FISCAL ANALYSIS

ASSUMPTION

Officials of the **Office of Administration, Division of Budget and Planning (BAP)** assume this bill would exempt contractors from paying sales tax on Missouri Department of Transportation (MoDOT) projects. This proposal will decrease state revenues. BAP defers to MoDOT to provide an estimate of this bill. This bill would have no impact on BAP.

Officials of the **Department of Transportation (MoDOT)** assume this legislation exempts contractors from paying sales tax on materials used in MoDOT projects. Section 144.062, RSMo currently exempts sales of personal property and materials used for the purpose of constructing, repairing, or remodeling facilities for counties, other political subdivisions and certain exempt entities from the state sales tax. This bill would add the Department of Transportation as an exempt entity. Therefore, materials could be purchased by a contractor for a MoDOT project on a tax-exempt basis.

The sales tax which contractors currently pay on materials purchased for MoDOT projects is included in the project cost which is paid by MoDOT. Assuming that contractors would reduce their project costs due to the ability to purchase materials on a tax-exempt basis, this bill would result in a cost savings for MoDOT.

ASSUMPTION (continued)

The proposed legislation would result in cost savings beyond the three-year period addressed by this fiscal note. An estimate for fiscal year 2009 is \$12,632,750.

Based on the 2005-2009 Statewide Transportation Improvement Program (STIP), which does not include Amendment 3 projects; ½ construction contracts labor, ½ materials; July 1, 2006 effective date; and sales tax rate of 4.225%, the cost savings were calculated as follows:

Fiscal Year	STIP Awards	% Materials	Materials Cost	Sales Tax Rate	Cost Savings
2007	\$648,000,000	50%	\$324,000,000	4.225%	\$13,689,000
2008	\$598,000,000	50%	\$299,000,000	4.225%	\$12,632,750
2009	\$598,000,000	50%	\$299,000,000	4.225%	\$12,632,750

Officials of the **Department of Revenue (DOR)** assume this legislation exempts contractors from paying sales tax on materials purchased for use in MoDOT projects. This legislation would have no administrative impact on DOR.

Oversight calculated the revenue impact to include an impact to cities and counties. **Oversight** assumes this proposal would create a saving of \$18.5 million in FY07 and \$17.1 million in FY08 for the Road Fund. Combined losses in the General Revenue Fund, School District Trust Fund, Conservation Fund, Parks and Soils Fund and local city/county funds equal the savings in the Road Fund for this proposal.

FISCAL IMPACT - Small Business

Small businesses that sell to MoDOT would be expected to be impacted as a result of this proposal.

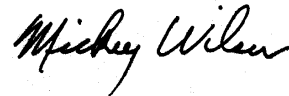

DESCRIPTION

This proposal exempts contractors from paying sales taxes on materials used in Department of Transportation projects. This proposal does not go into effect until July 1, 2006.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
