authorize, or should 667 modify, the rate-making treatment proposed by the electrical 668 corporation of the costs associated with the electric 669 670 generating facility that was the subject of a petition under 671 this section that would have been securitized as energy transition costs had such abandonment decision not been 672 673 made, but only if the electrical corporation requests nonstandard plant retirement treatment of such costs for 674 rate-making purposes. 675 676 The commission may not, directly or indirectly,

- (6) The commission may not, directly or indirectly, utilize or consider the debt reflected by the securitized utility tariff bonds in establishing the electrical corporation's capital structure used to determine any regulatory matter, including but not limited to the electrical corporation's revenue requirement used to set its rates.
- 683 (7) The commission may not, directly or indirectly,
  684 consider the existence of securitized utility tariff bonds
  685 or the potential use of securitized utility tariff bond
  686 financing proceeds in determining the electrical

corporation's authorized rate of return used to determine
the electrical corporation's revenue requirement used to set
its rates.

- 4. The electric bills of an electrical corporation that has obtained a financing order and caused securitized utility tariff bonds to be issued shall comply with the provisions of this subsection; however, the failure of an electrical corporation to comply with this subsection does not invalidate, impair, or affect any financing order, securitized utility tariff property, securitized utility tariff charge, or securitized utility tariff bonds. The electrical corporation shall do the following:
- 699 (1)Explicitly reflect that a portion of the charges 700 on such bill represents securitized utility tariff charges 701 approved in a financing order issued to the electrical corporation and, if the securitized utility tariff property 702 703 has been transferred to an assignee, shall include a statement to the effect that the assignee is the owner of 704 the rights to securitized utility tariff charges and that 705 the electrical corporation or other entity, if applicable, 706 707 is acting as a collection agent or servicer for the 708 assignee. The tariff applicable to customers shall indicate 709 the securitized utility tariff charge and the ownership of 710 the charge;
  - (2) Include the securitized utility tariff charge on each customer's bill as a separate line item and include both the rate and the amount of the charge on each bill.
- 5. (1) (a) All securitized utility tariff property
  that is specified in a financing order constitutes an
  existing, present intangible property right or interest
  therein, notwithstanding that the imposition and collection
  of securitized utility tariff charges depends on the

719 electrical corporation, to which the financing order is

720 issued, performing its servicing functions relating to the

- 721 collection of securitized utility tariff charges and on
- 722 future electricity consumption. The property exists:
- 723 a. Regardless of whether or not the revenues or
- 724 proceeds arising from the property have been billed, have
- 725 accrued, or have been collected; and
- 726 b. Notwithstanding the fact that the value or amount
- 727 of the property is dependent on the future provision of
- 728 service to customers by the electrical corporation or its
- 729 successors or assignees and the future consumption of
- 730 electricity by customers.
- 731 (b) Securitized utility tariff property specified in a
- 732 financing order exists until securitized utility tariff
- 733 bonds issued pursuant to the financing order are paid in
- 734 full and all financing costs and other costs of such
- 735 securitized utility tariff bonds have been recovered in full.
- 736 (c) All or any portion of securitized utility tariff
- 737 property specified in a financing order issued to an
- 738 electrical corporation may be transferred, sold, conveyed,
- 739 or assigned to a successor or assignee that is wholly owned,
- 740 directly or indirectly, by the electrical corporation and
- 741 created for the limited purpose of acquiring, owning, or
- 742 administering securitized utility tariff property or issuing
- 743 securitized utility tariff bonds under the financing order.
- 744 All or any portion of securitized utility tariff property
- 745 may be pledged to secure securitized utility tariff bonds
- 746 issued pursuant to the financing order, amounts payable to
- 747 financing parties and to counterparties under any ancillary
- 748 agreements, and other financing costs. Any transfer, sale,
- 749 conveyance, assignment, grant of a security interest in or
- 750 pledge of securitized utility tariff property by an

767

768

769

770

771

772

773

774

775

electrical corporation, or an affiliate of the electrical corporation, to an assignee, to the extent previously authorized in a financing order, does not require the prior consent and approval of the commission.

