208.152. 1. MO HealthNet payments shall be made on behalf of those eligible needy persons as described in section 208.151 who are unable to provide for it in whole or in part, with any payments to be made on the basis of the reasonable cost of the care or reasonable charge for the services as defined and determined by the MO HealthNet division, unless otherwise hereinafter provided, for the following:

(1) Inpatient hospital services, except to persons in an institution for mental diseases who are under the age of sixty-five years and over the age of twenty-one years; provided that the MO HealthNet division shall provide through rule and regulation an exception process for coverage of inpatient costs in those cases requiring treatment beyond the seventy-fifth percentile professional activities study (PAS) or the MO HealthNet children's diagnosis length-of-stay schedule; and provided further that the MO HealthNet division shall take into account through

EXPLANATION-Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

19 its payment system for hospital services the situation of
20 hospitals which serve a disproportionate number of low-
21 income patients;

22 (2) All outpatient hospital services, payments
23 therefor to be in amounts which represent no more than
24 eighty percent of the lesser of reasonable costs or
25 customary charges for such services, determined in
26 accordance with the principles set forth in Title XVIII A
27 and B, Public Law 89-97, 1965 amendments to the federal
28 Social Security Act (42 U.S.C. Section 301, et seq.), but
29 the MO HealthNet division may evaluate outpatient hospital
30 services rendered under this section and deny payment for
31 services which are determined by the MO HealthNet division
32 not to be medically necessary, in accordance with federal
33 law and regulations;

34 (3) Laboratory and X-ray services;

35 (4) Nursing home services for participants, except to
36 persons with more than five hundred thousand dollars equity
37 in their home or except for persons in an institution for
38 mental diseases who are under the age of sixty-five years,
39 when residing in a hospital licensed by the department of
40 health and senior services or a nursing home licensed by the
41 department of health and senior services or appropriate
42 licensing authority of other states or government-owned and -
43 operated institutions which are determined to conform to
44 standards equivalent to licensing requirements in Title XIX
45 of the federal Social Security Act (42 U.S.C. Section 301,
46 et seq.), as amended, for nursing facilities. The MO
47 HealthNet division may recognize through its payment
48 methodology for nursing facilities those nursing facilities
49 which serve a high volume of MO HealthNet patients. The MO
50 HealthNet division when determining the amount of the

51 benefit payments to be made on behalf of persons under the
52 age of twenty-one in a nursing facility may consider nursing
53 facilities furnishing care to persons under the age of
54 twenty-one as a classification separate from other nursing
55 facilities;

56 (5) Nursing home costs for participants receiving
57 benefit payments under subdivision (4) of this subsection
58 for those days, which shall not exceed twelve per any period
59 of six consecutive months, during which the participant is
60 on a temporary leave of absence from the hospital or nursing
61 home, provided that no such participant shall be allowed a
62 temporary leave of absence unless it is specifically
63 provided for in his plan of care. As used in this
64 subdivision, the term "temporary leave of absence" shall
65 include all periods of time during which a participant is
66 away from the hospital or nursing home overnight because he
67 is visiting a friend or relative;

68 (6) Physicians' services, whether furnished in the
69 office, home, hospital, nursing home, or elsewhere,
70 provided, that no funds shall be expended to any abortion
71 facility, as defined in section 188.015, or to any
72 affiliate, as defined in section 188.015, of such abortion
73 facility;

74 (7) Subject to appropriation, up to twenty visits per
75 year for services limited to examinations, diagnoses,
76 adjustments, and manipulations and treatments of
77 malpositioned articulations and structures of the body
78 provided by licensed chiropractic physicians practicing
79 within their scope of practice. Nothing in this subdivision
80 shall be interpreted to otherwise expand MO HealthNet
81 services;

