FISCAL IMPACT - Small Business

The proposal will have a positive impact on small business barber establishments as they will no longer have to deviate from standard business hours while waiting to receive a new license as a result of a move or change in ownership.

DESCRIPTION

Under current law, barber shop and cosmetology establishment owners must obtain a license before commencing business. This proposal establishes a 45-day grace period for obtaining a license when a barber shop or a cosmetology establishment either changes ownership or location. During this period, the sanitary inspector shall conduct inspections without requiring the establishment to close business or deviate from its regular hours of operation.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