- 755 If an electrical corporation defaults on any 756 required remittance of securitized utility tariff charges arising from securitized utility tariff property specified 757 758 in a financing order, a court, upon application by an 759 interested party, and without limiting any other remedies 760 available to the applying party, shall order the 761 sequestration and payment of the revenues arising from the 762 securitized utility tariff property to the financing parties or their assignees. Any such financing order remains in 763 764 full force and effect notwithstanding any reorganization, 765 bankruptcy, or other insolvency proceedings with respect to 766 the electrical corporation or its successors or assignees.
  - (e) The interest of a transferee, purchaser, acquirer, assignee, or pledgee in securitized utility tariff property specified in a financing order issued to an electrical corporation, and in the revenue and collections arising from that property, is not subject to setoff, counterclaim, surcharge, or defense by the electrical corporation or any other person or in connection with the reorganization, bankruptcy, or other insolvency of the electrical corporation or any other entity.
- (f) Any successor to an electrical corporation,
  whether pursuant to any reorganization, bankruptcy, or other
  insolvency proceeding or whether pursuant to any merger or
  acquisition, sale, or other business combination, or
  transfer by operation of law, as a result of electrical
  corporation restructuring or otherwise, shall perform and
  satisfy all obligations of, and have the same rights under a

783 financing order as, the electrical corporation under the

784 financing order in the same manner and to the same extent as

- 785 the electrical corporation, including collecting and paying
- 786 to the person entitled to receive the revenues, collections,
- 787 payments, or proceeds of the securitized utility tariff
- 788 property. Nothing in this section is intended to limit or
- 789 impair any authority of the commission concerning the
- 790 transfer or succession of interests of public utilities.
- 791 (g) Securitized utility tariff bonds shall be
- 792 nonrecourse to the credit or any assets of the electrical
- 793 corporation other than the securitized utility tariff
- 794 property as specified in the financing order and any rights
- 795 under any ancillary agreement.
- 796 (2) (a) The creation, perfection, priority, and
- 797 enforcement of any security interest in securitized utility
- 798 tariff property to secure the repayment of the principal and
- 799 interest and other amounts payable in respect of securitized
- 800 utility tariff bonds, amounts payable under any ancillary
- 801 agreement and other financing costs are governed by this
- 802 section and not by the provisions of the code, except as
- 803 otherwise provided in this section.
- 804 (b) A security interest in securitized utility tariff
- 805 property is created, valid, and binding at the later of the
- 806 time:
- a. The financing order is issued;
- b. A security agreement is executed and delivered by
- 809 the debtor granting such security interest;
- 810 c. The debtor has rights in such securitized utility
- 811 tariff property or the power to transfer rights in such
- 812 securitized utility tariff property; or
- 813 d. Value is received for the securitized utility
- 814 tariff property.

845

846

815 The description of securitized utility tariff property in a 816 security agreement is sufficient if the description refers 817 to this section and the financing order creating the securitized utility tariff property. A security interest 818 819 shall attach as provided in this paragraph without any 820 physical delivery of collateral or other act.

- Upon the filing of a financing statement with the office of the secretary of state as provided in this section, a security interest in securitized utility tariff property shall be perfected against all parties having claims of any kind in tort, contract, or otherwise against the person granting the security interest, and regardless of whether the parties have notice of the security interest. Without limiting the foregoing, upon such filing a security interest in securitized utility tariff property shall be perfected against all claims of lien creditors, and shall have priority over all competing security interests and other claims other than any security interest previously perfected in accordance with this section.
- The priority of a security interest in securitized (d) utility tariff property is not affected by the commingling of securitized utility tariff charges with other amounts. Any pledgee or secured party shall have a perfected security interest in the amount of all securitized utility tariff charges that are deposited in any cash or deposit account of the qualifying electrical corporation in which securitized utility tariff charges have been commingled with other funds 841 and any other security interest that may apply to those 842 funds shall be terminated when they are transferred to a 843 844 segregated account for the assignee or a financing party.
  - No application of the formula-based true-up mechanism as provided in this section will affect the

validity, perfection, or priority of a security interest in or transfer of securitized utility tariff property.