82 (8) Drugs and medicines when prescribed by a licensed
83 physician, dentist, podiatrist, or an advanced practice
84 registered nurse; except that no payment for drugs and
85 medicines prescribed on and after January 1, 2006, by a
86 licensed physician, dentist, podiatrist, or an advanced
87 practice registered nurse may be made on behalf of any
88 person who qualifies for prescription drug coverage under
89 the provisions of P.L. 108-173;

90 (9) Emergency ambulance services and, effective
91 January 1, 1990, medically necessary transportation to
92 scheduled, physician-prescribed nonelective treatments;

93 (10) Early and periodic screening and diagnosis of
94 individuals who are under the age of twenty-one to ascertain
95 their physical or mental defects, and health care,
96 treatment, and other measures to correct or ameliorate
97 defects and chronic conditions discovered thereby. Such
98 services shall be provided in accordance with the provisions
99 of Section 6403 of P.L. 101-239 and federal regulations
100 promulgated thereunder;

101 (11) Home health care services;

102 (12) Family planning as defined by federal rules and
103 regulations; provided, that no funds shall be expended to
104 any abortion facility, as defined in section 188.015, or to
105 any affiliate, as defined in section 188.015, of such
106 abortion facility; and further provided, however, that such
107 family planning services shall not include abortions or any
108 abortifacient drug or device that is used for the purpose of
109 inducing an abortion unless such abortions are certified in
110 writing by a physician to the MO HealthNet agency that, in
111 the physician's professional judgment, the life of the
112 mother would be endangered if the fetus were carried to term;

113 (13) Inpatient psychiatric hospital services for
114 individuals under age twenty-one as defined in Title XIX of
115 the federal Social Security Act (42 U.S.C. Section 1396d, et
116 seq.);

117 (14) Outpatient surgical procedures, including
118 presurgical diagnostic services performed in ambulatory
119 surgical facilities which are licensed by the department of
120 health and senior services of the state of Missouri; except,
121 that such outpatient surgical services shall not include
122 persons who are eligible for coverage under Part B of Title
123 XVIII, Public Law 89-97, 1965 amendments to the federal
124 Social Security Act, as amended, if exclusion of such
125 persons is permitted under Title XIX, Public Law 89-97, 1965
126 amendments to the federal Social Security Act, as amended;

127 (15) Personal care services which are medically
128 oriented tasks having to do with a person's physical
129 requirements, as opposed to housekeeping requirements, which
130 enable a person to be treated by his or her physician on an
131 outpatient rather than on an inpatient or residential basis
132 in a hospital, intermediate care facility, or skilled
133 nursing facility. Personal care services shall be rendered
134 by an individual not a member of the participant's family
135 who is qualified to provide such services where the services
136 are prescribed by a physician in accordance with a plan of
137 treatment and are supervised by a licensed nurse. Persons
138 eligible to receive personal care services shall be those
139 persons who would otherwise require placement in a hospital,
140 intermediate care facility, or skilled nursing facility.
141 Benefits payable for personal care services shall not exceed
142 for any one participant one hundred percent of the average
143 statewide charge for care and treatment in an intermediate
144 care facility for a comparable period of time. Such

145 services, when delivered in a residential care facility or
146 assisted living facility licensed under chapter 198 shall be
147 authorized on a tier level based on the services the
148 resident requires and the frequency of the services. A
149 resident of such facility who qualifies for assistance under
150 section 208.030 shall, at a minimum, if prescribed by a
151 physician, qualify for the tier level with the fewest
152 services. The rate paid to providers for each tier of
153 service shall be set subject to appropriations. Subject to
154 appropriations, each resident of such facility who qualifies
155 for assistance under section 208.030 and meets the level of
156 care required in this section shall, at a minimum, if
157 prescribed by a physician, be authorized up to one hour of
158 personal care services per day. Authorized units of
159 personal care services shall not be reduced or tier level
160 lowered unless an order approving such reduction or lowering
161 is obtained from the resident's personal physician. Such
162 authorized units of personal care services or tier level
163 shall be transferred with such resident if he or she
164 transfers to another such facility. Such provision shall
165 terminate upon receipt of relevant waivers from the federal
166 Department of Health and Human Services. If the Centers for
167 Medicare and Medicaid Services determines that such
168 provision does not comply with the state plan, this
169 provision shall be null and void. The MO HealthNet division
170 shall notify the revisor of statutes as to whether the
171 relevant waivers are approved or a determination of
172 noncompliance is made;

