### **FISCAL ANALYSIS**

#### **ASSUMPTION**

Officials from the cities of **Kansas City**, **St. Louis**, **Independence**, **Fulton** and **Maryland Heights** did not respond to Oversight's request for fiscal impact.

**Oversight** assumes the language that is being deleted with this proposal is basically identical to language in Section 99.848, RSMo, that was signed into law with HB 1529 & 1655 last year. Oversight assumes the proposal simply removes one of two duplicate statutes, and therefore, would not create a fiscal impact to local governments or local emergency service providers.

#### FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

#### **DESCRIPTION**

This proposal eliminates the provision in Section 99.847, RSMo, which states that any district providing emergency services shall be entitled to reimbursement from the special allocation fund in the amount of at least 50% but not more than 100% of the district's tax increment.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
