DESCRIPTION

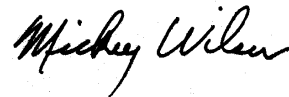

This act creates two new classifications and salary ranges for master police officers and master detectives. This act adds investigators to the salary range designated for detectives and police officers.

This act allows the Kansas City Board of Police Commissioners to offer incentive pay of no more than ten percent of the base salary earned by police officers of any rank to those who are assigned duties which are unusually demanding and require an extraordinary degree of skill. Currently, the Board of Police Commissioners can offer incentive pay of no more than five percent of the base salary earned by such police officers.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