- (f) If a default occurs under the securitized utility tariff bonds that are secured by a security interest in securitized utility tariff property, the financing parties or their representatives may exercise the rights and remedies available to a secured party under the code, including the rights and remedies available under part 6 of article 9 of the code. The commission may also order amounts arising from securitized utility tariff charges be transferred to a separate account for the financing parties' benefit, to which their lien and security interest shall apply. On application by or on behalf of the financing parties, the circuit court for the county or city in which the electrical corporation's headquarters is located shall order the sequestration and payment to them of revenues arising from the securitized utility tariff charges.
- (3) (a) Any sale, assignment, or other transfer of securitized utility tariff property shall be an absolute transfer and true sale of, and not a pledge of or secured transaction relating to, the seller's right, title, and interest in, to, and under the securitized utility tariff property if the documents governing the transaction expressly state that the transaction is a sale or other absolute transfer other than for federal and state income tax purposes. For all purposes other than federal and state income tax purposes, the parties' characterization of a transaction as a sale of an interest in securitized utility tariff property shall be conclusive that the transaction is a true sale and that ownership has passed to the party characterized as the purchaser, regardless of whether the purchaser has possession of any documents evidencing or

879 pertaining to the interest. A sale or similar outright

- 880 transfer of an interest in securitized utility tariff
- property may occur only when all of the following have
- 882 occurred:
- 883 a. The financing order creating the securitized
- 884 utility tariff property has become effective;
- b. The documents evidencing the transfer of
- 886 securitized utility tariff property have been executed by
- the assignor and delivered to the assignee; and
- 888 c. Value is received for the securitized utility
- 889 tariff property.
- 890 After such a transaction, the securitized utility tariff
- 891 property is not subject to any claims of the transferor or
- 892 the transferor's creditors, other than creditors holding a
- 893 prior security interest in the securitized utility tariff
- 894 property perfected in accordance with this section.
- 895 (b) The characterization of the sale, assignment, or
- 896 other transfer as an absolute transfer and true sale and the
- 897 corresponding characterization of the property interest of
- 898 the purchaser shall not be affected or impaired by the
- 899 occurrence of any of the following factors:
- 900 a. Commingling of securitized utility tariff charges
- 901 with other amounts;
- 902 b. The retention by the seller of (i) a partial or
- 903 residual interest, including an equity interest, in the
- 904 securitized utility tariff property, whether direct or
- 905 indirect, or whether subordinate or otherwise, or (ii) the
- 906 right to recover costs associated with taxes, franchise
- 907 fees, or license fees imposed on the collection of
- 908 securitized utility tariff charges;

909 c. Any recourse that the purchaser may have against 910 the seller;

- 911 d. Any indemnification rights, obligations, or
- 912 repurchase rights made or provided by the seller;
- 913 e. The obligation of the seller to collect securitized
- 914 utility tariff charges on behalf of an assignee;
- 915 f. The transferor acting as the servicer of the
- 916 securitized utility tariff charges or the existence of any
- 917 contract that authorizes or requires the electrical
- 918 corporation, to the extent that any interest in securitized
- 919 utility tariff property is sold or assigned, to contract
- 920 with the assignee or any financing party that it will
- 921 continue to operate its system to provide service to its
- 922 customers, will collect amounts in respect of the
- 923 securitized utility tariff charges for the benefit and
- 924 account of such assignee or financing party, and will
- 925 account for and remit such amounts to or for the account of
- 926 such assignee or financing party;
- 927 g. The treatment of the sale, conveyance, assignment,
- 928 or other transfer for tax, financial reporting, or other
- 929 purposes;
- 930 h. The granting or providing to bondholders a
- 931 preferred right to the securitized utility tariff property
- 932 or credit enhancement by the electrical corporation or its
- 933 affiliates with respect to such securitized utility tariff
- 934 bonds;
- 935 i. Any application of the formula-based true-up
- 936 mechanism as provided in this section.
- 937 (c) Any right that an electrical corporation has in
- 938 the securitized utility tariff property before its pledge,
- 939 sale, or transfer or any other right created under this
- 940 section or created in the financing order and assignable

941 under this section or assignable pursuant to a financing

- 942 order is property in the form of a contract right or a chose
- 943 in action. Transfer of an interest in securitized utility
- 944 tariff property to an assignee is enforceable only upon the
- 945 later of:
- 946 a. The issuance of a financing order;
- b. The assignor having rights in such securitized
- 948 utility tariff property or the power to transfer rights in
- 949 such securitized utility tariff property to an assignee;
- 950 c. The execution and delivery by the assignor of
- 951 transfer documents in connection with the issuance of
- 952 securitized utility tariff bonds; and
- 953 d. The receipt of value for the securitized utility
- 954 tariff property.
- 955 An enforceable transfer of an interest in securitized
- 956 utility tariff property to an assignee is perfected against
- 957 all third parties, including subsequent judicial or other
- 958 lien creditors, when a notice of that transfer has been
- 959 given by the filing of a financing statement in accordance
- 960 with subsection 7 of this section. The transfer is
- 961 perfected against third parties as of the date of filing.
- 962 (d) The priority of a transfer perfected under this
- 963 section is not impaired by any later modification of the
- 964 financing order or securitized utility tariff property or by
- 965 the commingling of funds arising from securitized utility
- 966 tariff property with other funds. Any other security
- 967 interest that may apply to those funds, other than a
- 968 security interest perfected under this section, is
- 969 terminated when they are transferred to a segregated account
- 970 for the assignee or a financing party. If securitized
- 971 utility tariff property has been transferred to an assignee

984

985 986

or financing party, any proceeds of that property shall be held in trust for the assignee or financing party.

- 974 (e) The priority of the conflicting interests of 975 assignees in the same interest or rights in any securitized 976 utility tariff property is determined as follows:
- a. Conflicting perfected interests or rights of
  assignees rank according to priority in time of perfection.
  Priority dates from the time a filing covering the transfer
  is made in accordance with subsection 7 of this section;
- b. A perfected interest or right of an assignee haspriority over a conflicting unperfected interest or right ofan assignee;
  - c. A perfected interest or right of an assignee has priority over a person who becomes a lien creditor after the perfection of such assignee's interest or right.
- The description of securitized utility tariff 987 988 property being transferred to an assignee in any sale agreement, purchase agreement, or other transfer agreement, 989 990 granted or pledged to a pledgee in any security agreement, 991 pledge agreement, or other security document, or indicated 992 in any financing statement is only sufficient if such 993 description or indication refers to the financing order that 994 created the securitized utility tariff property and states 995 that the agreement or financing statement covers all or part 996 of the property described in the financing order. 997 section applies to all purported transfers of, and all purported grants or liens or security interests in, 998 securitized utility tariff property, regardless of whether 999 the related sale agreement, purchase agreement, other 1000 1001 transfer agreement, security agreement, pledge agreement, or 1002 other security document was entered into, or any financing 1003 statement was filed.

1004 The secretary of state shall maintain any financing 1005 statement filed to perfect a sale or other transfer of 1006 securitized utility tariff property and any security 1007 interest in securitized utility tariff property under this 1008 section in the same manner that the secretary of state 1009 maintains financing statements filed under the code to perfect a security interest in collateral owned by a 1010 1011 transmitting utility. Except as otherwise provided in this 1012 section, all financing statements filed pursuant to this 1013 section shall be governed by the provisions regarding 1014 financing statements and the filing thereof under the code, including part 5 of article 9 of the code. A security 1015 interest in securitized utility tariff property may be 1016 1017 perfected only by the filing of a financing statement in 1018 accordance with this section, and no other method of 1019 perfection shall be effective. Notwithstanding any 1020 provision of the code to the contrary, a financing statement filed pursuant to this section is effective until a 1021 1022 termination statement is filed under the code, and no 1023 continuation statement need be filed to maintain its 1024 effectiveness. A financing statement filed pursuant to this 1025 section may indicate that the debtor is a transmitting utility, and without regard to whether the debtor is an 1026 1027 electrical corporation, an assignee or otherwise qualifies 1028 as a transmitting utility under the code, but the failure to make such indication shall not impair the duration and 1029 effectiveness of the financing statement. 1030 1031

1031 8. The law governing the validity, enforceability,
1032 attachment, perfection, priority, and exercise of remedies
1033 with respect to the transfer of an interest or right or the
1034 pledge or creation of a security interest in any securitized
1035 utility tariff property shall be the laws of this state.

