FISCAL ANALYSIS

ASSUMPTION

Officials from the **Department of Health and Senior Services** and **Public Service Commission** assume no fiscal impact to their agency.

Officials from the **Department of Natural Resources** assume this proposal would establish a new state-funded grant program for construction and demolition waste reduction. The Department of Natural Resources would be tasked with administering the new grant program. Section 260.225.1(9) of this proposal states that the new program would be subject to appropriation. The proposed legislation does not establish a new source of revenue.

| <u>FISCAL IMPACT - State Government</u> | FY 2008 (10 Mo.) | FY 2009 | FY 2010 |

| <u>FISCAL IMPACT - Local Government</u> | FY 2008 (10 Mo.) | FY 2009 | FY 2010 |
|---|---------------------|------------|------------|
| | <u>\$0</u> | <u>\$0</u> | <u>\$0</u> |

FISCAL IMPACT - Small Business

Potentially. Small construction and demolition (C&D) businesses may not have to pay as much for disposition of C&D waste. Typically, recyclers charge less to recycle than landfills charge to dispose of this waste.

FISCAL DESCRIPTION

The proposed legislation appears to have no fiscal impact.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
