FISCAL ANALYSIS

ASSUMPTION

Officials from the **Coordinating Board for Higher Education** assume no fiscal impact to their agency.

Officials from the **University of Missouri - Columbia** would incur no additional costs as a result of the passage of this proposal.

Officials from the **Department of Agriculture (AGR)** assume this proposal would require AGR to implement and maintain the large animal veterinary student loan program. It will require resources from the AGR to implement. Overall increasing the number of large animal veterinarians in the state is will significantly improve the surveillance of the AGR.

It is assumed that current personnel will be able to implement the program. The AGR estimated administration costs to be \$10,000. This figure includes administrative supplies, hosting advisory council meetings, and associated travel.

All cost will be paid through the fund created in this proposal. Therefore there will be no direct impact on general revenue.

Officials from the **State Treasurer's Office** assume that they only ensure the disbursements are made from a lawful appropriation and don't exceed the amount of the appropriation. They suggest the following wording change: "The state treasurer shall be custodian of the fund. In accordance with sections 30.1.170 and 30.180 RSMo., the state treasurer may approve disbursements".

If the wording isn't changed, they will need an FTE (Accounting Specialist I - \$39,324 plus \$17,762 fringe = \$57,086) to monitor these disbursements. (This will be allocated proportionately as a retention of interest earnings on state funds in accordance with Section 30.605 RSMo.).

Officials from the **Veterinary Medical Board** did not respond to our fiscal impact request.

FISCAL IMPACT - Small Business

No direct fiscal impact to small businesses would be expected as a result of this proposal.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
