## FISCAL ANALYSIS

### ASSUMPTION

Officials at the **Missouri Department of Transportation (MoDOT)** assume the Unified Carrier Registration (UCR) Agreement was established in the federal UCR Act of 2005, as part of the Safe, Accountable, Flexible, and Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) (Public Law 109-59, August 10, 2005). The UCR Act repeals and replaces the federal Single State Registration System (SSRS), the current system under which the states operate, effective January 1, 2007.

Upon the January 1, 2007 repeal of SSRS, states operating under SSRS will be prohibited from continuing to collect interstate regulatory license fees and regulatory license fees from interstate motor carriers that are exempted from SSRS, regardless of whether or not the state has joined the UCR Agreement. This legislation is necessary to allow the State to participate in the new Federal registration act "UCR" and continue to collect fees. If Missouri does not pass this legislation, we will be prohibited from future participation.

Passage of this bill will allow MoDOT to continue to collect an estimated \$2,342,000 in registration fees. If this legislation does not pass, Missouri forfeits the registration fees to another state who does participate in UCR. MoDOT assumes no fiscal impact as long as this legislation passes. If not the department will have a \$2,342,000 loss in registration fees annually.

Officials at the **Missouri Highway Patrol** and **Department of Revenue** each assume there is no fiscal impact to their departments from this proposal.

**Oversight** assumes that the state will comply with federal law and not lose the annual registration fee revenues.

Officials from the **Office of the Secretary of State (SOS)** state many bills considered by the General Assembly include provisions allowing or requiring agencies to submit rules and regulations to implement the act. The SOS is provided with core funding to handle a certain amount of normal activity resulting from each year's legislative session. The fiscal impact for this fiscal note to the SOS for Administrative Rules is less than \$2,500. The SOS recognizes that this is a small amount and does not expect that additional funding would be required to meet these costs. However, the SOS also recognizes that many such bills may be passed by the General Assembly in a given year and that collectively the costs may be in excess of what the office can sustain with the core budget. Therefore, the SOS reserves the right to request funding for the cost of supporting administrative rules requirements should the need arise based on a

review of the finally approved bills signed by the governor.  
ASSUMPTION (continued)

**Oversight** assumes the SOS could absorb the costs of printing and distributing regulations related to this proposal. If multiple bills pass which require the printing and distribution of regulations at substantial costs, the SOS could request funding through the appropriation process

<u>FISCAL IMPACT - State Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010

<u>FISCAL IMPACT - Local Government</u>	FY 2008 (10 Mo.)	FY 2009	FY 2010

FISCAL IMPACT - Small Business

Missouri's motor carriers would be required under federal law, to register under the UCR with a participating state, if such carrier operates in interstate commerce. The impact is due to federal law, not the state legislation.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
