OVERSIGHT DIVISION

FISCAL NOTE

L.R. No.: 2509-01
Bill No.: SB 3
Subject: Abortion; Children and Minors; Health Care; Health Care Professionals; Medical Procedures and Personnel; Pharmacy; Auditor, State
Type: Original
Date: September 8, 2005

FISCAL SUMMARY

| ESTIMATED NET EFFECT ON GENERAL REVENUE FUND | | | |
|---|------------|-----------------------------|-----------------------------|
| FUND AFFECTED | FY 2006 | FY 2007 | FY 2008 |
| General Revenue | \$0 | (UNKNOWN) TO UNKNOWN | (UNKNOWN) TO UNKNOWN |
| | | | |
| Total Estimated Net Effect on General Revenue Fund | \$0 | (UNKNOWN) TO UNKNOWN | (UNKNOWN) TO UNKNOWN |

| ESTIMATED NET EFFECT ON OTHER STATE FUNDS | | | |
|---|------------|------------|------------|
| FUND AFFECTED | FY 2006 | FY 2007 | FY 2008 |
| | | | |
| | | | |
| Total Estimated Net Effect on <u>Other</u> State Funds | \$0 | \$0 | \$0 |

Numbers within parentheses: () indicate costs or losses.
This fiscal note contains 7 pages.

| ESTIMATED NET EFFECT ON FEDERAL FUNDS | | | |
|---|----------------|----------------|----------------|
| FUND AFFECTED | FY 2006 | FY 2007 | FY 2008 |
| | | | |
| | | | |
| Total Estimated Net Effect on <u>All</u> Federal Funds | \$0 | \$0 | \$0 |

| ESTIMATED NET EFFECT ON LOCAL FUNDS | | | |
|--|----------------|----------------|----------------|
| FUND AFFECTED | FY 2006 | FY 2007 | FY 2008 |
| Local Government | \$0 | \$0 | \$0 |

FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Social Services** and **Department of Elementary and Secondary Education** assume the programs will have no direct fiscal impact on their organizations.

Officials from the **Department of Economic Development - Division of Professional Registration (DED-PR)** state having reviewed the proposed legislation and having sought the conclusion of the appropriate board(s), they are of the opinion the proposal, in its present form, will have no fiscal impact on the DED-PR.

Officials from the **Office of Attorney General (AGO)** assume, with regard to the creation of the “Compassionate Assistance for Rape Emergencies (CARE) Act”, the “Birth Control Protection Act”, and a family planning program, the proposal will have no fiscal impact on their organization.

However, the AGO assumes the provisions relating to an AGO review of school curriculum on human sexuality will create a fiscal impact. The AGO assumes it would require 0.5 FTE Assistant Attorney General (AAG) I to determine it is not in statutory compliance as required by ASSUMPTION (continued)

this provision.

The AGO further assumes that provisions allowing disciplinary action against some pharmacists will also create a fiscal impact. The AGO assumes it would require 0.5 AAG I for these additional cases.

Therefore, the AGO assumes this proposal would require one (1) FTE AAG I and related supplies and equipment.

Officials from the **State Auditor's Office (SAO)** state the fiscal impact can not be determined. The number of audit requests is unknown and the resources necessary to perform this type of audit is unknown.

Officials from the **Department of Health and Senior Services (DOH)** stated the following:

Educational materials costs

DOH stated the fiscal impact for educational materials was calculated based upon an estimate provided by OA State Printing for 10,000 tri-fold, double-sided brochures printed on 60 lb paper with two ink colors. Requesting 10,000 brochures would allow each of the 157 hospitals in Missouri to receive 63 brochures to disseminate in fiscal year 2007. In 2003, there were 1,394 reported forcible rapes and 125 attempted rapes in Missouri according to Uniform Crime Reporting data. If the number of rapes is divided by the number of hospitals, each facility would have used 9 brochures. However, it should be noted that not all rapes are reported, and in fact, it is an unknown variable. The brochure could be accessible on the DOH website. Postage costs were calculated by multiplying 157 packets of brochures by \$3.00 postage charge for each.

Complaints - Denials of Care by Health Facilities

DOH states according to the U.S. Department of Justice, Bureau of Justice Statistics, there were 1,465 forcible rapes committed in the state of Missouri during 2002. The Section for Health Standards and Licensure believes any regulatory changes, complaint investigations or additional inspection activities related to hospital and health care facility compliance with the bill's sexual assault provisions will be minimal and can be accomplished with existing staff.

The amount of revenue that would be generated from the imposition of fines authorized by the bill is indeterminate.

