FISCAL ANALYSIS

ASSUMPTION

In a previous response to this proposal officials at the **Missouri Department of Transportation (MoDOT)** assume the language in this bill does not require installation of signing. If it is the intent to provide highway signing, the total cost of two signs, one for each direction will be \$2,200 for the "John Oliver Jr. Memorial Highway". This includes fabrication, installation and maintenance. In addition to these costs, MoDOT will have to maintain the signs for as long as they are up. The bill indicates no type of reimbursement. Therefore it is implied that MoDOT will pay for these cost in addition to ongoing maintenance costs.

The language in this bill does not require installation of signing for the "Sergeant Dewayne Graham Jr. Memorial Highway". If it is the intent to provide highway signing, the total cost of two signs, one for each direction will be \$2,200. This includes fabrication, installation and maintenance. In addition to these costs, MoDOT will have to maintain the signs for as long as they are up. The bill indicates the Missouri Troopers' Association will pay for the signs. In the past the Missouri State Troopers' Association has only paid for the signs for one designation for each fallen trooper (Section 227.359 already designates two bridges for Sgt. Graham.) We are unsure if the Missouri Troopers' Association will pay for these signs as they have already paid for the signs in 227.359. We have tried to contact the Troopers Association but have not heard back yet.

Officials at the **Missouri Highway Patrol** assume that there is no fiscal impact from this proposal.

Oversight assumes that since this proposal does not designate who will pay the cost of the "John Oliver" signs that MoDOT will pay out of the Road Fund the cost of the signs and maintenance. Since the Missouri Troopers' Association has not agreed to pay for additional signs for Sgt. Graham it is assumed that MoDot will pay out of the Road Fund the cost of the signs and maintenance.
