FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Transportation (MoDOT)** state the proposal would result in a decrease in revenue. MoDOT states they are unable to provide an estimate for this proposal, therefore, must rely upon the Department of Revenue.

Officials from the **Department of Revenue (DOR)** state they have re-evaluated the proposal and anticipate that the impact will be minimal.

Based on the response from DOR and the change in the committee substitute from the original bill, **Oversight** will assume there will be a minimal loss of revenue (under \$100,000) to the various funds that receive registration fees. The current distribution of fees goes 75% - Highway, 15% - Cities and 10% - Counties.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

This proposal allows a motor vehicle owner to receive a refund for the unused portion of a registration fee, provided such unused portion is in an amount of five dollars or greater, when the owner sells the motor vehicle and does not replace it with another. Under the current law, persons can receive credit for unused portion of a registration fee if they cannot transfer their license plates to a newly acquired vehicle due to a change of vehicle category.

DESCRIPTION (continued)

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
