FISCAL ANALYSIS

ASSUMPTION

Section 242.492 - Processing Fee for Drainage Districts:

Officials of the **Department of Natural Resources** assume no fiscal impact.

Oversight assumes the provisions of Section 242.492 is permissive, and allows the Board of Supervisors to set an annual processing fee for assessed tracts when the board determines that the costs of preparation and processing of the district's maintenance tax statement exceeds the amount of tax imposed. **Oversight** assumes this proposal does not require the establishment of a processing fee; therefore, **Oversight** assumes no fiscal impact to drainage districts.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This act allows a fee to be annually imposed in addition to the maintenance tax if the board of supervisors of a drainage district determines that the costs of preparing and processing the district's maintenance tax statement exceed the amount of the tax imposed. The amount of the fee would be determined by the Board of Supervisors at the Board of Supervisors' meeting in which they set the maintenance tax pursuant to Section 242.490, RSMo.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
