**FISCAL ANALYSIS**

**ASSUMPTION**

Officials from the **Missouri Department of Transportation, Department of Public Safety (DPS) - Director's Office, Missouri Consolidated Health Care Plan, and Missouri Department of Conservation** assume the proposal will have no fiscal impact on their organizations.

Officials from the **DPS - Missouri State Highway Patrol** defer to the Missouri Department of Transportation for response regarding the potential fiscal impact of the proposal on their organization.

Officials from the **Department of Insurance (INS)** state HMOs currently pay corporate income tax rather than premium tax. Premium tax is split 50/50 between General Revenue (GR) and the County Foreign Insurance Fund. The INS assumes that companies with both HMO and insurance company affiliates may move business from PPO contracts where premium taxes are paid to HMO contracts where corporate tax is paid. This would result in an unknown decrease in what is deposited in the County Foreign Insurance Fund. The County Foreign Insurance Fund is distributed yearly to all school districts in the state. The shift from premium tax to corporate tax would also result in a difference in tax amounts collected. Currently the premium tax rate is 2% of the premium written. How corporate tax is calculated and the impact this shift would have on GR is unknown.

ASSUMPTION (continued)

The INS estimates that 100 insurers and HMOs may develop and file new products which are required to be submitted to INS for review and approval. Policies and HMO contracts must be submitted to the INS for review along with a \$50 filing fee. One-time additional revenues to the Insurance Dedicated Fund are estimated to be \$0 - \$5,000.

Depending on the number of insurers who would choose to offer HMO products, additional HMOs may become licensed. Depending on how many choose this option, additional staff may be needed to handle the increase in workload. Additional staff would be requested through the appropriation process.
