**FISCAL ANALYSIS**

ASSUMPTION

Officials of the **Department of Public Safety** assume no fiscal impact to their department.

**Oversight** assumes proposal is enabling legislation. Fire Protection Districts whose board would elect, by regulation, to charge people living outside the district for providing emergency services, would receive money to defray the cost of providing the emergency service.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

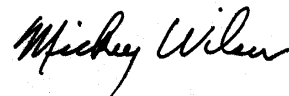

DESCRIPTION

This act allows the board of a fire protection district to create an ordinance, rule, or regulation allowing the district to charge individuals, who reside outside of the district, but who receive services within the boundaries of the district, for the actual and reasonable costs of such services received. The cost shall not exceed \$100 for a fire alarm or call or \$500 for one hour of service at an emergency or fire.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