173 (16) Mental health services. The state plan for
174 providing medical assistance under Title XIX of the Social
175 Security Act, 42 U.S.C. Section 301, as amended, shall
176 include the following mental health services when such

177 services are provided by community mental health facilities
178 operated by the department of mental health or designated by
179 the department of mental health as a community mental health
180 facility or as an alcohol and drug abuse facility or as a
181 child-serving agency within the comprehensive children's
182 mental health service system established in section
183 630.097. The department of mental health shall establish by
184 administrative rule the definition and criteria for
185 designation as a community mental health facility and for
186 designation as an alcohol and drug abuse facility. Such
187 mental health services shall include:

188 (a) Outpatient mental health services including
189 preventive, diagnostic, therapeutic, rehabilitative, and
190 palliative interventions rendered to individuals in an
191 individual or group setting by a mental health professional
192 in accordance with a plan of treatment appropriately
193 established, implemented, monitored, and revised under the
194 auspices of a therapeutic team as a part of client services
195 management;

196 (b) Clinic mental health services including
197 preventive, diagnostic, therapeutic, rehabilitative, and
198 palliative interventions rendered to individuals in an
199 individual or group setting by a mental health professional
200 in accordance with a plan of treatment appropriately
201 established, implemented, monitored, and revised under the
202 auspices of a therapeutic team as a part of client services
203 management;

204 (c) Rehabilitative mental health and alcohol and drug
205 abuse services including home and community-based
206 preventive, diagnostic, therapeutic, rehabilitative, and
207 palliative interventions rendered to individuals in an
208 individual or group setting by a mental health or alcohol

209 and drug abuse professional in accordance with a plan of
210 treatment appropriately established, implemented, monitored,
211 and revised under the auspices of a therapeutic team as a
212 part of client services management. As used in this
213 section, mental health professional and alcohol and drug
214 abuse professional shall be defined by the department of
215 mental health pursuant to duly promulgated rules. With
216 respect to services established by this subdivision, the
217 department of social services, MO HealthNet division, shall
218 enter into an agreement with the department of mental
219 health. Matching funds for outpatient mental health
220 services, clinic mental health services, and rehabilitation
221 services for mental health and alcohol and drug abuse shall
222 be certified by the department of mental health to the MO
223 HealthNet division. The agreement shall establish a
224 mechanism for the joint implementation of the provisions of
225 this subdivision. In addition, the agreement shall
226 establish a mechanism by which rates for services may be
227 jointly developed;

228 (17) Such additional services as defined by the MO
229 HealthNet division to be furnished under waivers of federal
230 statutory requirements as provided for and authorized by the
231 federal Social Security Act (42 U.S.C. Section 301, et seq.)
232 subject to appropriation by the general assembly;

233 (18) The services of an advanced practice registered
234 nurse with a collaborative practice agreement to the extent
235 that such services are provided in accordance with chapters
236 334 and 335, and regulations promulgated thereunder;

237 (19) Nursing home costs for participants receiving
238 benefit payments under subdivision (4) of this subsection to
239 reserve a bed for the participant in the nursing home during
240 the time that the participant is absent due to admission to

241 a hospital for services which cannot be performed on an
242 outpatient basis, subject to the provisions of this
243 subdivision:

244 (a) The provisions of this subdivision shall apply
245 only if:

246 a. The occupancy rate of the nursing home is at or
247 above ninety-seven percent of MO HealthNet certified
248 licensed beds, according to the most recent quarterly census
249 provided to the department of health and senior services
250 which was taken prior to when the participant is admitted to
251 the hospital; and

