FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of State Treasurer**, the **Coordinating Board for Higher Education** and the **University of Missouri** assume this proposal would not fiscally impact their agencies.

Officials from the **Department of Health and Senior Services (DOH)** assume this proposal would not fiscally impact the operations of the DOH. DOH states if a fiscal impact were to result, funds to support the program would be sought through the appropriations process.

Officials from the **Office of Attorney General** assume any potential coss arising from this proposal could be absorbed with existing resources.

Officials from the **Office of Administration–Division of Budget and Planning (BAP)** assume this proposal would not result in additional costs or savings to BAP. BAP assume this proposal, as written, will not impact the existing distribution of tobacco funds. BAP assumes if the intent is to add this to the existing distribution of settlement funds, there would be an impact to General Revenue of approximately \$2,000,000 annually.

Oversight assumes an unknown amount will be deposited into the Life Sciences Research Trust

ASSUMPTION (continued)

Fund and that the amount deposited will be expended. Therefore, Oversight is showing a zero balance in the fund.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal requires 25% of the funds received from subsequent participating manufacturers in the Tobacco Master Settlement Agreement that are deposited into the Life Sciences Research Trust Fund, be expended by the Life Sciences Research Board.

The board shall expend 25% of such money to fund the program that awards grants for the establishment of umbilical cord blood banks and for the expansion of existing umbilical cord

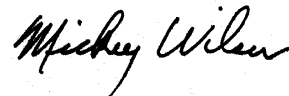

DESCRIPTION (continued)

blood banks. It shall expend 75% of such money to fund life science projects involving the study, use, or therapies involving human stem cells derived from non-embryonic and non-fetal sources.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