1036 9. Neither the state nor its political subdivisions 1037 are liable on any securitized utility tariff bonds, and the 1038 bonds are not a debt or a general obligation of the state or any of its political subdivisions, agencies, or 1039 1040 instrumentalities, nor are they special obligations or 1041 indebtedness of the state or any agency or political subdivision. An issue of securitized utility tariff bonds 1042 does not, directly, indirectly, or contingently, obligate 1043 1044 the state or any agency, political subdivision, or 1045 instrumentality of the state to levy any tax or make any appropriation for payment of the securitized utility tariff 1046 bonds, other than in their capacity as consumers of 1047 electricity. All securitized utility tariff bonds shall 1048 1049 contain on the face thereof a statement to the following 1050 effect: "Neither the full faith and credit nor the taxing 1051 power of the state of Missouri is pledged to the payment of 1052 the principal of, or interest on, this bond.". 10. All of the following entities may legally invest 1053 1054 any sinking funds, moneys, or other funds in securitized utility tariff bonds: 1055 1056 Subject to applicable statutory restrictions on state or local investment authority, the state, units of 1057 local government, political subdivisions, public bodies, and 1058 1059 public officers, except for members of the commission, the 1060 commission's technical advisory and other staff, or employees of the office of the public counsel; 1061

1062 (2) Banks and bankers, savings and loan associations,
1063 credit unions, trust companies, savings banks and
1064 institutions, investment companies, insurance companies,
1065 insurance associations, and other persons carrying on a
1066 banking or insurance business;

1067 (3) Personal representatives, guardians, trustees, and 1068 other fiduciaries;

- 1069 (4) All other persons authorized to invest in bonds or 1070 other obligations of a similar nature.
- The state and its agencies, including the 1071 11. (1) 1072 commission, pledge and agree with bondholders, the owners of the securitized utility tariff property, and other financing 1073 1074 parties that the state and its agencies will not take any action listed in this subdivision. This subdivision does 1075 1076 not preclude limitation or alteration if full compensation 1077 is made by law for the full protection of the securitized 1078 utility tariff charges collected pursuant to a financing order and of the bondholders and any assignee or financing 1079 1080 party entering into a contract with the electrical 1081 corporation. The prohibited actions are as follows:
- 1082 Alter the provisions of this section, which 1083 authorize the commission to create an irrevocable contract right or chose in action by the issuance of a financing 1084 1085 order, to create securitized utility tariff property, and make the securitized utility tariff charges imposed by a 1086 1087 financing order irrevocable, binding, or nonbypassable charges for all existing and future retail customers of the 1088 1089 electrical corporation except its existing special contract 1090 customers;
- 1091 (b) Take or permit any action that impairs or would
  1092 impair the value of securitized utility tariff property or
  1093 the security for the securitized utility tariff bonds or
  1094 revises the securitized utility tariff costs for which
  1095 recovery is authorized;
- 1096 (c) In any way impair the rights and remedies of the 1097 bondholders, assignees, and other financing parties;

- 1098 (d) Except for changes made pursuant to the formula-1099 based true-up mechanism authorized under this section, 1100 reduce, alter, or impair securitized utility tariff charges 1101 that are to be imposed, billed, charged, collected, and 1102 remitted for the benefit of the bondholders, any assignee, 1103 and any other financing parties until any and all principal, interest, premium, financing costs and other fees, expenses, 1104 1105 or charges incurred, and any contracts to be performed, in 1106 connection with the related securitized utility tariff bonds 1107 have been paid and performed in full.
- 1108 (2) Any person or entity that issues securitized
  1109 utility tariff bonds may include the language specified in
  1110 this subsection in the securitized utility tariff bonds and
  1111 related documentation.
- 1112 12. An assignee or financing party is not an
  1113 electrical corporation or person providing electric service
  1114 by virtue of engaging in the transactions described in this
  1115 section.
- 13. If there is a conflict between this section and any other law regarding the attachment, assignment, or perfection, or the effect of perfection, or priority of, assignment or transfer of, or security interest in securitized utility tariff property, this section shall govern.
- 1122 If any provision of this section is held invalid 1123 or is invalidated, superseded, replaced, repealed, or expires for any reason, that occurrence does not affect the 1124 validity of any action allowed under this section which is 1125 taken by an electrical corporation, an assignee, a financing 1126 1127 party, a collection agent, or a party to an ancillary agreement; and any such action remains in full force and 1128 effect with respect to all securitized utility tariff bonds 1129

issued or authorized in a financing order issued under this section before the date that such provision is held invalid or is invalidated, superseded, replaced, or repealed, or expires for any reason.