Missouri family planning program

Subject to appropriations, DOH would be responsible for implementing a Missouri family
ASSUMPTION (continued)

planning program across the state by July 2007. The proposed legislation calls for five million dollars of initial funding for the program. The five million dollars would be earmarked for contracts with family planning services through qualified health providers, as determined by the DOH.

DOH assumes additional staff would be needed. A Consultant Community Health Nurse (1.00 FTE) would serve as the Program Manager and technical consultant for family planning services, would be responsible for the planning, implementation, contract management, training, technical assistance, contract monitoring, quality assurance, evaluation, and administrative and fiscal management of the statewide family planning program. A Health Program Representative II (1.00 FTE) would support the Program Manager by assisting in the planning, implementation, processing contract information, coordinating meetings, contract monitoring, training and information. A Senior Office Support Assistant (1.00 FTE) would provide clerical support for the planning, implementation and evaluation of the program, enter program data, and assist in maintaining related databases for the Program Manager and the Health Program Representative II. Standard Expense and Equipment costs would apply to these FTE.

Oversight assumes the program contracts would begin in FY 08.

Oversight assumes the effective date for this proposal is August 28, 2006.

FISCAL IMPACT - State Government FY 2006 FY 2007 FY 2008

GENERAL REVENUE FUND

Revenues - Department of Health and Senior Services

| | | | |
|-------|-----|---------|---------|

FISCAL IMPACT - Small Business

The proposal may impact small business pharmacies if a pharmacist refuses to fill certain prescriptions based on religious beliefs.

DESCRIPTION

This proposal modifies provisions relating to reducing the number of abortions in the state.

SEXUAL EDUCATION

This section modifies the sexual education provisions to include that any individual may request the state auditor to investigate a local school district's curriculum on human sexuality. Should any deficiencies in the school district's curriculum be found and not corrected to the satisfaction of the state auditor and attorney general, the school district shall be considered as having a negative result for purposes of meeting the objectives of any school improvement plan of the district. (SECTION 170.015).

COMPASSIONATE ASSISTANCE FOR RAPE EMERGENCIES

This proposal provides that hospitals and health care facilities are required to do the following:

DESCRIPTION (continued)

1) Provide each sexual assault victim with medically and factually accurate information about emergency contraception; 2) Orally inform each victim that emergency contraception may be provided at the hospital; and 3) Provide the complete regimen of emergency contraception immediately to the victim who requests it.

Hospitals and health care facilities must ensure that they provide their employees with medically and factually accurate information about emergency contraception. The Department of Health and Senior Services shall develop, prepare, and produce informational materials relating to emergency contraception to hospitals and health care facilities. The informational materials must be medically and factually accurate, clearly written, and explain the nature of emergency contraception.

The department shall respond to complaints and shall periodically determine whether hospitals and health care facilities are in compliance. If a hospital or a health care facility is not in compliance, then the department shall impose a fine of \$5,000/per woman who is denied information or emergency contraception and a fine of \$5,000 for failure to comply with the provisions of this act. For every 30 days that a hospital or health care facility is not in compliance, an additional fine of \$5,000 shall be imposed. (SECTIONS 191.717 and 191.718).

BIRTH CONTROL PROTECTION

This proposal provides that consenting individuals have a protected interest from unreasonable governmental intrusions into their private lives in regards to obtaining and using safe and effective methods of contraception. This proposal also provides that the laws of this state will be interpreted to recognize these protected rights.

This proposal also prohibits governmental actors or entities from interfering in a consenting individual's right to the benefits, facilities, services, or information concerning safe methods of contraception. This proposal also prohibits any laws, rules, ordinances, taxes, or regulations that are implemented to promote public health and safety from unreasonably hindering the public's access to contraceptives. (SECTION 191.720).

FAMILY PLANNING

This proposal establishes the Missouri family planning program. Subject to appropriations, the program shall be implemented by the department of health and senior services by July 1, 2007, and shall be initially funded with five million dollars. The goal of the program is to reduce the number of unintended pregnancies in Missouri by providing family planning services through qualified health providers, as determined by the department. (SECTION 192.970).

DESCRIPTION (continued)

CAM:LR:OD (12/02)

PATIENT PROTECTION

Under this proposal if a pharmacist refuses to fill a prescription based on sincere religious beliefs, the pharmacist must still fill the prescription unless the pharmacist's employer can accommodate the refusal without undue hardship to the employer or customers. A pharmacist has a duty to ensure that each customer is not subjected to humiliation, breaches of confidentiality or pressure to fill or not fill a prescription, regardless of whether an accommodation for the pharmacist was implemented. Violation of these duties shall subject the licence of the pharmacist to disciplinary action from the Board of Pharmacy. (SECTION 338.012).

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
