DESCRIPTION

Currently, investment firms, law firms offering bond counsel services, or persons having interest in such firms are barred from being involved in the issuance of bonds authorized by an election in which the firm or person made any contribution in support of the bond election.

This proposed legislation requires investment firms offering municipal bond underwriting of financial advisory services, law firms offering bond counsel services, and a person with an interest in such a firm to limit contributions in campaigns in support of general obligation bond election to an in kind nature consisting of activities that do not involve any direct financial contributions.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
