### **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the **Department of Economic Development, Office of Public Counsel** assume the proposal would not fiscally impact their agency.

Officials from the **Department of Economic Development, Public Service Commission (PSC)** assume electric corporations, as described in the proposal, that operate on a not-for-profit cooperative business plan would no longer be under PSC regulation for rates, financing, accounting or management. PCS assumes this proposal would have no fiscal impact to the PSC.

<u><b>FISCAL IMPACT - State Government</b></u>	<b>FY 2004 (10 Mo.)</b>	<b>FY 2005</b>	<b>FY 2006</b>
	<b><u>\$0</u></b>	<b><u>\$0</u></b>	<b><u>\$0</u></b>

<u><b>FISCAL IMPACT - Local Government</b></u>	<b>FY 2004 (10 Mo.)</b>	<b>FY 2005</b>	<b>FY 2006</b>
	<b><u>\$0</u></b>	<b><u>\$0</u></b>	<b><u>\$0</u></b>

### FISCAL IMPACT - Small Business

Small businesses could have a fiscal impact only to the degree that rates of the small businesses served by the impacted electric corporations differ in the future from what rates would have been under PSC regulation.

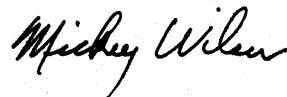

### DESCRIPTION

This proposal prohibits the Public Service Commission from regulating consumer-owned electric corporations that are required to operate on a not-for-profit cooperative basis and, as of August 28, 2003, hold a certificate of public convenience and necessity to serve a majority of their consumer-owners in third classification counties.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
