**FISCAL ANALYSIS**

**ASSUMPTION**

Officials with the **Department of Transportation (MoDOT)** assumes this proposal requires trucks traveling on the highways of this state to drive in the right hand lane. This proposal does not require mandatory action, it simply grants authority to MoDOT to determine if and where these restrictions should be used. If MoDOT fully implements the proposed legislation, the department would have to erect signs where the restrictions are used.

Officials with the **Department of Public Safety – Missouri State Highway Patrol** assume this proposal would have no fiscal impact on their agency.

**Oversight** assumes any increased enforcement-related workload by local law enforcement agents and any increased fine revenues would be negligible.
