FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Transportation, Department of Corrections, Department of Health and Senior Services, Missouri Lottery, Department of Public Safety – Missouri State Highway Patrol, – Director’s Office, Boone County Sheriff’s Department, Springfield Police Department,** and the **St. Louis Metropolitan Police Department** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Office of Prosecution Services** assume the proposal would not have a significant direct fiscal impact on county prosecutors.

ASSUMPTION (continued)

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this proposal for Administrative Rules is less than \$1,500. The SOS recognizes this is a small amount and does not expect additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed in a given year and that collectively the costs may be in excess of what the SOS can sustain with their core budget. Any additional required funding would be handled through the budget process.

Officials from the Office of the State Public Defender, Columbia Police Department, Greene County Sheriff's Department, Jackson County Sheriff's Department, Kansas City Police Department, and the St. Louis County Police Department did not respond to Oversight's request for fiscal impact.

<u>FISCAL IMPACT - Local Government</u>	FY 2007 (10 Mo.)	FY 2008	FY 2009

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

DESCRIPTION

The proposed legislation specifies that the “Amber Alert System” aids in the identification and location of abducted children, rather than adults.

Under this proposal, an “abducted child” is a child whose whereabouts are unknown and who is:

1. Seventeen years of age or younger and reasonably believed by law enforcement to be the victim of kidnapping;
2. Under the age of fourteen and reasonably believed by law enforcement to be the victim of child kidnapping; and
3. Reasonably believed by law enforcement to be the victim of child kidnapping, but instead of being under the age of fourteen, is between the ages of fourteen and seventeen.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
