After reviewing the proposed legislation and having sought the conclusion of the appropriate board(s), officials from the **Department of Economic Development - Division of Professional Registration** state this proposal, in its present form, has no fiscal impact to their division.

DESCRIPTION

This proposed legislation creates the circumstances for a lien against real estate for non-payment of rental equipment fees. The proposal includes a statute of limitations which begins to run after the date the last of the rental equipment or machinery was last removed from the property and expires six weeks from said date.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
