FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety, Missouri Veterans' Commission** and the **Department of Revenue** assume this proposal would have no impact on their organizations. Officials from the Department of Revenue noted that this proposal could affect total state revenue by exempting property that is currently being taxed.

Officials from the **Office of the Secretary of State (SOS)** assume statewide newspaper publication of constitutional amendments cost approximately \$1,161 per column inch, based on an estimate provided by the Missouri Press Service. SOS assumes this amount should be tripled, for multiple printings as required by the state constitution and state statutes, for a total of \$3,485 per column inch. Finally, SOS estimates this amendment to be approximately 10 inches including a title header and certification paragraph. [\$3,485 x 10 = \$34,850]

ASSUMPTION (continued)

Officials from the **State Tax Commission** assume this proposal would reduce tax revenues for political subdivisions, but they are unable to estimate the impact of this proposal because they do not have any information regarding the number of veterans' organizations or the amounts of taxable property they own.

Officials from the **Cole County Assessor's Office** assume this proposal would have no impact on their office or on political subdivisions in Cole County since property owned by veterans' organizations is not currently being assessed or taxed.

Officials from the **Department of Public Safety, Office of the Director** did not respond to this proposal.

Oversight assumes the proposal would be submitted to the voters in November 2004. Oversight also assumes there would be an unknown reduction in political subdivision revenues as a result of this proposal, and an impact to the state Blind Pension Fund of approximately one-half of one percent of the impact to political subdivisions. Any impact to tax revenues would begin in FY 2006 since 2004 taxes collected in FY 2005 would already be determined before the November 2004 election.

DESCRIPTION

This proposal would propose an amendment to the state constitution to exempt property owned by veterans' organizations from property taxation. The amendment would be submitted to the voters in the November 2004 general election, or at a special election to be called by the governor.

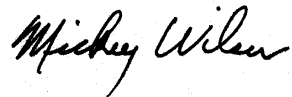

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