252 b. The patient is admitted to a hospital for a medical
253 condition with an anticipated stay of three days or less;

254 (b) The payment to be made under this subdivision
255 shall be provided for a maximum of three days per hospital
256 stay;

257 (c) For each day that nursing home costs are paid on
258 behalf of a participant under this subdivision during any
259 period of six consecutive months such participant shall,
260 during the same period of six consecutive months, be
261 ineligible for payment of nursing home costs of two
262 otherwise available temporary leave of absence days provided
263 under subdivision (5) of this subsection; and

264 (d) The provisions of this subdivision shall not apply
265 unless the nursing home receives notice from the participant
266 or the participant's responsible party that the participant
267 intends to return to the nursing home following the hospital
268 stay. If the nursing home receives such notification and
269 all other provisions of this subsection have been satisfied,
270 the nursing home shall provide notice to the participant or
271 the participant's responsible party prior to release of the
272 reserved bed;

273 (20) Prescribed medically necessary durable medical
274 equipment. An electronic web-based prior authorization
275 system using best medical evidence and care and treatment
276 guidelines consistent with national standards shall be used
277 to verify medical need;

278 (21) Hospice care. As used in this subdivision, the
279 term "hospice care" means a coordinated program of active
280 professional medical attention within a home, outpatient and
281 inpatient care which treats the terminally ill patient and
282 family as a unit, employing a medically directed
283 interdisciplinary team. The program provides relief of
284 severe pain or other physical symptoms and supportive care
285 to meet the special needs arising out of physical,
286 psychological, spiritual, social, and economic stresses
287 which are experienced during the final stages of illness,
288 and during dying and bereavement and meets the Medicare
289 requirements for participation as a hospice as are provided
290 in 42 CFR Part 418. The rate of reimbursement paid by the
291 MO HealthNet division to the hospice provider for room and
292 board furnished by a nursing home to an eligible hospice
293 patient shall not be less than ninety-five percent of the
294 rate of reimbursement which would have been paid for
295 facility services in that nursing home facility for that
296 patient, in accordance with subsection (c) of Section 6408
297 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);

298 (22) Prescribed medically necessary dental services.
299 Such services shall be subject to appropriations. An
300 electronic web-based prior authorization system using best
301 medical evidence and care and treatment guidelines
302 consistent with national standards shall be used to verify
303 medical need;

304 (23) Prescribed medically necessary optometric
305 services. Such services shall be subject to
306 appropriations. An electronic web-based prior authorization
307 system using best medical evidence and care and treatment
308 guidelines consistent with national standards shall be used
309 to verify medical need;

310 (24) Blood clotting products-related services. For
311 persons diagnosed with a bleeding disorder, as defined in
312 section 338.400, reliant on blood clotting products, as
313 defined in section 338.400, such services include:

314 (a) Home delivery of blood clotting products and
315 ancillary infusion equipment and supplies, including the
316 emergency deliveries of the product when medically necessary;

317 (b) Medically necessary ancillary infusion equipment
318 and supplies required to administer the blood clotting
319 products; and

320 (c) Assessments conducted in the participant's home by
321 a pharmacist, nurse, or local home health care agency
322 trained in bleeding disorders when deemed necessary by the
323 participant's treating physician;

324 (25) The MO HealthNet division shall, by January 1,
325 2008, and annually thereafter, report the status of MO
326 HealthNet provider reimbursement rates as compared to one
327 hundred percent of the Medicare reimbursement rates and
328 compared to the average dental reimbursement rates paid by
329 third-party payors licensed by the state. The MO HealthNet
330 division shall, by July 1, 2008, provide to the general
331 assembly a four-year plan to achieve parity with Medicare
332 reimbursement rates and for third-party payor average dental
333 reimbursement rates. Such plan shall be subject to
334 appropriation and the division shall include in its annual
335 budget request to the governor the necessary funding needed

336 to complete the four-year plan developed under this
337 subdivision.

