FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Revenue, the State Tax Commission, St. Louis County, Linn State Technical College, the Metropolitan Community Colleges, St. Louis Community College, the City of Pacific, the City of Springfield, and the Columbia School District** assume this proposal would have no impact on their organizations.

Oversight assumes that a limited number of political subdivisions would be affected by this proposal, and that they would have minimal administrative savings from to computing a blended tax rate rather than multiple tax rates as currently required.

DESCRIPTION

This proposal would amend provisions relating to property tax reassessment. A political subdivision contained within two or more counties, where at least one of such counties has opted out of the House Bill 1150 multiple tax rate computation and at least one of such counties has not opted out, would calculate a single tax rate as in effect prior to the enactment of House Bill 1150.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
