FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration - Children's Trust Fund** and **Department of Social Services** assume this proposal would not fiscally impact their agencies.

Officials from the **Office of the Secretary of State (SOS)** state this proposal adds a definition for "emergency" as it relates to removal of a child from the home. Based on experience with other divisions, the rules, regulations and forms issued by the Department of Social Services could require as many as 6 pages in the Code of State Regulations. For any given rule, roughly one-half again as many pages are published in the Missouri Register as are published in the Code because cost statements, fiscal notes and notices are not published in the Code. The estimated cost of a page in the Missouri Register is \$23.00. The estimated cost of a page in the Code of State Regulations is \$27.00. The actual costs could be more or less than the numbers given. The fiscal impact of this legislation in future years is unknown and depends upon the frequency and length of rules filed, amended, rescinded and withdrawn. The SOS estimates the cost of this legislation to be \$369 in FY 06.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.

ASSUMPTION (continued)

Any decisions to raise fees to defray costs would likely be made in subsequent fiscal years.
