**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Office of Administration – Division of Accounting, Office of Administration – Division of Budget and Planning, Department of Revenue, and the State Treasurer’s Office** assume that the proposal will have no fiscal impact on their agencies.

Officials from the **Attorney General’s Office (AGO)** stated assume that any potential costs from this proposal with regard to AGO’s role in the ballot preparation process can be absorbed with existing resources.

Officials of the **Department of Transportation (MoDOT)** assume the proposal would authorize the Missouri Highways and Transportation Commission (MHTC) to construct and operate toll facilities. There would be no effect on MoDOT until the MHTC decided to pursue a toll facility.

**Oversight** notes that the proposal would authorize the Commission to issue toll-facility revenue or refunding bonds. It also specifically states that bonds issued would not be considered obligations of the state. Proceeds from the sale of such bonds as well as tolls and other revenues derived from any toll facilities constructed are to be credited to toll facility funds and used for payment of principal and interest on the bonds, as well as for the payment of costs associated

ASSUMPTION (continued)

with the establishment of toll facilities. The proposal does allow the Commission to transfer funds from the state road fund that are in excess of the amounts necessary to make principal and interest payments on all outstanding state road bonds and refunding bonds for the next succeeding twelve months to the state toll facility fund to pay costs related to toll-related duties and functions..

**Office of the Secretary of State** officials stated that advertisement costs for the proposal would be \$3,867 per column inch for three printings of the text of the proposal, the introduction, fiscal note summary, and affidavit. The proposal would be on the ballot for the November 2006 general election.
