FISCAL ANALYSIS

ASSUMPTIONS

Officials from the **Office of the Attorney General**, and the **Office of Administration, Division of Budget and Planning** and **Division of Facilities Management/Design and Construction** assume this proposal would have no impact to their organization.

Officials from the **Office of the Governor** did not respond to our request for information.

Officials from the **Department of Mental Health (DMH)** assume the proposal would authorize the sale of the Mid-Town Habilitation Center property to St. Louis University. The facility's operation has been closed since December 1, 2004, so the sale would have no affect on DMH. DMH assumes the state fiscal impact would be the one-time gain to the General Revenue Fund from the proceeds of the sale. The appraised value of the property is \$1.25 Million.

Oversight assumes the property would be conveyed at or near market value and would have no fiscal impact to any state agency or fund.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal would authorize the Governor to convey the Midtown Habilitation Center to St. Louis University. The sale price of the property would be based upon an appraisal process approved by the Commissioner of Administration and the president of Saint Louis University. The Commissioner of Administration would set the terms and conditions for the sale including, but are not limited to, the time, place, and terms of the sale. The Attorney General would approve as to form the instrument of conveyance.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
