FISCAL ANALYSIS

ASSUMPTION

Officials with the **Department of Agriculture, Department of Public Safety and State Emergency Management Association** assume no fiscal impact to their agency.

Officials from the **Department of Natural Resources (DNR)** assume the council would establish fees in an amount to cover resources necessary to carry out the dam safety inspections. Since this proposal does not indicate a specific fund for the receipt of the fees established by the council, the department assumed the receipts would be deposited into the general revenue fund and payments for the resources used to carry out the legislation would also be from the general revenue fund.

The department estimates there are 220 high and significant hazard dams under the definition of dams in the proposed legislation. The department assumed that less than 10 of 220 high and significant dams would request an agricultural exemption and would elect not to be regulated by the council. Therefore, the department would inspect approximately 210 dams.

Under this proposal the department would be inspecting fewer dams; however, the department assumed existing resources would be used to perform the annual inspections, administer the agricultural exemption program to verify the exemptions and periodically determine if the exemptions are still valid. The proposal would also make resources available to develop the inundation zones for all regulated dams, which is in the existing law.

<u>FISCAL IMPACT - State Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

<u>FISCAL IMPACT - Local Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010
	<u>\$0</u>	<u>\$0</u>	<u>\$0</u>

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

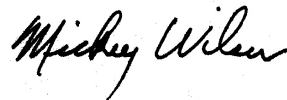

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
