FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Courts Administrator** assume there will be no fiscal impact on the Courts.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this proposal for Administrative Rules is less than \$1,500. The SOS recognizes this is a small amount and does not expect additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed in a given year and that collectively the costs may be in excess of what the SOS can sustain with their core budget. Any additional required funding would be handled through the budget process.

Officials from the **Office of Attorney General (AGO)** assume that the costs can be absorbed with existing resources. To the extent additional costs accrue, the AGO anticipates that these costs will be offset by the fee paid by additional businesses signing up to obtain the list (for example, those businesses that only solicit by fax) as well as additional recoveries by the AGO against companies that violate the No Call law.

<u>FISCAL IMPACT - Local Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation allows both residential and business cell phone users and residential and business fax subscribers to voluntarily sign up with the no-call list kept and maintained by the Attorney General's office.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
