| <b>Local Government</b>             | <b>\$313</b> | <b>\$375</b> | <b>\$375</b> |

### FISCAL ANALYSIS

#### ASSUMPTION

Officials with the **Department of Transportation** assume this proposal would have no fiscal impact on their agency.

Officials with the **Department of Revenue- Division of Motor Vehicle and Drivers Bureau (DVSB)** assume this proposal could have fiscal impact on their organization. The DVSB cannot determine the number of plates that will be issued as a result of this legislation. Therefore, the revenue impact is based on the issuance of 100 plates. If the volume of applications for this plate type substantially exceeds 100, the department may require additional appropriations. There is a \$15 application fee for this plate.

#### FY 04 (10 months) Income

80 plates issued\* \$15 plate fee \$1,200

#### FY 05 Income

100 plates issued\* \$15 plate fee \$1,500

#### FY 06 Income

100 plates issued \* \$15 plate fee \$1,500

ASSUMPTION (continued)

According to the Missouri Constitution, this revenue is to be dispersed in the following manner:

|                 |     |
|-----------------|-----|
| State Road Fund | 75% |
| Cities          | 15% |
| Counties        | 10% |

DVSB notes that prior to last year specialty plates were developed, designed and provided to DOR by the Missouri Vocational Enterprises. The Missouri Vocational Enterprises recently contracted with a vendor to now provide all Missouri specialty plates. The costs will be shown for all specialty license plate bills accordingly.

This contract requires DOR to pay:

- \$250 new plate design set-up fee (if applicable)
- \$50 per modification for a new plate design (if applicable)
- \$80 per revision to existing plate designs (if applicable)
- \$4.50 per plate for freight shipping to DOR

DOR further assumes their agency could incur cost for procedures, mailings to agencies, plates, tabs and storage at the State Data Center.

Officials with **DOR- Information and Technology Bureau (ITB)** assume that implementing this proposal could require 180 hours of overtime programming to modify the special plate reservation program, the renewal pull program for fees and the Uniform Field Office System.

FY 04 Cost

|                                          |                |
|------------------------------------------|----------------|
| Form changes and Envelopes               | \$402          |
| Plate Design (contractor)                | \$250          |
| Postage (100*4.50) and extra to agencies | \$796          |
| Plates (100*5.98) and tab cost           | \$624          |
| Storage at State Data Center             | \$500          |
| Programming Salaries                     | <u>\$4,221</u> |
| Total                                    | \$6,793        |

FY 05 Cost

|                              |       |
|------------------------------|-------|
| Storage at State Data Center | \$500 |
|------------------------------|-------|

FY 06 Cost

Storage at State Data Center \$500

ASSUMPTION (continued)

To implement this legislation, the DOR could require additional funds. In the past, the programs included in this legislation have been paid for with highway funds. This year, however, highway funds may not be available for this purpose as a result of legislation enacted by the General Assembly in 2000 that limits the use of highway funds.

This limitation is found in Section 226.200.3, RSMo. It places a cap on the highway funding available to state departments other than the Department of Transportation. The total amount of highway funds appropriated to these other state departments (including DOR) cannot exceed the total amount of their fiscal year 2001 highway appropriations. This cap limits the highway funds that will be available for the implementation of this legislation.

If highway funds are not available, then another source of funding must be identified to pay for the cost of implementing this legislation.

This proposal could increase state revenue through plate fees.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal could allow members of the Missouri State Society Daughters of the American Revolution to obtain a license plate bearing the organization's emblem. The members would pay a \$15 fee to DOR and pay an emblem usage fee of \$25 to their organization.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
