FISCAL ANALYSIS

ASSUMPTION

Officials of the **Cass County Commission and the Cooper County Commission** assume no fiscal impact.

Oversight assumes current law would allow Cooper County and Cass County to place the question of establishing a health center by petition. This proposal would allow a majority of the Cass or Cooper County Commission to place the question on the ballot. Oversight assumes this is enabling legislation and would have no fiscal impact without action by the governing body. Oversight assumes no State or Local fiscal impact.

<u>FISCAL IMPACT - Local Government</u>	FY 2006 (10 Mo.)	FY 2007	FY 2008

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

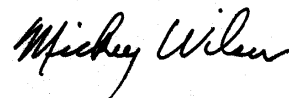

Currently, any county may operate a public health center. Whenever the County Commission is presented with a petition signed by at least 10% of the voters asking that an annual tax be levied the county shall submit the question to the voters at an election.

In addition to the current method, this act would require the Cass County Commission or the Cooper County Commission to submit the question of establishing a public health center to the voters if the Commission, by a majority vote, chose to do so.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
