FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Public Safety – Missouri State Highway Patrol, – Missouri State Water Patrol, – Division of Fire Safety, – Director’s Office, – Capitol Police,** and the **Boone County Sheriff’s Department** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Department of Corrections (DOC)** assume they cannot predict the number of new commitments which may result from the enhancement of the offense(s) outlined in this proposal. An increase in commitments depends on the utilization by prosecutors and the actual sentences imposed by the court.

If additional persons are sentenced to the custody of the DOC due to the provisions of this legislation, the DOC will incur a corresponding increase in operational cost through supervision provided by the Board of Probation and Parole (FY06 average of \$2.52 per offender per day, or an annual cost of \$920 per offender).

DOC does not anticipate the need for capital improvements at this time. It must be noted that the cumulative effect of various new legislation, if passed into law, could result in the need for additional capital improvements funding if the total number of new offenders exceeds current planned capacity.

In summary, supervision by the DOC through probation or incarceration would result in additional costs, but DOC assumes the impact would be \$0 or a minimal amount that could be absorbed within existing resources.

Officials from the **Office of Prosecution Services (OPS)** state any increase in the number of cases referred for criminal prosecution will have an additional fiscal impact on county prosecutors. However, officials from the OPS are not aware of any estimates of the number of additional criminal cases that would be referred to county prosecutors for charges because of this proposed legislation. Additionally, the OPS is not otherwise able to establish a workable estimate of the number of additional criminal cases that would be referred to county prosecutors for charges. It is therefore, not possible to determine if this proposal would have a significant direct fiscal impact on county prosecutors or the OPS.

ASSUMPTION (continued)

Oversight assumes the Office of Prosecution Services and county prosecutors could absorb any additional costs incurred as a result of the proposed legislation within existing resources.

Officials from the **Office of the State Public Defender (SPD)** assume this new crime will require more SPD resources. While the number of new cases (or cases with increased penalties) may be too few or uncertain to request additional appropriations for this specific bill, the SPD will continue to request sufficient appropriations to provide competent and effective representation in all its cases.

Oversight assumes the Office of the State Public Defender (SPD) could absorb the costs of the proposed legislation within existing resources. Oversight assumes any significant increase in the workload of the SPD would be reflected in future budget requests.

Officials from the Greene County Sheriff's Department, Jackson County Sheriff's Department, and the St. Louis County Police Department did not respond to Oversight's request for fiscal impact.

FISCAL DESCRIPTION