338 2. Additional benefit payments for medical assistance
339 shall be made on behalf of those eligible needy children,
340 pregnant women and blind persons with any payments to be
341 made on the basis of the reasonable cost of the care or
342 reasonable charge for the services as defined and determined
343 by the MO HealthNet division, unless otherwise hereinafter
344 provided, for the following:

345 (1) Dental services;

346 (2) Services of podiatrists as defined in section
347 330.010;

348 (3) Optometric services as described in section
349 336.010;

350 (4) Orthopedic devices or other prosthetics, including
351 eye glasses, dentures, hearing aids, and wheelchairs;

352 (5) **For pregnant and postpartum women, a home blood**
353 **pressure monitoring device and home blood pressure**

355 **the term "home blood pressure monitoring device" means a**
356 **mobile device that can be used to measure blood pressure,**
357 **and that is validated for clinical accuracy and device**
358 **calibration. As used in this subdivision, the term "home**
359 **blood pressure monitoring device services" means patient**
360 **education and training services on the setup and use of a**
361 **home blood pressure monitoring device, separate self-**
362 **measurement blood pressure readings, daily collection and**
363 **transmission of data reports by the patient or caregiver to**
364 **the health care provider in order to communicate blood**
365 **pressure readings, review of the reports by the health care**
366 **provider, and creation or modification of treatment plans**
367 **based on the reports;**

368 **(6)** Hospice care. As used in this subdivision, the
369 term "hospice care" means a coordinated program of active
370 professional medical attention within a home, outpatient and
371 inpatient care which treats the terminally ill patient and
372 family as a unit, employing a medically directed
373 interdisciplinary team. The program provides relief of
374 severe pain or other physical symptoms and supportive care
375 to meet the special needs arising out of physical,
376 psychological, spiritual, social, and economic stresses
377 which are experienced during the final stages of illness,
378 and during dying and bereavement and meets the Medicare
379 requirements for participation as a hospice as are provided
380 in 42 CFR Part 418. The rate of reimbursement paid by the
381 MO HealthNet division to the hospice provider for room and
382 board furnished by a nursing home to an eligible hospice
383 patient shall not be less than ninety-five percent of the
384 rate of reimbursement which would have been paid for
385 facility services in that nursing home facility for that
386 patient, in accordance with subsection (c) of Section 6408
387 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989);
388 **[(6)] (7)** Comprehensive day rehabilitation services
389 beginning early posttrauma as part of a coordinated system
390 of care for individuals with disabling impairments.
391 Rehabilitation services must be based on an individualized,
392 goal-oriented, comprehensive and coordinated treatment plan
393 developed, implemented, and monitored through an
394 interdisciplinary assessment designed to restore an
395 individual to optimal level of physical, cognitive, and
396 behavioral function. The MO HealthNet division shall
397 establish by administrative rule the definition and criteria
398 for designation of a comprehensive day rehabilitation
399 service facility, benefit limitations and payment

400 mechanism. Any rule or portion of a rule, as that term is
401 defined in section 536.010, that is created under the
402 authority delegated in this subdivision shall become
403 effective only if it complies with and is subject to all of
404 the provisions of chapter 536 and, if applicable, section
405 536.028. This section and chapter 536 are nonseverable and
406 if any of the powers vested with the general assembly
407 pursuant to chapter 536 to review, to delay the effective
408 date, or to disapprove and annul a rule are subsequently
409 held unconstitutional, then the grant of rulemaking
410 authority and any rule proposed or adopted after August 28,
411 2005, shall be invalid and void.

