FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Corrections, Department of Public Safety – Director’s Office**, and the **Office of the State Public Defender** assume the proposal would have no fiscal impact on their agencies.

Officials from the **Office of the Attorney General (AGO)** assumes any costs associated with this proposal can be absorbed within existing resources.

Officials from the **Office of State Courts Administrator** assume the proposed legislation would have no fiscal impact on the courts.

Officials from the **Missouri Ethics Commission** assume the cost of processing of complaints cannot be calculated as they cannot determine how many complaints may be filed and how much it would cost to investigate a complaint. If the complaint is based on an entity not identifying itself, locating that entity may be costly.

Oversight assumes the Missouri Ethics Commission could absorb the cost of processing and investigating complaints within existing resources. Oversight assumes any significant increase in the workload of the Missouri Ethics Commission would be reflected in future budget requests.

Officials from the **Office of Prosecution Services (OPS)** assume this proposal would not have a significant direct fiscal impact on county prosecutors or the Office of Prosecution Services.

Officials from the **Office of the Secretary of State (SOS)** assume many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year’s legislative session. The fiscal impact for this proposal for Administrative Rules is less than \$2,500. The SOS recognizes this is a small amount and does not expect additional funding would be required to meet these costs. However, SOS also recognizes that many such bills may be passed in a given year and that collectively the costs may be in excess of what the SOS can sustain with their core budget. Any additional required funding would be handled through the budget process.

FISCAL DESCRIPTION

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
