**FISCAL ANALYSIS**

ASSUMPTION

Officials of the **Department of Natural Resources** assume no fiscal impact.

**Oversight** sent fiscal note response requests to several public water supply districts, and none have responded.

**Oversight** assumes there could be some election costs savings by lengthening the terms to every three years for directors from the date of being first elected rather than under the current staggered election cycle. **Oversight** would expect election costs savings per water district to be minimal.

FISCAL DESCRIPTION

This act modifies the length of term for directors of public water supply districts elected in 2008, 2009, and 2010, due to a change in the date of their election from June to April in statute.

This legislation is not federally mandated, would not duplicate any other program and would not require additional capital improvements or rental space.