412 3. The MO HealthNet division may require any
413 participant receiving MO HealthNet benefits to pay part of
414 the charge or cost until July 1, 2008, and an additional
415 payment after July 1, 2008, as defined by rule duly
416 promulgated by the MO HealthNet division, for all covered
417 services except for those services covered under
418 subdivisions (15) and (16) of subsection 1 of this section
419 and sections 208.631 to 208.657 to the extent and in the
420 manner authorized by Title XIX of the federal Social
421 Security Act (42 U.S.C. Section 1396, et seq.) and
422 regulations thereunder. When substitution of a generic drug
423 is permitted by the prescriber according to section 338.056,
424 and a generic drug is substituted for a name-brand drug, the
425 MO HealthNet division may not lower or delete the
426 requirement to make a co-payment pursuant to regulations of
427 Title XIX of the federal Social Security Act. A provider of
428 goods or services described under this section must collect
429 from all participants the additional payment that may be
430 required by the MO HealthNet division under authority
431 granted herein, if the division exercises that authority, to

432 remain eligible as a provider. Any payments made by
433 participants under this section shall be in addition to and
434 not in lieu of payments made by the state for goods or
435 services described herein except the participant portion of
436 the pharmacy professional dispensing fee shall be in
437 addition to and not in lieu of payments to pharmacists. A
438 provider may collect the co-payment at the time a service is
439 provided or at a later date. A provider shall not refuse to
440 provide a service if a participant is unable to pay a
441 required payment. If it is the routine business practice of
442 a provider to terminate future services to an individual
443 with an unclaimed debt, the provider may include uncollected
444 co-payments under this practice. Providers who elect not to
445 undertake the provision of services based on a history of
446 bad debt shall give participants advance notice and a
447 reasonable opportunity for payment. A provider,
448 representative, employee, independent contractor, or agent
449 of a pharmaceutical manufacturer shall not make co-payment
450 for a participant. This subsection shall not apply to other
451 qualified children, pregnant women, or blind persons. If
452 the Centers for Medicare and Medicaid Services does not
453 approve the MO HealthNet state plan amendment submitted by
454 the department of social services that would allow a
455 provider to deny future services to an individual with
456 uncollected co-payments, the denial of services shall not be
457 allowed. The department of social services shall inform
458 providers regarding the acceptability of denying services as
459 the result of unpaid co-payments.

460 4. The MO HealthNet division shall have the right to
461 collect medication samples from participants in order to
462 maintain program integrity.

463 5. Reimbursement for obstetrical and pediatric
464 services under subdivision (6) of subsection 1 of this
465 section shall be timely and sufficient to enlist enough
466 health care providers so that care and services are
467 available under the state plan for MO HealthNet benefits at
468 least to the extent that such care and services are
469 available to the general population in the geographic area,
470 as required under subparagraph (a)(30)(A) of 42 U.S.C.
471 Section 1396a and federal regulations promulgated thereunder.

472 6. Beginning July 1, 1990, reimbursement for services
473 rendered in federally funded health centers shall be in
474 accordance with the provisions of subsection 6402(c) and
475 Section 6404 of P.L. 101-239 (Omnibus Budget Reconciliation
476 Act of 1989) and federal regulations promulgated thereunder.

477 7. Beginning July 1, 1990, the department of social
478 services shall provide notification and referral of children
479 below age five, and pregnant, breast-feeding, or postpartum
480 women who are determined to be eligible for MO HealthNet
481 benefits under section 208.151 to the special supplemental
482 food programs for women, infants and children administered
483 by the department of health and senior services. Such
484 notification and referral shall conform to the requirements
485 of Section 6406 of P.L. 101-239 and regulations promulgated
486 thereunder.

487 8. Providers of long-term care services shall be
488 reimbursed for their costs in accordance with the provisions
489 of Section 1902 (a)(13)(A) of the Social Security Act, 42
490 U.S.C. Section 1396a, as amended, and regulations
491 promulgated thereunder.

492 9. Reimbursement rates to long-term care providers
493 with respect to a total change in ownership, at arm's
