FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services**, the **Office of Administration - Office of Child Advocate** and the **Office of Administration - Administrative Hearing Commission** assume this proposal would not fiscally impact their agencies.

Officials from the **Office of Attorney General** (AGO) assume that any potential costs arising from this proposal can be absorbed with existing resources.

AGO states additional staff and expenses are not being requested with this single proposal, but if multiple proposals pass during the legislative session which require policy form reviews, the AGO will need to request additional staff to handle the increase in workload.

DESCRIPTION

This proposal changes the reporting requirement for child abuse and neglect. This proposal changes the time period to forty-five days and changes the trigger to the conclusion of the investigation by the division.

Additionally, the proposal provides for the expungement of information after 45 days in the case of malicious, harassment or retaliatory reports for all other reports filed - not just for those filed against mandatory reporters.

For reports initiated by mandated reporters, where insufficient evidence of abuse or neglect is found, information shall be retained for 5 years. For all other reports where insufficient evidence of abuse or neglect is found by the division, identifying information shall be retained for two years from the conclusion of the investigation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
