FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Missouri State Highway Patrol** assume the proposal would have no fiscal impact on their agency.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors, although it may lead to an increase in prosecutions and caseloads.

Officials from the **Department of Corrections (DOC)** assume the DOC cannot currently predict the number of new commitments which may result from the creation of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

ASSUMPTION (continued)

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY03 average of \$3.15 per offender, per day or an annual cost of \$1,150 per offender).

The DOC does not anticipate the need for capital improvements at this time. It must be noted that the cumulative effect of various new legislation, if passed into law, could result in the need for additional capital improvements funding if the total number of new offenders exceeds current planned capacity.

In summary, supervision by the DOC through probation or incarceration would result in some additional costs, but it is assumed the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of the State Public Defender (SPD)** assume existing staff could not provide competent, effective representation for any cases arising where indigent persons were charged with the proposed additional crime of permitting the continued barking of a dog under his ownership or control. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

<u>FISCAL IMPACT - Local Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

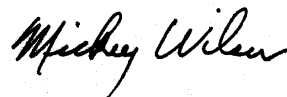

DESCRIPTION

The proposed legislation expands the actions that constitute a peace disturbance. Under this act, a person commits the crime of peace disturbance if he or she unreasonably or knowingly disturbs or alarms another person by permitting the continued barking of a dog under his ownership or control. Peace disturbance is a class B misdemeanor for the first offense and a class A misdemeanor for the second or other subsequent offense.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
