FISCAL IMPACT - Small Business

The proposal may have a positive fiscal impact on barber establishments that change location or ownership as a result of being able to continue operations for 45 days before obtaining a new license.

DESCRIPTION

Under current law, barber shop owners must obtain a license before commencing business. This proposal establishes a 45-day grace period for obtaining a license when a barber shop either changes ownership or location. During this period, the sanitary inspector shall conduct inspections without requiring the barber shop to close business or deviate from its regular hours of operation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
