FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety** assume the proposal will not fiscally impact their agency.

Officials from the **Office of Secretary of State (SOS)** assume there would be costs due to additional publishing duties related to the Director of POST's authority to promulgate rules, regulations, and forms. SOS estimates the division could require approximately 36 new pages of regulations in the Code of State Regulations at a cost of \$27.00 per page, and 54 new pages in the Missouri Register at a cost of \$23.00 per page. Costs due to this proposal are estimated to be \$2,214, however, the actual fiscal impact would be dependent upon the actual rule-making authority and may be more or less. Financial impact in subsequent fiscal years would depend entirely on the number, length, and frequency of the rules filed, amended, rescinded, or withdrawn. SOS does not anticipate the need for additional staff as a result of this proposal, however, the enactment of more than one similar proposal may, in the aggregate, necessitate additional staff.

Oversight assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process.
