FISCAL ANALYSIS

ASSUMPTION

Officials from the **Office of Administration, Department of Insurance, Financial and Professional Regulation, Missouri Department of Transportation, and Department of Public Safety** assume the proposal will have no fiscal impact on their organizations.

Officials from the **Missouri Consolidated Health Care Plan (HCP)** state the proposal does not fiscally impact the HCP for state employees. However, at the present time, the HCP only provides data to Public Entities if they have 100 or more employees enrolled with a carrier. This proposal would require a change if the employer simply had 50 employees, regardless of how many employees were enrolled. Therefore, this proposal may have some small administrative cost for those entities having between 50 and 100 employees, but it should not be significant.

Officials from the **Office of Secretary of State (SOS)** state the fiscal impact for this proposal is less than \$2,500. The SOS does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the SOS can sustain within its core budget. Therefore, the SOS reserves the right to request funding for the costs of supporting administrative rules requirements should the need arise based on a review of the finally approved bills signed by the Governor.

<u>FISCAL IMPACT - State Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010

<u>FISCAL IMPACT - Local Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION
