DESCRIPTION

This proposal modifies the definition of "health care professional", for purposes of determining who is subject to peer review, to include emergency medical technicians and emergency medical dispatchers. The proposal provides that a peer review committee may be comprised of members appointed by a board of trustees or chief executive officer of a licensed ambulance service, a licensed emergency medical response agency, or any not-for-profit organization that provides for ambulance services, as long as the governing body of such not-for-profit organization consists of elected officials or individuals appointed by a mayor, board of alderman, city council, county commission, county legislature, or ambulance district. A committee may also be comprised of members appointed by a mayor, city council, board of alderman, county commission, county legislature, or ambulance district. This proposal also provides immunity from civil liability for members of a peer review committee that performs certain acts at the recommendation of the committee.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
