**FISCAL ANALYSIS**

**ASSUMPTION**

The **Joint Committee on Public Employee Retirement (JCPER)** has reviewed this proposal and has determined an actuarial study is not needed under the provisions of section 105.660, subdivision (5).

Officials from the **Missouri Highway Patrol** assume the Department of Transportation will respond on their behalf.

Officials with the **Highway Employees and Patrol Retirement System** assume the proposal would subsidize the creditable service by certain employees of the Missouri Department of Transportation and Civilian Patrol. The unfunded liability of the retirement system will increase, and at some point, cause an increase in the MoDOT and Patrol contribution rate.

**Oversight** assumes there would be minimal fiscal impact to HTEHPRS due to the service buy-back and earnings fund contribution of the uniformed Patrol member.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

Current law allows uniformed members of the highway patrol to purchase, prior to retirement, up to four years of creditable service for any time such person served as a non-federal full-time public employee in this state prior to becoming a member of the system. This act extends the aforementioned provision to each employee of the highways and transportation commission, each uniformed member of the highway patrol, and each civilian or non-uniformed employee of the state highway patrol. Further, the act removes a provision requiring the filing of an affidavit stating that the member is not receiving credits or benefits from any other public plan for the service to be purchased.

Further, the act states that all such creditable service payments must be completed prior to retirement or termination of employment. If a member who purchased creditable service dies prior to retirement, the surviving spouse may, upon written request, receive a refund of the amount contributed for such purchase of such creditable service.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
