

Journal of the Senate

SECOND REGULAR SESSION

FORTY-FOURTH DAY - THURSDAY, APRIL 2, 2026

The Senate met pursuant to adjournment.

Senator Hudson in the Chair.

Senator Hudson offered the following prayer:

"Jesus said unto her, 'I am the resurrection, and the life: he that believeth in me, though he were dead, yet shall he live'" (John 11:25).

Dear Heavenly Father,

We call upon the power that has conquered death, hell, and the grave. Please give us the strength and wisdom that we need to serve another day. Thank You not just for giving us life, but also for giving us what we need to face the challenges that life brings confidently knowing that every obstacle we encounter, You have already overcome. Please bless us all as we finish this week and enter the next, celebrating death to sin and new life in Christ. In the words of the Apostle Paul, "For if we have been planted together in the likeness of his death, we shall be also in the likeness of his resurrection."

Amen!

The Pledge of Allegiance to the Flag was recited.

A quorum being established, the Senate proceeded with its business.

The Journal of the previous day was read and approved.

The following Senators were present during the day's proceedings:

RESOLUTIONS

Senators Burger and Bean offered Senate Resolution No. 869, regarding Mary "Missy" Marshall, Sikeston, which was adopted.

CONCURRENT RESOLUTIONS

Senator Trent submitted the following concurrent resolution:

SENATE CONCURRENT RESOLUTION NO. 23

Whereas, the General Assembly recognizes the United States is undertaking major national initiatives to expand advanced nuclear technologies, strengthen domestic nuclear fuel supply chains, and increase the production of medical isotopes and other materials essential to national security, energy security, scientific advancement, and health care; and

Whereas, the General Assembly finds that the State of Missouri, through the University of Missouri System, supports nationally recognized programs in nuclear science, engineering, and medical research and operates major research infrastructure that contributes to the advancement of nuclear technology and nuclear medicine; and

Whereas, the General Assembly further finds that Missouri hosts significant nuclear research infrastructure, including the University of Missouri Research Reactor, located in Columbia, Missouri, the largest university-operated research reactor in the United States and a global leader in the production of medical isotopes used in life-saving diagnostic and therapeutic procedures; and

Whereas, the General Assembly additionally notes that institutions of higher education within the State of Missouri, including the Missouri University of Science and Technology, located in Rolla, Missouri, provide nationally recognized leadership in nuclear engineering education and operate research facilities that support nuclear science, engineering innovation, and workforce development; and

Whereas, the General Assembly further finds that Missouri hosts commercial nuclear power generation within the state, providing reliable, carbon-free electricity while contributing to Missouri's experience in nuclear operations, regulatory oversight, and energy infrastructure; and

Whereas, the General Assembly further acknowledges that Missouri's engineering institutions, technical training programs, and the advanced manufacturing sector create an integrated ecosystem capable of supporting research, development, demonstration, workforce training, and industrial deployment across the civilian nuclear lifecycle; and

Whereas, the General Assembly further finds that the State of Missouri's central geographic location, transportation infrastructure, engineering workforce, and research capabilities uniquely position the state to host major national initiatives supporting nuclear technology, nuclear medicine, and advanced manufacturing; and

Whereas, the General Assembly affirms that the State of Missouri is uniquely positioned to serve as the nation's premier host site for a Nuclear Lifecycle Innovation Campus, supporting innovation in nuclear energy, medical isotope production, advanced manufacturing, and related technologies critical to the nation's economic prosperity, energy security, and technological leadership:

Now, Therefore, Be It Resolved that the members of the Missouri Senate, One Hundred Third General Assembly, Second Regular Session, the House of Representatives concurring therein, hereby encourage the Missouri Department of Natural Resources, in coordination with other state agencies, institutions of higher education, federal partners, and private industry, to develop a strong and competitive state response to federal initiatives, including requests for information issued by the United States Department of Energy seeking host states for Nuclear Lifecycle Innovation Campuses, and to coordinate efforts that strengthen Missouri's leadership in nuclear innovation and expand research, workforce development, and economic growth within the state; and

Be It Further Resolved that nothing in this resolution shall be construed as committing the State of Missouri to a specific project site, geographic region, funding obligation, or regulatory action unless authorized by future legislative action; and

Be It Further Resolved that the Secretary of the Missouri Senate be instructed to send a properly inscribed copy of this resolution to the Director of the Department of Natural Resources.

REPORTS OF STANDING COMMITTEES
